SPECIAL INTERESTS & ARTS

Introduction to Drawing (Ages 7-9)

In this fun and challenging class, children will develop skills to utilize a variety of drawing techniques and basic composition while experimenting with different media. Individual attention will be emphasized with each student to develop drawing skills. Supplies such as colored pencils, charcoal, markers, and drawing paper will need to be purchased by students. The instructor will provide a short list of these materials to students at the first class.

Cost: \$50

Intermediate Drawing (Ages 7-9)

Students should complete Introduction to Drawing or have developed drawing skills prior to enrolling in this intermediate class. In this fun and challenging class, children will continue to refine their skills using the drawing techniques and basic composition learned in the beginning class. Individual attention will be emphasized with each student to advance on the development of their drawing skills and techniques. Supplies such as colored pencils, charcoal, markers, and drawing paper will need to be purchased by students. The instructor will provide a short list of these materials to students at the first class.

Stretch-n-Grow (for children 3-6 years of age)

This class is a young child's fitness and exercise program. Stretch-n-Grow utilizes health and nutrition lessons, music, stories and games. The fitness program consists of a warm up exercise, an endurance routine, and a cool down activity. Stretch-n-Grow will encourage children to eat healthfully, and give examples of such. Weekly and monthly handouts keep parents informed on what the children have learned, and encourage healthy choices that can be made at home. There is an additional \$10 one-time materials fee payable to Stretch-n-Grow instructor at first class.

ABRAKADOODLE ART ENRICHMENT

In Abakadoodle kids explore, create and learn in action-packed programming filled with color, texture, shape and fun! The program is carefully designed to promote creativity and imaginative thinking and we are dedicated to providing educationally rich visual art experiences for children. Abakadoodle uses only child-safe, high quality Crayola® art materials and most creations go home in a brightly colored FrameDoodle. Abakadoodle is a perfect match for both new and experienced artists!

Join Camden County College and Abakadoodle on an Art-rageous adventure which will SPAN the world as we explore exciting new creative art forms. During our travels, we will visit the land of mummies as we learn about bold art created by ancient Egyptians, then it is off to the French countryside to create soft watercolor paintings in the style of Pierre Bonnard. The fun doesn't stop there! Also featured is Portuguese artist Leonor Brazão who enjoys creating art that is inspired by music and full of movement. We will be using fun materials such as Model Magic®, Tempera Paint, and Watercolor Paint.
