Academic programs at Camden County College are among the most diverse and comprehensive in the country. Transfer programs prepare students for entry into a wide variety of baccalaureate programs. Career programs prepare students for entering the work place immediately after graduation.

The terms 'transfer' and 'career' simply describe the primary objective of the program. Students in transfer programs have successfully gained employment following graduation and graduates of career programs have successfully transferred to four-year colleges or universities with many of their Camden County College credits being accepted.

In general, the average degree program requires 64-66 credits for graduation. Degrees in some career professions may require additional credits.

GENERAL EDUCATION

Camden County College is committed to promoting intellectual development, aesthetic appreciation and cultural awareness. To that end, degree programs include a general education component. This component, offering choices among a variety of courses, focuses on reading analytically, communicating ideas clearly and solving essential mathematical problems. It is designed to ensure that students develop a broad base of knowledge and become proficient in the application of skills. At Camden County College, students have the opportunity to develop analytical, creative and evaluative thinking; scientific reasoning; artistic response and expression; historical consciousness; cultural awareness and sensitivity to the world around them.

Career Programs

Career Programs (A.A.S.) prepare students for entry-level employment in an occupation, which requires both theoretical knowledge and practical skills.

Transfer Programs

Transfer degree programs (A.A., A.S.) are designed primarily to enable students to enter the third year of baccalaureate study at four-year colleges and universities. Students who do not have the appropriate prerequisites may enroll in preparatory courses at the College.

Certificate Programs

Camden County College offers a number of certificate programs that provide training for specialized occupations. These certificates fall into two categories: Certificates of Achievement (CA) and Academic Certificates (CT). Academic Certificates include between 30 and 36 credits inclusive of six credits in general education (ENG 101 and a second general education course). Academic Certificates may have additional credits if there is an accrediting agency requirement that must be met.

Certificates of Achievement have less than 30 credits or more than 36 credits and do not have a general education requirement.

Preparatory Programs

Preparatory programs (Academic Skills and ESL) are designed for students who must complete specific preparatory courses or prerequisites. Students completing courses in these areas move on to regular college courses.

PROGRAMS OF STUDY

The section beginning on page 8 lists the curricular offerings in detail. Students are urged to become familiar with the requirements of the curriculum and to consult regularly with an academic/faculty advisor. Course descriptions begin on page 171. A complete list of electives begins on page 241.

UNDECLARED MAJOR

UND Matriculated/Undeclared Academic Program

Programs by Area of Interest

Camden County College offers academic degree programs leading to Associate in Arts (AA), Associate in Applied Science (AAS), Associate in Fine Arts (AFA) and Associate in Science (AS) degrees. The academic degree programs are classified as Career or Transfer programs. Career programs (AAS) prepare students for entry-level employment in an occupation which requires both theoretical knowledge and practical skills. Transfer programs (AA, AS, AFA) are designed primarily to enable students to enter the third year of baccalaureate study at four-year colleges and universities. In addition, we offer a number of certificate programs that provide training for specialized occupations. Academic Certificates (CT) are usually between 30 and 36 credits with a requirement of six credits of general education. Certificates of Achievement (CA) can have less than 30 or more than 36 credits but do not have a general education requirement.

⁴Students must also apply directly to School of Nursing

Policy on Non-Discrimination in Educational Programs

Camden County College complies with Title VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Older Americans Act of 1975 and New Jersey's Law Against Discrimination. These laws prohibit discrimination on the basis of race, creed, color, national origin, nationality, ancestry, age, marital status, affectional or sexual orientation, sex, familial status, domestic partnership status, disability and handicap. Decisions on admission, recruitment, financial aid programs, access to course offerings, or other aspects of its educational programs or activities, including vocational programs and vocational opportunities, are not made on the basis of any of these factors. Inquiries regarding these laws may be directed to the Executive Director of Institutional Compliance, Wilson Hall West, Room 103, Camden County College, P.O. Box 200, Blackwood, NJ 08012, (856) 227-7200, extension 4752 or to the Secretary, Department of Education, Washington, DC 20201.
