

Unemployed? Seeking a new career opportunity?

Camden County College, the NJ Department of Labor and Workforce Development and the Camden County WIB are hosting a free information session on training and career opportunities as an Electro-Mechanical Engineering Technician.

Where: Camden County College Blackwood Campus, Connector Building

When: Friday, November 6, 2009 at 11 a.m.

Stop by and meet the Dean of Business, Computers and Technical Studies, Dr. Mel Roberts, Dean Bill Mink, employers and representatives of the Department of Labor and Workforce Development

Training begins on November 30, 2009 and is designed to prepare students for positions as support technicians in the electrical and mechanical engineering fields. The training is conducted in five sequential modules (1) Electrical and Electronic Concepts, (2) Motors, Controllers and Sensors, (3) Programmable Logic Controllers, (4) Advanced PLC Programming and (5) OSHA Compliance. All classes will be held at the Blackwood Campus.

Tuition will be covered by the NJ Department of Labor & Workforce Development if you qualify as an unemployed NJ resident. Department representatives will be available at the information session to answer any questions you may have and determine your eligibility.
