In order to qualify for financial aid (and admission if you are younger than 18) you must have a High School Diploma, a GED or a passing score on the ATB test as above. The FAO cannot waive the ATB, GED, or High School Diploma requirement.

ATB Test

The ATB test consists of three sections: reading, sentence sense and arithmetic. **You must meet or exceed the minimum score on each test to pass. If you do not meet or exceed all three passing scores, you must take the entire test over again.**

**You may only retake the test one time within a 3-month period.
You must wait at least 2 weeks after the initial test to retake the test.**

Students can demonstrate 'Ability To Benefit' from financial assistance by taking the Accuplacer (ATB) test and scoring at least 55 in Reading Comprehension, 60 in Sentence Skills, and 34 in Arithmetic. These scores indicate that students have the Ability To Benefit from college enrollment, in spite of the fact that they do not have a high school diploma or GED. For more information about the Accuplacer Test, visit the college Web site: www.camdencc.edu or call (856) 227-7200, ext 4710.

You will receive your scores immediately after taking the test, and your scores will be recorded in the College's database. If you passed the test, and met all other program eligibility requirements, you may be eligible for financial aid.

If you have to retake the test, we suggest that you enroll in an adult education or GED class, hire a tutor or study on your own before taking the test again. A list of adult (GED) education programs appears below.

The test is available at the Blackwood, Camden and Cherry Hill testing locations during the scheduled placement test walk-in hours.

Blackwood: Monday 10am-2pm, Tuesday 12:30pm-3pm, Wednesday 10:00am-2:00pm, Thursday 12:30pm-6pm
