

## **World class skills training paid for with grant funds from the government.**

**Government grants are NOW available** to help offset the cost of implementing essential training programs. Expert grant writers are on-staff at Camden County College, ready to assist you in tapping public funding.

### **Take advantage of our FREE training needs assessment.**

Working hand-in-glove with your Human Resources Staff, the College will share its experience in detecting needs, establishing objectives and assigning training priorities.

The college has expertise in customizing and delivering occupational training programs; including but not limited to:

- |                           |                     |
|---------------------------|---------------------|
| Marketing & Sales         | Project Management  |
| Customer Service          | Lean Manufacturing  |
| Supervisory & Leadership  | Six Sigma           |
| Human Resource Management | Communications      |
| Teambuilding              | Workplace Literacy  |
| Computer & Technical      | Occupational Skills |

### **Scheduling is flexible.**

Training can be delivered at your location or ours, any time of the day, any day of the week.
