

Camden County College
Division of School & Community Academic Programs

COLLEGE NOW
--CAMPUS COURSE PROCESS

College Now-Campus Courses is one of four programs that provides high school students the opportunity to enroll in college courses at Camden County College (CCC) while in high school. Students may bank the credits earned through this program for future enrollment at CCC or transfer to other colleges and universities. Interested students and parents must follow the steps below before registering for courses.

- Step 1** **Obtain a letter of recommendation** from their high school guidance counselor or principal. This letter must be on school letterhead. Students who are **home schooled** must notify their local school district, in writing, of their intention to register at Camden County College. A copy of this letter must be submitted to the Division of School & Community Academic Programs at the time of the advisement appointment.
- Step 2** **Take the Accuplacer placement test.** This test is administered by the College's Testing and Assessment Center. Students who score 530 or higher in mathematics and/or score **540** or higher in Critical Reading on the SAT are exempt from taking those respective portions of the test. Official College Board documentation must be submitted to the College's Office of Testing and Assessment to receive this exemption.
- Step 3** **Schedule an advisement appointment** with an administrator in the Division of School & Community Academic Programs. A parent/guardian must accompany the student at this appointment.
NOTE: Steps 1 and 2 *must* be completed prior to the advisement appointment.
- Step 4** **Complete required college forms:**
- Application for Admission
 - Parent/Guardian Permission Form
- Step 5** **Obtain authorization to register.** The Division of School & Community Academic Programs will review the related documents and the student's eligibility for the College Now Program will be determined. Eligible students will be given authorization to register for a maximum of two (2) courses per semester, totaling no more than eight (8) credits per semester.
- Step 6** **Complete the registration form and make payment** to the College Business Office for all applicable fees. Students enrolled in the College Now Program will receive a significantly reduced tuition rate. *College Now students are not eligible for financial assistance while in high school.*

NOTE: Eligible students, with the permission of their school district, may elect to complete their senior year course work at Camden County College.

All requested documents must be submitted to the Division of School & Community Academic Programs. For further information and/or to schedule an advisement appointment, contact Margo Venable, Director, College/High School Partnerships, Division of School & Community Academic Programs at (856) 227-7200, ext. 4283.
