TOTAL CREDITS		60	

PROGRAM DESCRIPTION

The growth of the Internet has increased demand for graphic designers with web capabilities. This degree will train students to have a competitive edge in this market. It will prepare students for jobs in web and interactive media design. It focuses on the design aspects of creating interactive web pages and on the artistic development of effective websites.

PROGRAM STUDENT LEARNING OUTCOMES

- At the end of the program, the graduate will be able to:
1. Produce high-quality, web enabled graphics.
 2. Develop all types of graphic media including; web pages, internet marketing material, advertising and instructional material.
 3. Plan, design, implement, test and maintain effective interactive sites and animations.
 4. Use industry-standard tools and languages for website and interactive media creation.
 5. Create a professional portfolio of interactive and web design samples.
