Programs by Area of Interest

Camden County College offers academic degree programs leading to Associate in Arts (AA), Associate in Applied Science (AAS), Associate in Fine Arts (AFA), and Associate in Science (AS) degrees. In addition, we offer a number of certificate programs that provide training for specialized occupations. The academic degree programs are classified as Career, Transfer, or Certificate programs. Career programs (AAS) prepare students for entry-level employment in an occupation which requires both theoretical knowledge and practical skills. Transfer programs (AA, AS, AFA) are designed primarily to enable students to enter the third year of baccalaureate study at four-year colleges and universities. Certificate programs (CT) are less than two years in length and provide training for specialized occupations.
