You must matriculate in a degree program and must maintain Satisfactory Academic Progress (SAP\*) in order to be eligible for financial aid. The SAP policy requires that you maintain a specified minimum grade point average (usually 2.0) and a minimum 67% rate of credit completion.

If you are eligible for financial aid (including grants, scholarships, loans, tuition waivers, and work-study), you are required to remain enrolled in your classes in order to receive those funds. If you never attend, cease to attend, withdraw, or receive “F”s”, “W, s”, “NA”s”, or “XA”s”, you will jeopardize your financial aid for both current and future semesters.

If you fail to remain enrolled in and attend at least one course until the end of the semester, the college is required to reduce or cancel your financial aid and to retroactively remove it from your account. If your financial aid is reduced or cancelled you will remain personally responsible to pay for all outstanding tuition, fees, book voucher and stipend amounts that you incur at Camden County College. For more information about how your attendance impacts your financial aid eligibility please read the SAP policy in the Financial Aid Handbook.
