Multimedia Design Certificate

Looking to launch your career in multimedia art and design? This nationally recognized Multimedia Design Certificate program equips you with fundamental technical and conceptual skills for this challenging interdisciplinary environment. As a student, you'll gain proficiency in the core tools for interactive development: Adobe Photoshop, Flash, and After Effects, and learn to shoot digital video and edit it in Avid or Final Cut Express. You'll learn how to create images, animations, interfaces, and motion graphics for Web-based multimedia. Hands-on projects focus on essential skills and provide experience in working in a broad range of media. Class assignments include digital image retouching and compositing, Flash animations and interfaces, scripted and documentary video-making, color and typography studies, Flash site development, and motion graphics. For course details, visit www.gatlineducation.com.

Cost: \$3,195
