CAMDEN COUNTY COLLEGE provides members of the community an opportunity to complete workforce and occupational training, earn career and technical education credentials and certifications or enroll in personal enrichment courses through its many workforce training and continuing education offerings.

Camden County College offers short-term career, technical and workforce training programs that can be completed in 10 months or less and are designed to prepare students to enter in-demand occupations. As an additional benefit, students who successfully complete many of these programs earn college credits which can be applied toward a Camden County College Associates and/or Academic Certificate creating a seamless career pathway towards earning a degree at Camden County College.

Personal enrichment courses are dedicated to fulfilling a part of the College's mission by offering courses and programs which will provide cultural, social and recreational activities to the community.

REGISTRATION

Monday through Thursday 8 a.m. – 5 p.m.
(extended hours in Blackwood until 6:30 p.m.)
Friday 8:30 a.m. – 3 p.m. in Blackwood & Camden

MAIL-IN
Use the registration form on page 4. Payment for mail registration may be in the form of check, Visa, Discover, MasterCard or American Express. Mail completed form and payment to:
Camden County College
Workforce Training & Continuing Education
PO Box 200, College Drive
Blackwood, NJ 08012

FAX-IN
(FOR CREDIT CARD PAYMENT ONLY)
Complete the registration form and fax to us with your credit card information: (856) 374-4866.

CLASS CONFIRMATION
A confirmation letter will not be sent upon receipt of your registration. If you prefer you may call us at (856) 874-6004 to confirm that your registration has been received.

TUITION AND FEES
Tuition and fees for Continuing Education courses are listed with the course descriptions. Tuition is the same for In-County and Out-of-County residents. Pricing Disclaimer: Please note that program prices stated herein are subject to change without prior notice. Please see payment options.

REFUND/CANCELLATION POLICY
You will receive a 100% refund if you withdraw five or more days before the first class starts. You will receive a 50% refund if you withdraw four days or less before the class starts. The 50% refund will be issued through the first day of class. After the first day of class, there is no refund. To obtain a refund, please call our office at (856) 874-6004 to receive a “Request for Refund” form. Specialized refund policies may apply to courses. The college reserves the right to cancel a course when registrations are less than the minimum required. Tuition and fees are refunded in full if the course is cancelled by the college. The college also reserves the right to change the time, location, and/or instructor. If enrolled in a bundle, the start date for refund purposes is the first day of the first course.

(continued on next page)
SENIOR CITIZEN REGISTRATION
Senior Citizens 65 years of age or older may enroll in continuing education courses at a 50% discount on course cost on a space available basis. You must register for classes the day before the course is scheduled to begin. Some courses and programs may not qualify for the discount; please ask upon registration for those eligible.

PARKING POLICY
No parking permit is necessary; however, you must park in white-lined, student spaces only.

ATTENDANCE POLICY
Specified Continuing Education courses require mandatory attendance. Students missing more than 5% of the total class hours or one full class session, whichever is greater, may not be issued a certificate of completion.

INCLEMENT WEATHER/EMERGENCY CLOSING
When bad weather or an emergency necessitates cancelling classes, Camden County College will inform faculty, staff, and students of the closing through announcements on local television news stations and/or the College’s website. Please note: programs scheduled at offsite locations may have additional or alternate closing instructions. If the weather gets progressively worse during the day, check again at midday and late afternoon for updates on closings.

LIFETIME LEARNING TAX CREDIT
As a Continuing Education student, you may be eligible for the lifetime learning tax credit. For additional information please consult your tax advisor or visit http://www.irs.gov/instructions/i8863/ch01.html.

CONTINUING EDUCATION UNITS (CEU)
The CEU recognizes persons continuing their education and keeping up to date in the latest technology in their fields. One CEU is awarded for every ten hours of instruction. CEU may be awarded for academic credit courses which meet the CEU criteria; however, individual participants will not receive both CEU and academic credit.

CLASS LOCATIONS
Classes are held at the Blackwood Campus [BLK], William G. Rohrer Center [ROH] (1889 Rte. 70 East, Cherry Hill), Camden City Campus [CAM], Camden County Emergency Training Center [RETC] (420 N. Unemployed and Ready to Work? We Can Help!

If you meet the above criteria and are Ready to Work Please register today at http://rtwnj.org
Prospective students will get a one-hour window of time to come in and get a hands-on look at the trade they are considering. All "Test Drive" hours will be while the class is in session so times per class will vary. Anyone interested in participating should call 856-874-6004, email tradetraining@camdencc.edu, or visit www.camdencc.edu/ce. RSVP's are required for participation. Test drives are subject to cancellation if the class does not run due to low enrollment.

Registration is currently open for the December test drive. Registrations for the April test drive will open in early 2018. The classes that are participating include: AutoCAD, Auto Collision Repair & Refinishing Technology, Automotive Technology, Baking & Pastry, Carpentry, Certified/Registered Medical Assistant, Computer Technician Support Specialist, Cosmetology, Culinary Arts, Dialysis Technician, Electrical Residential, HVAC, Manufacturing, Microsoft Office Specialist, Patient Care Technician, Pharmacy Technician, Veterinary Exam Room Assistant, and Welding.
Certified/Registered Medical Assistant [A]

This Certified/Registered Medical Assistant program offers a six-month curriculum structured to provide all of the competencies necessary to pass the RMA exam. This program is designed to train students as multi-skilled professionals who will assist the physician in patient-care management and education. This course includes classroom and lab instruction, as well as a five-week externship component.

Students will learn to perform a variety of administrative and clinical duties. Venipuncture, vital signs, urinalysis procedures, sterilization techniques, hematology, tray setups, and patient preparation are examples of the clinical duties that the Medical Assisting student will be trained to perform. Students will also learn diagnostic procedures, medical terminology and anatomy and physiology.

The graduates of the Medical Assistant Program at the Technical Institute of Camden County College are eligible to take the RMA certification examination upon graduation. The RMA (Registered Medical Assistant) exam is administered by American Medical Technologists (AMT). Although some credentials use “certified” and some use “registered,” all AMT members are considered “certified.”

*Externship days and times may vary and may not follow class schedule.*

Dates: 2/12/18-8/22/18 (inclusive of externship)
Days: Monday, Tuesday, Wednesday, Thursday
Times: 8 a.m.-3 p.m.
Hours: 720
Course #: CE.TRD-030
Cost: $6,385 (Tuition $4,000, Lab $1,835, Books/Supplies $550)
Location: CAM
Fall Start Date: 9/10/18

*Online registration is NOT available for this program. Applicants must obtain a registration packet prior to registering for this program. Registration packets are available via e-mail or US Mail. To request a packet please e-mail tradetraining@camdencc.edu or call 856-874-6004.

No information session required for admission.

Certification exam not included.
Dialysis Patient Care Technician [C] [A] PROGRAM ENHANCED

This program offers a five-month curriculum designed to prepare the student for an entry-level position as a Hemodialysis Technician. The program will allow the student to progress through a standard dialysis facility orientation program at an accelerated rate by providing an extensive theoretical knowledge base and clinical practice in a laboratory setting. Dialysis clinic visitations will be scheduled for the purpose of observation and clinical conference. Courses to provide basic knowledge related to Nursing Principles and Practice, Anatomy and Physiology, Phlebotomy, EKG and Medical Terminology are included in the curriculum as well. The Hemodialysis Technician is an important member of the Renal Care Team. Responsibilities include performance of routine dialysis procedures and patient care under the direction of a Nephrologist and supervision of an RN. Students who complete the Dialysis Technician program at the Career and Technical Institute of Camden County College are eligible to take the internationally recognized CHT (Certified Hemodialysis Technician) exam, through Bonent. No externship or work experience is required for this certification for CCC’s Dialysis graduates. In addition, students are eligible to take the CCHT (Certified Clinical Hemodialysis Technician) exam, through the Nephrology Nursing Certification Commission (NNCC) upon completion of an externship or six months of work experience.

Dates: 2/20/18 - 6/29/18
Days: Monday, Tuesday, Wednesday, Thursday, Friday
Times: M, R, F 8:30 a.m.-3:30 p.m.; T, W 12 - 8 p.m.
Hours: 650
Course #: CE.TRD-070
Cost: $7,550 (Tuition $4,000, Lab $2,500, Books/Supplies $1,050)
Location: BLK & CCTS-GT
Fall Start Date: 9/10/18

*Online registration is NOT available for this program.
Applicants must obtain a registration packet prior to registering for this program. Registration packets are available via e-mail or US Mail. To request a packet please e-mail tradetraining@camdencc.edu or call 856-874-6004.
No information session required for admission.

Medical Terminology
This is a comprehensive and fun course for those already working in the healthcare field, those aspiring to work in the healthcare field or for self-enrichment to help people understand and manage their own health. Students will learn to pronounce, define, spell and analyze medical terms along with an overview of corresponding anatomy.

MORE INFORMATION: 856-874-6004 OR WWW.CAMDENC.CC/CE
Patient Care Technician [C]
The Patient Care Technician Program is designed to prepare students to train for one of the fastest growing professions in the health care industry today. The program focuses on building a complete and solid foundation for students in both classroom theory and hands-on clinical components. Students will build skills in basic and complex key concepts of anatomy and physiology; cardiac function; performing EKG; growth and development; phlebotomy; nursing care; nutrition; therapeutic communication; psychology; and critical thinking. Individuals prepared through the Patient Care Technician program may seek employment in acute care hospitals, sub-acute care facilities, outpatient laboratories, cardiac rehabilitation centers, and various other healthcare providers. Please note: Clinical placement is not guaranteed and will be awarded at the discretion of the clinical facility.

Includes NHA CPT/C exam voucher Admission requirements (complete prior to registration):
- Students must be high school graduate or possess a GED
- Students must be 18 years of age
- Special program admission requirements. This information is provided in the registration packet

Cost: $500 3/7/18 - 4/18/18

Pharmacy Technician
This comprehensive course is for those interested in entering the world of pharmacy as a Pharmacy Technician. Upon completion of this course, students will be prepared to sit for the Pharmacy Technician Certification Board exam as well as be in a competitive position to seek employment in the field. Course content will include pharmacy law, interpreting prescriptions and computer entry, defining drugs by brand and generic names, ethics, inventory control, routes of administration, and side effects of medications. This course will also focus on mathematical calculations as they relate to dosage conversions and calculations and IV flow rates. It is suggested that individuals have a high school diploma or GED to enter the program due to the reading and math requirements of the course. Students are asked to bring a calculator to class.

Cost: $1,295 (Tuition $1,000; Books/Supplies $295)

Critical Care Technician
Taking patient care technicians to a more intense level by preparing graduates to work in an ICU environment. Students can expect to learn: Arterial and central venous pressure line set-up, Ventriculostomy set-up, swan-ganz catheter set-up, advanced airway and infection control, advanced wound staging and care, drips and drugs used in critical care, arctic sun and zoll hypothenusia set-up, and theory for invasive hemodynamic monitoring. 

Pre-requisite: Minimum requirements - HS Diploma or GED and successful completion of one of the following programs: Certified/Registered Medical Assistant, Dialysis Patient Care Technician, Multi Skilled Technician, Patient Care Technician or hold the affiliated certifications. 4.9 CEU’s.

Cost: $500 (Tuition $425; materials & text $75)

Ophthalmic Exam Review
This is a non-credit course designed as a review for the New Jersey Ophthalmic Dispensers Licensing Examination. The review will cover the fabrication, neutralization, and dispensing portions of the exam. Attendees will have an opportunity to practice any areas they desire. Students are expected to already have the skills and knowledge to process a fabrication order for eyeglasses from start to finish. Students are required to bring all of the hand tools necessary to participate with each desired area such as: marking pen, lens marking pen, millimeter ruler, screwdrivers, adjusting pliers, protective eyewear, etc.

***This course does not assist with educational requirements for eligibility to attempt any state or national licensing exam. This is considered a non-credit course for exam review and practice only.

Cost: $75 BLK

Spring dates will be available in early 2018. Please call 856-874-6004 or visit www.camdencc.edu/ce for spring/summer dates.
Be the Boss – Your Healthcare is Your Business

Dealing with multiple medical specialists for acute or chronic conditions can be quite challenging and overwhelming, but it doesn’t have to be. It’s important to treat your body as your business. You have invested a lot of time and effort into your physical and emotional health throughout the years. Don’t give up that ownership now! Suzi Abrams, RN, will teach you to ask the right questions to the medical professionals – and get the answers you are looking for. This class will help you be the best advocate you can be for your own healthcare, by improving your experiences in today’s healthcare system.

Basic Video Production and Producing 101

In this hands-on Videography training class, you can work on the technical and creative side of DSLR video (or any other video camera you may have!). You will learn from an industry expert how to go from pre-production to post-production while working hands-on with real equipment and scenarios. We will start with the design of your story, picking your locations, framing your shots, lighting your shots (if needed), using a green screen, mic’ing your subjects and capturing great footage using your video-capable DSLR (or any other video camera you may have). You will then put all the pieces together while enhancing picture and sound. The end file will be optimized for web and digital delivery.

- Pre-production
- Location Scouting
- Camera Setup
- Writing the Script
- Production
- Lighting the Scene

Understanding Reverse Mortgages

Forget what you once may have heard. Today’s version of Reverse Mortgages is a powerful tool that may be used to 1) eliminate current mortgage debt, 2) used to make home improvements, 3) assist in purchasing a new home, 4) provide money for health care expenses, or 5) become an integral part of your retirement plan. If you’re looking for ways to maintain or enhance your lifestyle in retirement, you should attend this workshop.

CE.SEN 025-01  3/27/18
1 session, 1.5 hours    T, 6:30-8 p.m.
$25    BLK

NEW

Save Money with Extreme Couponing!

Learn how to save money every day with extreme couponing. Coupons are not just for groceries. The savings can add up to hundreds or even thousands of dollars every year. This comprehensive workshop will teach you:
- Where to find all different types of coupons, even for high ticket items
- How to find the best coupon apps and websites
- How to match coupons with sales for maximum savings
- How to find other people to trade coupons and merchandise with

Feel free to bring your coupons to class for a trading session. This workshop is taught by someone who has used many coupons couponing secrets to save thousands. A mandatory $10 materials fee is payable to the instructor at the door.

Canine’s Uses of Scent, Energy, Posturing and Vocalization

This is an excellent class on pure leadership skills for you and what it truly means to a canine, placing you in the best role for both you and your dog to obtain a peaceful life together and securing a strong bond for life. This gives you the specific tools to start that life today! It’s an empowering and motivational class and will accomplish our goals in achieving more appropriate canine behaviors every day. You’re also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

Canine Cognition, Emotion and Social Behavior

How smart is your best friend? More research is being done to determine the amount of intelligence our dogs truly possess. Studies may surprise you! Learn just how intelligent your dog really is and how utilizing this information can help you to determine how to achieve a better bond and connection with your dog as well as achieving more positive behavior. Also, learn the importance of the emotional and social life of canines and how it greatly affects their interaction with us, each other and their environment, as well as how their survival depends on it. It’s interesting to note that they are the only species that can truly focus on a human, our gestures, our faces, even our eye movements! You’d be amazed at how they can learn and what they can do! Learn how this, as well as their social order, affects their overall behavior. You’re also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

CE.ALH 086-51 $20

T, 7-9 p.m.

Canine Aggression

This seminar can be lifesaving as it offers ways to help you and your dog to always remain safe. This class analyzes the many aspects and causes of various types of canine aggressive behavior; how it can be rehabilitated and in many cases averted. We’ll look at it from a professional behavioral standpoint as well as from the true canine perspective to understand why the negative behavior is truly the last resource for the dog. This class is an absolute must for anyone caring for or working with canines. You’re also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

Compulsive/Phobic Behaviors

Because of our fast-paced world, our dogs reflect us and are much more stressed too! This class defines and restructures certain behaviors that are anomalies in the canine world brought on by extreme stress, fear, trauma, anxiety, confusion and overexcitement. Rehabilitation is essential for focus and a return to a normal life for the canine. This is useful for anyone living or working with a dog with severe anxiety disorders. This seminar has been widely taken by veterinary techs and other industry professionals. You’re also invited to a complimentary Peace Walk for reactive dogs at a different location at the end of the semester.

CULINARY ARTS

Culinary Arts / Restaurant Operations [C] [A]

This program, under the direction of renowned Chef and cookbook author, Chef Joe Brown, is a hands-on instructional program designed to offer four levels of food service. The program includes, but is not limited to food preparation, service, and strategies for maintaining a successful career in culinary arts. Participants will enjoy a variety of culinary learning experiences that will enhance their future in the culinary arts field. In addition, students will be required to complete a 6-week 96-hour apprenticeship at an approved site and will receive the industry recognized Serv-Safe Certification as a result of their training. Program levels are listed below.

Level I Introduction (Safety and Sanitation, Basic Knife Skills, Measurements, Stocks and Sauces, MISE EN PLACE, Kitchen Lab)
Level II Foundation of Cooking (Soups, Sauces, Understanding Vegetables, Cooking Vegetables, Potatoes, Legumes, Grains, Pasta and other starches, Kitchen Lab)
Level III Methods of Cooking (Meats, Poultry and Fish, Roasting, Baking, Deep Frying, Sautéing, Salads and Salad Dressings, Understanding Basic Cuts of Meat, Cooking and Handling Meats, Understanding and Cooking Fish and Shellfish, Kitchen Lab)
Level IV Restaurant Readiness (Food Presentation, Production, Service, Kitchen Lab, Baking Basics, Menu Recipes and Cost Management)

Course #: CE.TRD-050 Days: Mon, Tues, Thurs, 6-9 p.m. Location: CCTS-GT Hours: 420

Cost and dates breakdown:
Level 1 - 2/26/18 – 5/24/18 - $1,475 (Tuition $725, Lab $200, Books/Supplies $550)
Level 2 - 5/29/18 – 10/25/18 (no school 7/3/18-9/6/18) - $900 (Tuition $700, Lab $200)
Level 3 - 10/30/18 – 1/31/19 - $925 (Tuition $725, Lab $200)
Level 4 - 2/5/19 – 5/7/19 - $900 (Tuition $700, Lab $200)
*books/supplies included with level 1 will be used throughout program and are not included in levels 2-4.
Baking & Pastry [C]
The Baking & Pastry Arts program at CCC is designed to teach an overview of the baking industry from the ground up. Students will be given training in the basics including: equipment identification, safety and sanitation, proper product usage, mixing methods for dough/batter preparation, cookie make-up methods, fillings & mousses, baking science & math, breakfast pastries, cake decorating, bread production, as well as production of chocolates, candies, and confections.

Dates: 9/10/18 - 6/4/19
Times: 5-9 p.m.
Cost: $2,800 (Tuition $1,500, Lab $750, Books/Supplies $550)

Introduction to Hot & Cold Appetizers and Sweet & Savory Salads
Enjoy making fantastic appetizers and salads that are sure to wow your guests, but are easy enough to make on a Friday night for the family. Veterans or newcomers to the kitchen will appreciate this hands-on class, learning techniques that take the guesswork out of preparation. Students will learn to prepare appetizers and salads that are perfect for cocktail parties or for serving before the main meal.

Dates: 5/8/18 - 5/29/18
Times: 6-10 p.m.
Cost: $120

Introduction to Broiling & Sautéing
Learn two classic cooking methods, sautéing and broiling. Observe how direct heat cooking methods work and when to use them. Students will explore what foods respond best to these methods, and how to utilize each technique. Learn restaurant style methods you can use at home. Pan sauces will be discussed, as they relate to sautéing.

Dates: 4/11/18 - 5/2/18
Times: 6-10 p.m.
Cost: $120

Cookies 101
Explore the basic techniques required to successfully bake a variety of delicious drop and shortbread cookies. This 16-hour course will highlight how to successfully and consistently mix and bake delicious cookies. Cookie varieties include, but are not limited to: chocolate chip, classic peanut butter, oatmeal raisin, oatmeal cranis, and shortbread sugar cookies.

Dates: 3/1/18 - 3/22/18
Times: 6-10 p.m.
Cost: $120

Healthy Cooking
This class focuses on making delicious and nutritious plant based recipes. Expand your food repertoire and your palate with this hands-on and fun course. A mini-mum of four different recipes will be prepared each class (appetizer, side dish, entrée and dessert). This course will help you understand the vital role of nutrition in your life and easy ways to implement whole, unprocessed foods into your diet. Students will learn how certain foods and nutrients work to promote health and fight disease, how to create healthy and balanced meals, the best foods to create optimum health and energy. Discover new foods, flavors, and information in a hands-on yet supportive setting. A $45 food fee is payable to the instructor the first night of class.

Cosmetology / Hair Stylist [L]
In just 10 months students are prepared to pass the NJ State Board of Cosmetology licensure exam. Camden County College Cosmetology students have achieved a 100% pass rate as a result of the training they receive from our industry experts.

The 1,000-hour program consists of classroom and hands-on training, performing basic designs on mannequins and patrons in a clinical salon setting, which is open to the public. Units of instruction include state laws, shop management, scalp conditioning, shampooing, hair styling and cutting, permanent waving, thermal waving, hair shaping, tinting, coloring, shaving, make-up application, facials, and chemistry. In addition, students are offered instruction in the styling and fitting of wigs and hairpieces. Camden County College is now offering a rolling admission schedule with multiple start dates to choose from. Students will complete their training 10 months after their respective start date.

Dates: 1/8/18 - 12/20/18
Note: no classes are held from 7/4/18-9/4/18
Days: Mon, Tues, Wed, Thurs
Times: 3-10 p.m.
Additional Start Dates: 2/5/18, 3/5/18, 4/2/18

Automotive Technology [C]
This program addresses the fundamental working principles of the modern automobile. Instruction is provided in an ASE (Automotive Service Excellence) certified shop with ASE certified instructors. Skills and theories in the program follow proficiencies outlined through NATEF (National Automotive Technical Education Foundation).

Included in this program are topics in vehicle construction and design as they apply to mechanical, hydraulic, and electrical system service. These sections include: engine design and operation, brake system operation and service, steering system service, suspension systems and alignment, engine control systems, electrical and electronic systems, tires and wheels. Also covered is an introduction to hand and power tools, shop equipment, hand held test equipment, and shop safety practices. Additional instruction is provided in fasteners, gaskets, seals and sealants used in the automotive trade, measuring instruments, service manuals, sources of electronic service information and technical certification requirements.

Students will take nationally recognized competency exams in Braking System Operation and Service, Electrical System Operation and Service, Engine Performance and Steering / Suspension/ Wheel Alignment systems. These exams are supported by ASE but are NOT the voluntary ASE Technician Certification Exams taken by technicians already employed in the automotive service industry.

Course #: CE.TRD-011
Hours: 382
Dates: 9/11/18 - 5/16/19
Days: T, W, R
Times: 5-9 p.m.
Cost: $3,000 – OSHA 10 certification included ($2,200 tuition, $350 lab, $450 books/supplies)
Location: CCTS-GT
Auto Collision Repair and Refinishing Technology (C)

Students will receive training in all phases of the auto body trade. This program focuses on panel installation, welding, straightening, aligning, and refinishing. Instruction on preparing estimates dealing with nomenclature and time factors will be provided as well. Students will learn how to use hand, electric and pneumatic tools, as well as the most up to date techniques and processes utilized in the field of auto refinishing. Successful graduates of this program may be eligible to seek certification sponsored by the National Institute for Automotive Service Excellence (ASE).

Course #: CE.TRD-010
Hours: 246
Dates: 1/22/18 - 5/24/18
Days: M, T, W, R
Times: 5-9 p.m.
Cost: $3,100 – OSHA 10 certification included ($1,850 tuition, $300 lab, $950 books/supplies)
Location: CCTS-GT

Gas Distribution Pipeline Mechanic Introduction Program

Enroll Today!
Train for high-paying union jobs in less than 3 months!

This hands-on program prepares students for entry-level employment in the natural gas industry. Learn how to perform tasks needed to install and maintain pipelines for natural gas distribution systems, which provide natural gas service to residential, commercial and industrial customers. This program was created by PECO in partnership with the Pennsylvania Collegiate Consortium for Workforce and Economic Development to meet the increased demand for skilled labor in the gas supply and distribution industry and to develop a program to bolster the local gas workforce.

Qualifications: Must be at least 18 years old, able to pass an aptitude test, possess valid driver’s license, pass drug test and physical, legally eligible to work in the United States. Funding for this training program, may be available to students who qualify.

For more information, call 856-227-7200, ext. 4048 or email customizedtraining@camdencc.edu.

ACADEMIC PATHWAYS FOR RETURNING PROFESSIONALS

The Technical Studies degree program (TES.AAS) recognizes that learning can occur in a variety of forums and that this learning may be equivalent to college-level instruction. After assessment of the certified union apprenticeship, corporate, industrial or military training program, the faculty assessor will determine the number of technical credits to be awarded. The remaining program includes the College’s general education requirements, advanced technical credits and career related electives (technical concentration).

CONTACT PERSON:
DR. LAWRENCE M. CHATMAN
COORDINATOR
(856) 227-7200, EXT. 4523
Heating, Ventilation, and Air Conditioning [C] [P]

Students will prepare for the EPA approved section 608 certification exams. Section 608 Technician Certification is required by the EPA in order to purchase CFC or HCFC containing refrigerants. Students will thoroughly study required material related to the theory of operations; including: safety, leak detection, heating systems (gas, oil, electric), combustion testing, heat pumps, refrigerant recovery and disposal, the national fuel code, oil heat servicing, hot water heat servicing, heat pump servicing. Hands-on training will reinforce material covered in theory classes. Computer based training is also provided for self-paced study opportunities. Additionally, students will take industry competency exams (I.C.E.) supported by NATE (North American Technician Excellence). These exams measure industry-approved standards of basic competency for entry-level technicians. Upon completion of the course, students will be certified and prepared to enter the trade with confidence in their understanding of HVAC concepts. Students who successfully complete this program may be credited hours towards the affiliated apprenticeship program.

Course #: CE.TRD-080
Hours: 382
Dates: 9/11/18 - 5/16/19
Days: Tues, Wed, Thurs
Times: 6-10 p.m.
Cost: $3,745 – OSHA 10 certification included (Tuition $2,620, Lab $330, Books/Supplies $775)
Location: CCTS-GT

Electrical – Residential [C] [P]

Students in this program will be taught extensive electrical theory. The core unit will be a hands-on approach emphasizing house wiring, branch circuits, wire sizing, cable layout, three and four-way switches and ground fault circuit interruption. Additional units include service entrance equipment and calculations which are coordinated with basic electrical theory. The student will apply electrical subject units, such as: commercial-residential electrical and architectural drawings; branch circuits and feeders; appliance circuits; lamps and lighting; and panel-board selection. Students will learn math as it applies to the electrical trade, which will include: addition, subtraction, multiplication, basic algebra and some trigonometry. Students who successfully complete this program may be credited hours towards the affiliated apprenticeship program.

Course #: CE.TRD-080
Hours: 382
Cost: $3,745 – OSHA 10 certification included (Tuition $2,620, Lab $330, Books/Supplies $775)
Location: CCTS-GT

Welding [C]

This program offers students the most up-to-date instruction in SMAW (Shielded Metal Arc Welding), GTAW (Gas Tungsten Arc Welding), GMAW (Gas Metal Arc Welding), as well as OxyFuel Cutting and Fabrication. Academic instruction includes math, blueprint reading, drawing interpretation, welding inspection, shop maintenance and most importantly, general hot work safety. Shop time focuses heavily on SMAW fundamentals with Mild Steel, although, as students progress through the program they can begin working with Stainless Steel and Aluminum utilizing the GTAW process. Students will proceed through each project at their own pace and receive individualized instruction regarding safety, quality and general welding techniques. The program is approved by the American Welding Society and adheres to all standards set forth by the AWS SENSE Level 1 Entry Welder and SENSE Level 2 Advanced Welder programs. Upon successful completion of this program, students may be able to graduate with AWS Qualifications and Certifications.

Course #: CE.TRD-130
Hours: 564
Dates: 9/10/18 - 6/20/19
Days: Mon, Tues, Wed, Thurs
Times: 6-10 p.m.
Cost: $4,700 – OSHA 10 certification included (Tuition $2,900, Lab $950, Books/Supplies $850)
Location: CCTS-GT

HVAC CONTRACTORS

New Jersey requires HVACR technicians to be licensed. Detailed information can be found by visiting www.nj.gov/lps/ca/HVACR. For an individual to be eligible to sit for licensure, they must complete a four-year apprenticeship PLUS one additional year of work experience before applying for examination. Alternatively, individuals with a Bachelor’s degree in HVACR and one year of experience OR a Bachelor’s degree in a related field and three years experience may apply for examination.

If an individual recently completed an HVACR program, the State will award up to two years of education credit toward the four years required in the apprenticeship program. The apprenticeship program, as determined by the Department of Labor, consists of four years in total. Apprentices are required to log 8,000 hours of on-the-job experience (2,000 hours per year) with a licensed contractor (sponsor) and at least 576 hours of classroom training (a minimum of 144 hours per year).

For more information contact (856) 227-7200, ext. 4069 or tradetraining@camdencc.edu.
CONSTRUCTION TECHNOLOGY

Carpentry Technology [C]
This program offers both a hands-on and textbook instruction, which requires problem solving and logical thinking skills. All phases of residential carpentry are addressed – from digging footings to finish trim. Units included are print drawing/reading, building location (surveying), estimation time/material, frame construction, roofing/siding, drywall and finish carpentry. Graduates are limited only by their own inventiveness. Any one or part of one unit covered during this program could be expanded into a career. Planning, estimation, drafting, framing, siding/roofing, drywall installation, trim/cabinet installation, painting, surveying, building supply or hardware store person are but a few possibilities.

Course #: CE.TRD-020
Hours: 382
Dates: 9/11/18 - 5/16/19
Days: T, W, R
Times: 6-10 p.m.
Cost: $3,200 – OSHA 10 certification included
(Tuition $2,500, Lab $350, Books/Supplies $350)
Location: CCTS-GT

Hydro Technology (Plumbing) [C] [P]
This program introduces students to all facets of the plumbing trade and will provide the basic skills needed for entry-level employment. Students will learn methods of installation, repair and plumbing maintenance. Theory-based instruction includes: basic trade competencies, trade mathematics, blueprint reading and drawing, as well as the National Standard Plumbing Code. Hands-on instruction will be given with the students participating in the actual layout, installation, and repair of plumbing systems, fixtures, and appliances. The tools, materials, and supervised projects assigned in class simulate actual conditions in the domestic and commercial plumbing industries. Students who successfully complete this program may be credited hours towards the affiliated apprenticeship program.

Course #: CE.TRD-120
Hours: 382
Dates: 9/11/18 - 5/16/19
Days: Tuesday, Wednesday, Thursday
Time: 6-10 p.m.
Cost: $3,745 – OSHA 10 certification included
($2,620 tuition, $350 lab, $775 books/supplies)
Location: CCTS-GT

WELDING CAREER PROGRAM
Open to unemployed and underemployed individuals.
This 210-hour training program is available for unemployed individuals with a high school diploma or equivalency degree. It teaches a wide range of hands-on skills and basic industry knowledge, including arc welding, welding fabrication, rigging, blueprint reading and math skills. Upon completion, students will be eligible for an entry-level position in the field. The training program offers career guidance and job placement assistance as well. For more information call 856-227-7200, ext. 4048 or e-mail customizedtraining@camdencce.edu.

According to the Bureau of Labor Statistics (BLS), the welding industry is expected to grow by 15 percent between 2010 and 2020, adding an estimated 50,000 new positions.
Apprentice courses are designed to aid apprentices both in theory and practical experiences to meet the requirements of US and NJ Departments of Labor. Emphasis is placed on those areas not normally covered in routine job performance. Apprentices are required to take a minimum of 144 hours of classroom instruction per year and 2000 hours of on-the-job training per year for the length of the apprenticeship.

Camden County College is proud to offer apprenticeship training opportunities in the areas of: Electrical, Plumbing, and HVAC. The apprentice program is a partnership between industry and educational institutions. In order to qualify for enrollment as an apprentice, it is necessary for the student to be employed in their chosen field. Apprentices MUST be registered with the US Department of Labor, Office of Apprenticeship, and with the NJ Department of Labor and Workforce Development.

All registered apprentices who successfully complete the on-the-job and related classroom training requirements are eligible to receive a Certificate of Completion from the U.S. Department of Labor, Office of Apprenticeship. Registered apprentices, who successfully complete the apprenticeship career related classroom instruction, are eligible to earn up to 30 college credits toward Camden County College's 60-credit Associates Degree in Technical Studies.

Enrolling in apprenticeship courses at the College DOES NOT automatically register students as apprentices. Employers (sponsors) and employees (apprentices) must contact the Apprenticeship Coordinator at Camden County College to facilitate the application process.

tradetraining@camdencc.edu  (856) 227-7200, ext. 4069

### Uniform Construction Code

Regulations of the New Jersey Uniform Construction Code require that candidates for licensure complete specified educational courses. The Division of Continuing Education at Camden County College has been approved by the New Jersey Department of Community Affairs (DCA) to offer these courses, which are conducted in accordance with N.J.A.C 5:23-5.20. These courses are open to anyone with an interest in construction and mandatory for those desiring licensure.

Courses must be taken in their proper sequence (RCS-ICS-HHS). Individuals who are not yet licensed at the RCS level will not be licensed at the ICS or HHS levels until the lower license requirements are fulfilled. The New Jersey State Dept. of Community Affairs offers a 75% tuition reimbursement for qualified applicants. Licensing questions and licensing application packet requests should be directed to the Licensing Unit at (609) 984-7834 or you may e-mail at codeslicensing@dca.state.nj.us. It is recommended that you review this packet before you undertake the course. Carefully review all state requirements for licensing and prior required job experience before registering for any course. Refunds on courses cannot be issued for failure to review the necessary requirements for course completion and licensing. You must pass the national exam in order to obtain the license with the DCA.

Students are required to purchase all required textbooks including the Uniform Construction Code Act and Regulations (blue book). Books can be ordered from the Department of Community Affairs at 609-984-0040.

In addition, students may be eligible to apply for the tuition remission program; see your instructor for details and necessary paperwork.

**ATTENTION STUDENTS** – Please note that the classes below reflect curriculum and hour modifications per the new regulation changes adopted by the Department of Community Affairs.

### Building Inspector RCS [L]

This course is designed to provide students with fundamental knowledge and educational experience required by the State of New Jersey for licensure under the title. This course covers all of the code requirements, with the exception of plumbing and electrical, for one and two family homes and small commercial structures. Topics include structural design and analysis techniques, wood framing construction and foundations, material standard, field identification of requirements, inspection techniques, tools and methods, etc. 9.0 CEU’s

Subcode Official [L]
This course is designed to prepare inspectors to become subcode officials. The class will cover subcode administration, legal aspects of code enforcement, and related legislation. Specific topics will include procedures and forms for permit application, stop orders, emergency situations, condemnations, case records, warrants relocation, housing maintenance, and legal rights of landlords and tenants. 4.8 CEU’s
CE.PRO 042-01 2/7/18 - 4/25/18
W, 6-10 p.m. 12 sessions, BLK
$345 (Textbook additional charge)

Construction Official
This course introduces inspectors and subcode officials to the role of the construction official. Topics will include office organization, purpose and fundamentals of code enforcement, procedures for processing cases, administrative hearings, records maintenance, and housing maintenance. 4.5 CEU’s
CE.PRO 048-51 2/8/18 - 5/17/18
R, 6 - 9 p.m. 10 sessions, BLK
$345 (Textbook additional charge)

Technical Assistant [L]
This course is designed to provide students with an overview of a wide variety of matters related to the creation and maintenance of New Jersey’s infrastructure with respect to issues such as the building of safe structures, maintenance and improvement of structures through issuance of permits, Certificates of Occupancy, violation notices, and stop-work orders. Specific subject areas will include computers, construction blueprint reading, UCC law and administration, construction fundamentals and code requirements, and technical problem solving. 4.5 CEU’s
CE.PRO 043-51 2/8/18 - 5/17/18
R, 6-9 p.m. 15 sessions, BLK
$345 (Textbook additional charge)

Construction Project Management Certificate
The certificate program is designed for contractors, sub-contractors, construction workers, building and facilities managers, owners and design professionals, and others in the field of construction who would like to improve their understanding of the construction management process and develop their abilities and skills for effective management of construction projects. The Construction Project Management Certificate program provides a descriptive breakdown of the management processes utilizing industry standard methods including the following:
- Introduction to the fundamentals of construction project management.
- Overview of the construction industry, basic understanding of a various disciplines, and functions of a construction manager.
- Understanding the use and development of the construction documentation, building drawings, and specifications.
- Scheduling design and construction activity.
- Management of Design and Construction administration services.
- Construction administration services and standard practices.
- Construction Project Control Methods and Information Management; including tracking, record keeping, shop drawing, submittal review, approvals, Quality Control, and Cost/Productivity analysis. 4.9 CEU’s
CE.PRO 044-51 2/7/18 - 5/9/18
W, 6-9:30 p.m. 14 sessions, BLK
$485

Elevator Inspector HHS
This course is designed to assist individuals in meeting the requirement needed to become certified elevator inspectors or as an aide to elevator safety mechanics. Topics include inspection, testing, rules and regulations for elevators, escalators, lifts, and other lifting and elevator equipment. In addition, the course will focus on planning and review of inspection techniques.
CE.PRO 041-51 2/5/18 - 4/23/18
T, R, 6-10 p.m. 23 sessions, BLK
$695 (Textbook additional charge)

MANUFACTURING TECHNOLOGY

Computer Numerical Control (CNC) is a type of machine tool control that automates the motion of machines such as lathes and mills. CNC machines are used in today’s job market to create precise parts at a globally competitive level. Career opportunities include titles such as operator, setup person, and programmer. Today’s machinists need to be well versed in CNC technology in order to ensure upward mobility in the career path.

CNC Operations [A]
This course is the entry level offering that trains students how to operate a CNC machine. Students will have the opportunity to physically setup both lathe and mill style machines. Machines utilized in the class are industry standard. 2.0 CEU’s
CE.MFG 003-51 1/18/18 - 2/20/18
T, R 5:30 p.m. - 8 p.m. BLK
$446 (Tuition $141; lab fees $215; text/materials $90)

CNC Programming [A]
This course is the second level offering that trains students how to manually program a CNC machine. Students will have the opportunity to manually write a CNC program and physically cut it on the machine. There will be mill program and one lathe programming example. 2.0 CEU’s
CE.MFG 004-51 2/22/18 - 3/27/18
(no class 3/13 or 3/15)
T, R 5:30 p.m. - 8 p.m. BLK
$446 (Tuition $141; lab fees $215; text/materials $90)

*If you are continuing from the spring 2018 CNC Operations class, the book fee for this class will be waived.

Mastercam Mill Level I [A]
This course is the first level Computer Aided Manufacturing (CAM) offering that trains students how to graphically program a CNC machine utilizing Mastercam software. Students will have the opportunity to operate a CAM software platform to create a CNC program and physically cut it on the machine. CNC mill examples will be used. 2.0 CEU’s
CE.MFG 005-51 3/29/18 - 5/1/18
T, R 5:30 - 8 p.m. BLK
$500 (Tuition $141; lab fees $234; text/materials $125)

SPECIALIZED MANUFACTURING & TECHNOLOGY

CNC/CAM Programming Project Study [A]
This specialized 60-hour course will focus on instruction in CNC machine setup and CNC manual programming for both mills and lathes. CAM programming concepts will be introduced using MasterCAM software. In addition, full 3D wire frames will be constructed and surfaced with all current surfacing technology. 6.0 CEU
Call 856-874-6004 for schedule.
CE.MFG 008 BLK
$3,999 (tuition $1995; lab fees $1759; text & materials $245)

NJ PLACE
Earn an associate degree and complete your apprenticeship at the same time with NJ PLACE. Through NJ PLACE, you can get college credit for your apprenticeship training, giving you a head start toward your degree. You’ll get immediate marketable skills in your occupation and the long-term career possibilities that a college degree opens up for your future.

For more information please visit ucc.rutgers.edu/nj-place.
Welcome to the new Advanced Manufacturing Talent Development Center at Camden County College, approved by the New Jersey Department of Labor and Workforce Development. The Talent Development Center will serve as a “Center of Excellence” and expand the capacity of the state’s education in Advanced Manufacturing and will emphasize partnerships, career pathways and industry valued credentials. Training is available for incumbent and dislocated workers statewide and is subsidized by the New Jersey Department of Labor and Workforce Development.

**EMPLOYERS**

Do your current employees need to enhance their advanced manufacturing skills? The Talent Development Center can deliver all subjects related to manufacturing. Listed below is a sampling.

- AutoCAD
- Blueprint Reading
- CNC
- Certified Production Technician
- Electro Mechanical
- Food Safety
- Geometric Tolerencing
- ISO
- Lean Manufacturing
- MasterCam
- Revit
- Solid Works
- Total Productive Maintenance
- Welding

**LOOKING FOR QUALIFIED EMPLOYEES?**

Does your company need qualified individuals with manufacturing skills? The Talent Development Center can help by:

- Recruiting Qualified Candidates
- Candidate Screening & Aptitude Assessment
- Candidate Training at CCC

**ARE YOU UNEMPLOYED & LOOKING FOR WORK?**

Program services are available for:

- Advanced manufacturing skills training
- Job Placement Assistance

**FOR MORE INFORMATION CONTACT**

INFORMATION TECHNOLOGY

Computer Technician Support Specialist (CTSS) [A] [C]
The CTSS Technology Career Track is designed to give someone with little or no computer experience entry level training. The skills learned in this track will provide students the ability to “get their foot in the door.” Proficiencies gained will be used in any hands-on technology specialty. This Career Track is great for those students who enjoy hands-on activities. 34.5 CEUs.

Courses Included: CompTIA A+ | Network+ | Security+
Certifications: A+ | Network + | Security+
Prerequisite: None, but preferred would be basic computer navigation and comprehension of basic terms.
2/5/18 - 6/5/18 (no class 5/28) M – R, 8 a.m.-1 p.m. ROH

INDIVIDUAL COURSES

A+ Certification by CompTIA [A] [C]
This CompTIA A+ Program prepares you for certification by providing instruction on system configuration, installation, upgrades, diagnosis, repair, preventive maintenance, and safety of vendor neutral PC Hardware. 14 CEU’s
• CompTIA A+ Operating Systems Certification
• CompTIA A+ Hardware Certification
CE.CST 012 140 hours
2/5/18 - 3/22/18 M – R, 8 a.m.-1 p.m. ROH
$2,200 (Tuition $1,240; Lab Fees $610; Materials & Text $350)

Network+ Certification by CompTIA [A] [C]
Network technicians need to be certified in order to advance in the industry. The marketplace is so starved for qualified personnel; a well trained certified technician can easily find work in the industry. Whether you're looking to upgrade your skills, advance your career, or start a career in networking then the Network+ certification course is for you. This course covers CISCO IOS. This is great preparation for the CCNA course! 8 CEU’s
• CompTIA NETWORK+ Certification
CE.CST 008 80 hours
3/26/18 - 4/19/18 M – R, 8 a.m.-1 p.m. ROH
$1,350 (Tuition $700; lab fees $445; Materials & Text $205)

Security+ [A] [C]
Security+ covers the most important foundational principles for securing a network and managing risk. Access control, identity management and cryptography are important topics as well as selection of appropriate mitigation and deterrent techniques to address network attacks and vulnerabilities. Security concerns associated with cloud computing, BYOD and SCADA are addressed. 12.5 CEU’s
CE.CST 033 125 hours
4/23/18 - 6/5/18 (no class 5/28) M – R, 8 a.m.-1 p.m. ROH
$2,075 (Tuition $1,190; Lab Fees $600; Materials $285)

BUNDLE: A+, NETWORK+ & SECURITY+ [A] [C]
Best value! Take all three for the CTSS Career Track and save $275!
CE.BUN 002 345 hours
$5,350 (Tuition $2,855, Lab Fees $1,655, Materials & text $840)
Not eligible for Senior Citizen discount.

LOCATION ABBREVIATION CODES
BLK = CCC Blackwood Campus
CAM = CCC Camden City Campus
ROH = CCC William G. Rohrer Center, Cherry Hill
CCTS-GT = Camden County Technical Schools, Sicklerville
CCTS-PENN = Camden County Technical Schools, Pennsauken
RETC = Regional Emergency Training Center, Blackwood

MORE INFORMATION: 856-874-6004 OR WWW.CAMDENC.EDU/CE 29
Students attending Camden County College may earn college credit for a variety of learning experiences that were achieved outside of the traditional college setting, including advanced high school courses, military experience, work experience, non-credit certifications, foreign language skills, etc. Students who wish to achieve credit this way should determine the credits needed to finish their degree at Camden County College and how their prior learning experiences may satisfy some of the courses they are required to take.

**Please note:** Institutions accept/evaluate prior learning based on institutional policy, thus it is important to check with your intended transfer institution regarding transferability.

Visit [camdencc.edu/priorlearning](https://camdencc.edu/priorlearning) for more information.

AutoCAD 2018

AutoCAD Designers are in demand by today’s top manufacturing, design, and drafting companies. AutoCAD software lets you design, visualize and document your ideas clearly and efficiently. With AutoCAD 2015 you’ll move to new heights of productivity. New features help conceptualize and visualize designs, accelerate tasks and allow commands to be easily found. 2.4 CEU’s each course

Who should take these courses?
Designers • Architects • Interior Designers • Contractors • Landscapers • Engineers
AutoCAD courses are Not Eligible for Senior Citizen Discount

AutoCad Level 1: Introduction to 2D Design in AutoCad
This course provides a fundamental understanding of introduction to 2D design. Hands on exercises are used throughout the course to teach students the basic commands necessary for professional 2D drawing, design, and drafting.

Students will learn how to:
• Create lines
• Draw circles, rectangles, and use trim & extend
• Build a drawing using a reference frame
• Use a multiline text, text editing, dynamic text, and justification
• Dimension styles: linear dimension, editing, dimension text, and radial dimensions.

Course #: CE.CAD 001
Hours: 24
Location: ROH
2/6/18 - 2/22/18 OR 6/12/18 - 6/28/18
T & R, 6-10 p.m.
$599 (Tuition $254, Lab Fees $270, Text & Materials $75)

AutoCad Level 2: Advanced 2D Design in AutoCad
This course teaches students tools and techniques for drawing, dimensioning, and printing 2D drawings. Content learned in level 1 will carry into this course.

Students will learn how to:
• Use multiline viewports and work with layout templates
• Work with surveyor units in a design and investigate polylines and polyline editing
• Use editing with the context menu
• Use tools such as polar tracking, polar snapping and temporary tracking points
• Work with text styles
• Work with dimension styles and leader lines to annotate drawings

Course #: CE.CAD 002
Hours: 24
Location: ROH
3/6/18-3/22/18 OR 7/10/18 - 7/26/18
T & R, 6-10 p.m.
$599 (Tuition $254, Lab Fees $270, Text & Materials $75)

AutoCad Level 3: 3D Design in AutoCad
This course provides a fundamental understanding of 3D Design for the advanced AutoCAD user. This course will cover creation of 3D models using wire frame, surface, and solid modeling techniques.

Students will learn how to:
• Use 3D Workspace, 3DViews, Visual Styles, 3D Coordinates, and User Coordinate System
• Create an architectural solids design
• Work with solids editing
• Create solids from 2D designs and extract 2D views from 3D solids

Course #: CE.CAD 003
Hours: 24
Location: ROH
4/3/18 - 4/19/18 OR 8/7/18 - 8/23/18
T & R, 6-10 p.m.
$599 (Tuition $254, Lab Fees $270, Text & Materials $75)

Introduction to Revit
Revit is an architectural package that works the way you think, so you can create naturally, design freely, and deliver efficiently. This course is an introduction to the design and annotation components of this program.

Course #: CE.CAD 0181
Hours: 24
Location: BLK
3/3/18 - 4/19/18 (no class 3/31) OR 7/14/18 - 8/18/18
S, 9 a.m.-1 p.m.
$699 (Tuition $280, Lab Fees $344, Text & Materials $75)
Microsoft Office Specialist [C]
Within this program students will become proficient in Microsoft Office products including Word, PowerPoint, Excel and Access. The level of expertise will afford students the opportunity to become a certified Microsoft Office Specialist (MOS). This program includes one Microsoft Office Specialist Exam Voucher, which may be used for any one of the MOS exams (Word, PowerPoint, Excel or Access). 6.6 CEU’s.

- Communications – Verbal and Written
- Mathematics and Measurement
- English as a Second Language
- Spanish in the Workplace
- Customer Service
- PC Skills – Microsoft Windows, Outlook, Excel, Word, PowerPoint
- Leadership Skills
- Time Management
- Problem Solving
- Team Building

Microsoft 2010, 2013 & 2016
STARTING YOUR OWN BUSINESS

Small, growing businesses need help, especially practical advice and ideas that work. These workshops are designed to give you the business management skills necessary to succeed in today's competitive market.

**Introduction to Small Business Ownership (Session 1)**

Participants will be introduced to what it takes to start or purchase a small business. Economic climate and other factors of business ownership are discussed with an emphasis on a positive approach to this series of seminars.

- CE.BUS 001-71  1 session, .25 CEU
- W, 2/7/18 OR 7/11/18  6:30-9 p.m.
- $35

**The Business Plan Part I: Planning Process (Session 2)**

This seminar concentrates on the organization and elements of a basic business plan. Learn the uses of a business plan and when and why it is necessary – a must for people starting their own business or business owners seeking financing.

- CE.BUS 002-71  1 session, .25 CEU
- W, 2/14/18 OR 7/18/18  6:30-9 p.m.
- $35

**The Business Plan Part II: Marketing and Promotion (Session 3)**

This seminar continues from Part I, the Planning Process, by focusing on the business plan and its affect on marketing and promotion for the business owner.

- CE.BUS 010-71  1 session, .25 CEU
- W, 2/21/18 OR 7/25/18  6:30-9 p.m.
- $35

**Creating a Budget for Your Small Business (Session 4)**

Learn to plan and forecast your cash needs in order to start, operate, or purchase a business. This step-by-step seminar concentrates on the basics of cash flow planning. Learn to plan your own cash flow from actual case studies. This seminar teaches you the proper format and purpose of this vital part of operating a small business.

- CE.BUS 003-71  1 session, .25 CEU
- W, 2/28/18 OR 8/1/18  6:30-9 p.m.
- $35

**Financing a Small Business (Session 5)**

Learn where and how to borrow money, the dos and don'ts of borrowing, and the different sources of money available to you. Learn how to build the proper banking relationship and what is needed to secure a business loan.

- CE.BUS 004-71  1 session, .25 CEU
- W, 3/7/18 OR 8/8/18  6:30-9 p.m.
- $35

**Taxes and Record Keeping (Session 6)**

Learn what type of business entity is right for you. Learn what legal and tax benefits are available to you in starting or owning your own business. This seminar concentrates on various legal forms of business, their costs, tax reporting, and benefits to the small business owner. 0.25 CEUs

- CE.BUS 005-71  1 session, .25 CEU
- W, 3/14/18 OR 8/15/18  6:30-9 p.m.
- $35

**Notary Public Training Program**

This class will educate you on how to obtain your notary commission for the State of New Jersey. In addition, you will acquire skills and tools to complete your state assigned job duties as described by the New Jersey Department of Revenue. We will explore what a notary can do, what liability a notary faces; and how to earn money from notary services. This course meets the standards of the New Jersey Notary Association.

- CE.BUS 014-61  1 session
- S, 3/24/18 OR 7/21/18  9 a.m.-1 p.m.
- $69

**Law for Landlords & Tenants**

Whether you are just leasing a room for the school year or managing a multi-unit apartment complex, you can benefit from this how-to-approach to New Jersey landlord/tenant law. This course is primarily intended for landlords and their managing agents but will also benefit tenants who want to know their rights. The course covers the things you should look for in leases, what you can do to check out a tenant before leasing, the rights and responsibilities on both sides, security deposits, right to renew, dealing with late rent payments, grounds for eviction and required notices to quit. The student will also learn how to file and prosecute or defend a suit for eviction as well as how to prosecute or defend suits for unpaid rent, excess damage, and return of security deposits.

- CE.BUS 015-51  2 sessions
- T, 3/6/18 & 3/13/18  6:30-9 p.m.
- $45
Sue Yourself
Does somebody owe you or your business money? Does your business have trouble with collections? Learn how to use the courts to collect without having to hire a lawyer. This course teaches you how to prosecute (or defend) suits in the New Jersey Small Claims Court by yourself. The student will learn how to sue for money owed, damage to property, unpaid rent, return of rental security deposits, and many other claims for money damages. Even businesses that sell out-of-state or over the internet can do this with proper preparation. The student will also learn how to collect money damage after the court awards judgment. This course is ideal for business owners, managers, and landlords.

CE.BUS 016-71 2 sessions
T, 3/20/18 & 3/27/18 6:30-9 p.m.
$45 BLK

Sue Yourself

Loan Signing Agent
Advanced Notary Public Education & Training for New Jersey Notaries
This course is designed to assist the current notary with a knowledge, understanding and training for the sub-specialty as a notary signing agent handling loan document packages for lenders, mortgage companies and other financial institutions. Follow a signing from start to finish. See actual loan documents and take practice loan documents home. Affirms the standards of the New Jersey laws concerning the position of a New Jersey Notary Public from the New Jersey Division of Revenue.

CE.BUS 023-61 1 session, 0.8 CEU's
S, 4/14/18 OR S, 8/4/18 9 a.m.-5 p.m.
$150 BLK

Would you like to know more about investments? Are you concerned about retirement? In the following four seminars, you will be given the tools to increase your personal knowledge of investing that will give you confidence, and the ability to make decisions with regard to your money. These courses are instructed by Mr. William Dorman and Mr. Anthony Arot, Financial Consultants, who will guide you through the investment spectrum.

Budgeting and Fixed Income Investments
This session will introduce investment options including CD's, tax free vs. taxable bonds, and other fixed income products. A discussion on budgeting will help attendees better understand monies available for investment, as well as profiting their own assets.

Real Estate Licensing \[L\] \[A\]

**FIN-215 – Real Estate Sales**

This is a basic five-credit course in the principles of real estate and includes the study of property interests, contracts, financing, titles, deeds, closings, appraising, leases, Federal laws, NJ statutes, and NJ Real Estate Commission rules and regulations. This course is designed to prepare students to sit for the NJ Real Estate Salesperson Exam.

**Term: 18/Spring**

Course #: FIN-215

Real Estate Sales

Location: BLK

Dates: 1/22/18 - 2/9/18

M – F, 9 a.m.-2 p.m.

Price: $369 (includes registration and textbook)

Because this is a cooperative course – taught in conjunction with Weichert Real Estate School – policies and procedures may vary from the College’s standard policies governing credit classes:

- This course is not eligible for a tuition waiver (Unemployment, National Guard, Senior Citizen discount, College employees, etc.)
- New Jersey Licensing: An applicant for a NJ real estate salesperson’s license must be at least 18 years old and have a high school diploma or GED. A student must pass the 75 hour course, pass the state exam ($60), and have a NJ broker sponsor their license. The NJ Real Estate Commission will conduct a criminal background check on all Agent candidates.
- Payment in full is required at the time of registration. Fee includes textbook, registration and class. Refunds will be issued only if the class is canceled or if the student elects to drop the class at least 5 days before the date that the class is scheduled to begin. Thereafter, there are no refunds given.

**Interior Decorating**

This program in interior decorating is designed for those who wish to enrich their decorating skills. You will learn the elements of interior decorating and how to develop your design sense. Through lectures, projects, and hands-on demonstration, we will study color theory and schemes, harmonious designs, and motifs. The following course topics will be included: the decorating process, the measuring process, design principles, color theory and design, lighting, textiles, flooring, walls and ceilings, windows, doors, and fireplaces, furniture selection, space planning, accessorizing and starting your decorating business. Students will experience a hands on example of a room re-design. That is to take a room that has all its elements, and change it to look like a new room without spending a dime. To aid in the decorating process instruction, students are required to purchase a magnetic room design kit.

ENGLISH AS A SECOND LANGUAGE

ESL for Daily Life
The level two ESL for Daily Life focuses on the ability of non-native English speakers to speak, read and write English on a beginning level. This is an integrated skills class which will also teach everyday language functions and provide basic information about speaking in American society. It is intended for adult ESL students who want to develop basic proficiency for everyday life in the United States. Note: The College’s placement test provides a valuable benchmark in terms of English ability, but the test is not a requirement for this class.

Tuesday & Thursday from 6-8 p.m.

**New Pathways to Teaching**

### Introduction to Teaching (50 hour preservice)

This 50 hour pre-service course is framed around two critical areas: (1) an overview of and preparation for the skills and tools needed for the teaching profession; and (2) essential attitudes and dispositions needed to maintain poise as novice teachers in diverse communities. The course's primary intention is to provide a snapshot of teaching. For instance, it addresses concerns related to personal expectations and actualities. Moreover, the course prepares participants to begin their search for a new job. For many, this means understanding what schools are looking for in teachers, recognizing education buzzwords and preparing demonstration lessons. This course is comprised of 50 hours including 30 hours of instruction, 8 hours of classroom observation, and 12 hours of clinical experience. The course will provide the participant with a “clinical” opportunity through structured observations in a school setting. Collaboration with school districts will provide both a window of opportunity for the candidate and a potential recruitment tool for the district. In addition, 12 hours of clinical work such as tutoring or substitute teaching will offer candidates the opportunity to work with students in an authentic environment. 5.0 CEU's.

Cost: $295

### New Pathways to Teaching Semesters 1 – 4

NPTNJ is a partnership between New Jersey City University and many of the New Jersey Community Colleges. New Pathways to Teaching in New Jersey offers a statewide alternate route teacher preparation program designed to provide candidates with the skills and strategies necessary to become excellent, successful teachers. Candidates take NPTNJ coursework at local NJ Community Colleges either on campus or as a hybrid program. The program provides a process for individuals who already hold a bachelor's degree (or higher) to become licensed teachers without having to complete a traditional teacher training program. The NPTNJ program is regulated and approved by the N.J. Department of Education (DOE).

#### How To Begin The Process of Becoming a Teacher

**STEP 1:** Contact the New Pathways liaison at the location you would like to attend, either NJCU or any of the participating community colleges.

**STEP 2:** Apply to NPTNJ and in the meantime, begin your preparation.

**STEP 3:** Candidates will submit all of the appropriate documentation to the NJ Department of Education (DOE) demonstrating that the requirements have been met to obtain the Certificate of Eligibility (CE). The CE will allow the candidate to immediately seek employment as a Teacher in a public, private, or parochial school.

The requirements are as follows:

- College transcripts indicating a Bachelor's Degree
- The Praxis II test
- The Core Academic Skills test
- GPA 3.0
- Passing Physiology and Hygiene exam score
- Signed and notarized Oath of Allegiance/Verification of Accuracy Statement

The Provisional Certificate will be issued after candidates have completed the 50 hours of pre-service (The Introduction to Teaching), accept an offer of employment, confirm enrollment in New Pathway’s 400-hour program, and are enrolled in a district mentoring program.

**O** – Online Course
Certified Substitute Teacher Program

Do you have 60 college credits? Interested in Substitute Teaching?

Camden County College's Faculty Development Institute, in cooperation with the school districts in Camden County, offers a comprehensive training seminar to prepare individuals who seek to become substitute teachers. The Certified Substitute Teacher seminar also reinforces effective strategies for substitutes currently employed by local school districts. Topics of the seminar include: successful classroom management techniques, cultivating positive first impressions, developing rapport with students and colleagues, articulating clear lesson goals, making efficient use of instructional time and professionalism in a school setting, etc. Instructors will assist participants with the state application process, including the completion of related paperwork, and offer tips on resume development. Participants must have completed a minimum of 60 college credits and successfully undergo a criminal background check to qualify as a substitute teacher. A certificate of completion will be awarded at the end of the seminar.

Cost - $190 (Additional fees for state application and criminal background check)
Program will be held on the Blackwood Campus.
Please call (856) 227-7200, ext. 4530 for more information.

Creating a Classroom Website [O]

Learn how to create a classroom website in this fun, easy-to-understand course for teachers. In no time, you’ll build a site with text, images, animations, tables, links, and more. Then you’ll create a WebQuest and a blog to add to your site.

You’ll also learn how students can use site builders to create their own websites in minutes. As we move along, you’ll be amazed by how simple creating a classroom website can be and all the ways in which having one can make you a more effective and dynamic teacher.

By the end of this course, you’ll have your own published classroom website, and you’ll feel energized by your great new teaching tool!

*for pricing and date information, please visit www.ed2go.com/camden

Creative Classroom [O]

Creativity will abound in your classroom as you tap your students’ hidden talents. Learn how to use creativity to teach reading, writing, visual arts, performing arts, social studies, science, mathematics, and physical and health education. Develop creative new approaches to field trips, learning labs, activities, exercises, assignments, and evaluation methods. Think beyond the textbook and challenge your students by making your classroom a creative classroom!

*for pricing and date information, please visit www.ed2go.com/camden

ONLINE PROGRAMS

CAMDEN COUNTY COLLEGE WITH ED2GO
Camden County College is pleased to be partnered with EducationToGo (Ed2Go), a leading provider of online training, to provide an array of courses in numerous areas such as allied health, computers, business, paralegal and personal enrichment. All you need to get started is a computer with internet access, an e-mail address and a web browser. All instruction takes place on your computer at home or at work during the hours you choose.

All online courses are six weeks, and students are granted to lessons through their online instruction each week. Each lesson is accompanied by an interactive discussion area. Quizzes and tests are part of the course to enable you to assess your understanding. After successful completion of the course, you are able to download a letter of completion for your records.

We recommend that you visit the website below to review the course outline, special software or book requirements, and sample lessons before you register. Monthly start dates available.

Visit our website at www.ed2go.com/camdencc for a complete course listing & start dates.

Steps To Register for Online Courses with Education To Go
1. Log onto www.ed2go.com/camdencc to select your courses(s) and start date.
2. Once you select your course(s), click the “enroll now” button and follow the steps indicated to complete your registration and provide payment.
3. Complete the required orientation which will allow you to choose your user name and password that you will use during the course. If you are a new student, click to create a new username and password. If you are a returning online student, you can use the same username and password that you did before. If you have registered for more than one course, you will need to complete the registration process for each class.
4. On the day of the start date you chose, return to the online instruction center and click the classroom link to begin your studies.

*Please note that course discounts or waivers are not accepted for online courses and programs.

CAREER TRAINING WITH ED2GO
Camden County College is pleased to be partnered with Ed2Go to provide an array of training programs in numerous areas such as health care, IT and software development, media and design, hospitality, sustainable energy, and management and corporate. All you need to get started is a computer with internet access, an e-mail address, and a web browser. All instruction takes place on your computer at home or at work during the hours you choose. To review the course outlines, required materials, etc. for the career programs, please visit Ed2Go’s website shown in blue below.

Please visit www.careertraining.ed2go.com/camdencc for the entire course catalog.

Steps to Register for Online Career Programs With Education To Go
1. Choose your desired program and start date.
2. Complete your registration and payment at careertraining.ed2go.com/camdencc.
3. You will receive an e-mail from them providing your username and password. Once you receive this information, you are able to begin the program.

The following is a brief listing of the career programs available through Ed2Go:
- Certified Electronic Health Records Specialist
- Medical Transcriptionist
- Marketing Design Certificate
- Multimedia Arts Certificate
- Web Design Certificate
- Video Game Design and Development
- Certified Wedding Planner
- Graphic Design with Photoshop CS5
- Human Resource Professional
- Purchasing and Supply Chain Management
- Certified Tax Professional
- Six Sigma Green
- Six Sigma Black
- AutoCAD 3D
- Forensic Computer Examiner
- Microsoft Web Developer
- Web Applications Developer

CBCS Medical Billing & Coding [0]
You will build a foundation of medical vocabulary, to help you better understand the contents of a patient’s medical record, as well as notes from practicing physicians. In addition, you’ll learn current medical coding standards, so you can be successful within the industry. Upon completion of this program, you will be prepared to sit for the Certified Billing and Coding Specialist (CBCS) exam, offered by National Healthcareer Association (NHA). The registration fee for this exam is included with this program.

Paralegal [0]
You’ll learn about the U.S. legal system, how to conduct legal research and legal interviews, how to perform legal analyses, and more. Your training will prepare you to become a legal secretary or paralegal and to take the Certified Paralegal certification exam through the National Association of Legal Assistants (NALA). All materials are included in the cost of this program. Upon successfully completing, you will receive a voucher to sit for the Certified Paralegal exam.
Event Management & Design [O]
Equip yourself with the knowledge to advance in the field if you’re already working in special events, or prepare to enter the profession with an understanding of the industry. You’ll build a foundation that you can use to build a career in special events or start your own special event business. This online certificate program is offered in partnership with major colleges, universities, and other accredited education providers.

Digital Arts Certificate [O]
Develop technical skills and creative artistry in digital imaging, traditional drawing, and digital illustration. You’ll learn professional applications for Adobe Photoshop and Illustrator alongside traditional materials like pencil and charcoal. Course projects include retouching, compositing, digital illustration, and still life drawing.

Accounting Fundamentals Series [O]
Demand for accounting professionals currently exceeds supply. If you’re interested in increasing your financial awareness while also gaining a marketable skill, this series of courses is perfect for you. Whether you’re a sole proprietor looking to manage your business finances or you simply want to gain an understanding of accounting basics for career advancement or for personal use, these courses will give you a solid foundation in financial matters.

A to Z Grant Writing [O]
You’ll learn how to raise needed funds by discovering how and where to look for potential funders who are a good match for your organization. You’ll also learn how to network and develop true partnerships with a variety of funders, how to organize a successful grant writing campaign, and how to put together a complete proposal package. This course speaks mainly to nonprofit organizations, schools, religious institutions, and municipalities seeking grants from foundation, corporate, government, and individual donors. It’s also an excellent primer for individuals wishing to become grant writing consultants or community grant writing volunteers. Many of this course’s elements also easily translate to the for-profit field and to individual artists, and material specifically designed for businesses and individuals is included. No matter who you are or what level of experience you have, you’ll find the A to Z of writing and submitting successful proposals here!

Certified Ethical Hacker [O]
The Certified Ethical Hacker program is the pinnacle of the most desired information security training program any information security professional will ever want to be in. To master the hacking technologies, you will need to become one, but an ethical one! The accredited course provides the advanced hacking tools and techniques used by hackers and information security professionals alike to break into an organization. As we put it, “To beat a hacker, you need to think like a hacker.” All materials are included in the cost of this program. Upon completion of this program, you will be prepared to sit for the Certified Ethical Hacker (CEH) Exam 312-50, offered by EC-Council. The registration fee for this exam is included with this program.

Effective Business Writing [O]
Do you have a nagging suspicion that a small improvement in your writing skills might also improve your career prospects? Don’t let small gaps in your business writing skills prevent you from reaching your full potential! It doesn’t matter whether you’re a clerical worker, an engineer, or an executive. If you communicate with others in writing, you need this course to help you identify and eliminate problem areas. By the end of this course, you’ll know the secret to developing powerful written documents that immediately draw readers in and keep them motivated to continue until your very last, well-chosen word.

OMCA Social Media Associate [O]
When you engage consumers where they are and speak their language, you’ll connect with them on a deeper level, which is why so many companies are investing in social media marketing. Learn one of the most sought after marketing skills from industry experts, and see how you can leverage social media to increase your company’s revenue.

With the Social Media Associate program, you’ll start by learning the landscape of digital marketing, then delve into the world of social media. You’ll be introduced to marketing on a variety of social networks, finding and generating content that resonates with your audience, and influencing followers to share your message.

This program fully prepares you for the Online Marketing Certified Associate (OMCA®) exam, administered by the Online Marketing Certified Professionals (OMCP®) organization.

Please visit www.ed2go.com/camdencc for the entire course catalog.
OCCUPATIONAL CERTIFICATES

Computer Graphics (CGR.CT)
This one-year program provides specialized work in computer graphics.
Richard Dolan, Director
(856) 227-7200, ext. 4518
rdolan@camdencc.edu

Computer Aided Architectural Drafting And Design (CAR.CA)
This program involves the 2D and 3D drafting and modeling of architectural and building structures and systems in accordance with national and international drafting standards.
Dr. Melvin L. Roberts, Coordinator
(856) 227-7200, ext. 4942
mroberts@camdencc.edu

Multi-Skilled Technician (MST.CA)
The Multi-Skilled Technician Certificate of Achievement program offers to expand the knowledge and skills of the Certified Nurse Assistant and increase marketability to work in acute, long term and home care settings.
Prof. Robynn Anwar
(856) 227-7200, ext. 1296
ranwar@camdencc.edu

Ophthalmic Medical Technician (OMT.CA)
Prepares students for entry-level employment as ophthalmic medical technicians. Graduates are eligible to sit for the national certification by the Joint Commission on Allied Health Personnel in Ophthalmology (JCAHPO) at the Certified Ophthalmic Technician (COT) level. Nationally accredited by the Committee on Accreditation for Ophthalmic Medical Personnel (CoA-OMP).
Daniel G. Banks, Coordinator

dbanks@camdencc.edu

Emergency & Disaster Management (EDM.CA)
The Emergency and Disaster Management program’s primary mission is to educate first responders, those managing first responders, and other interested individuals in basic emergency management practice and theory.
Prof. Patrick Bigoss, Coordinator
(856) 227-7200, ext. 4633
pbigoss@camdencc.edu

SQL Analyst Certificate (SQL.CA)
This program is designed for individuals who are looking to acquire the skill to perform in-depth queries on popular database.
Prof. Bernadette Carlin, Coordinator
(856) 227-7200, ext. 4423
bcarlin@camdencc.edu

Computer Aided Mechanical Drafting and Design (CME.CA)
This curriculum involves the 2D and 3D drafting and modeling of mechanical systems and components in accordance with national and international drafting standards.
Dr. Melvin L. Roberts, Coordinator
(856) 227-7200, ext. 4942
mroberts@camdencc.edu

Medical Coding (MDC.CT)
This certificate prepares students for employment in a variety of areas that require coding expertise. Approved by the American Health Information Management Association (AHIMA).
Linda Mesko, MS, RHIA, Director
(856) 968-1331
lmesko@camdencc.edu

Addictions Counseling (ADD.CA)
This program concentrates on working with individuals and families to deal with alcohol and drug treatment through services.
Prof. Fatemah Sedighi, Coordinator
(856) 227-7200, ext. 4535
fsedighi@camdencc.edu

Fundamentals of Policing (FOP.CA)
The Camden County College Police Academy program prepares recruits for entry-level positions as a certified police officer or Special Law Enforcement Officer II (SLEO II).
Orlando Cuevas, Director
(856) 227-7200, ext. 4911
ocuevas@camdencc.edu

Linux/Unix Administration (UNX.CA)
This three-semester certificate will provide the student with a general working knowledge of the Linux/UNIX Operating System.
Prof. Bernadette Carlin, Coordinator
(856) 227-7200, ext. 4423
bcarlin@camdencc.edu

Music Recording (MUS.CA)
This two-semester certificate program is designed to provide students with the skills involved with recording and editing music.
Prof. Michael Billingsley, Coordinator
(856) 227-7200, ext. 4563
mbillingsley@camdencc.edu

Computer Systems Technology (CST.CT)
Computer System Technology combines training in the design, implementation and maintenance of microcomputer hardware with operating systems and network systems management and administration.
Richard Dolan, Director
(856) 227-7200, ext. 4518
rdolan@camdencc.edu
Industrial Controls: Programmable Logic Controller (PLC.CA)
This course is designed to train students in troubleshooting and programming the PLCs used in batch and/or discrete automation.
Dr. Melvin L. Roberts, Coordinator
(856) 227-7200, ext. 4942
mroberts@camdencc.edu

Surgical Technology (SRG.CA)
Graduates of this program will demonstrate technical skills by assembling and preparing common equipment, supplies and instrumentation used in surgical procedures.
Dr. David Pilla, Coordinator
(856) 227-7200, ext. 4566
dpilla@camdencc.edu

Nutrition Care Manager (NCM.CT)
This certificate in dietary management will prepare students for career advancement in the food service industry, specifically in long-term care.
Prof. Marsha Patrick, MS, RD, Coordinator
(856) 227-7200, ext. 4665
mpatrick@camdencc.edu

Automotive General Motors Technician (GMT.CA)
This program will prepare students to perform maintenance and minor repairs on GM vehicles.
Christopher Gallo, Director
(856) 227-7200, ext. 4544
cgallo@camdencc.edu

Computer Aided Manufacturing Technician (CAM.CA)
This program consists of a grouping of technical courses geared toward the rapid completion of a core set of Computer Numerical Control and CAM skills.
Dr. Melvin L. Roberts, Coordinator
(856) 227-7200, ext. 4942
mroberts@camdencc.edu

Personal Trainer (PT.CA)
Personal fitness trainers help clients to assess their level of physical fitness and help them to set and reach fitness goals.
Dr. Nicholas DiCicco, Director
(856) 227-7200, ext. 4264
ndicicco@camdencc.edu

Optimal Science Apprentice (OPH.CA)
This program will teach students to dispense corrective lenses to aid patients in their visual needs.
Daniel G. Banks, Coordinator
(856) 374-5058
dbanks@camdencc.edu

Corrections (COR.CA)
The Camden County Correctional Academy program prepares recruits for entry-level positions as a county correctional officer and juvenile correctional officer.
Orlando Cuevas, Director
(856) 227-7200, ext. 4911
ocuevas@camdencc.edu

Precision Machining Technology (PMT.CA)
This program is a four course series with a concentration in the skill sets required to be a machinist.
Dr. Melvin L. Roberts, Coordinator
(856) 227-7200, ext. 4942
mroberts@camdencc.edu

Massage Therapy (MAS.CA)
Massage therapy is a profession in which the practitioner applies manual techniques with the intention of positively affecting the health and well-being of the client. This program meets the state of New Jersey requirements for licensure as a massage therapist.
Prof. Betty Joynes, Allied Health Coordinator
(856) 227-7200, ext. 4324
bjoynes@camdencc.edu

American Sign Language (SLS.CA)
This option is designed to meet the needs of students who wish to learn about deafness and sign language in-depth but to may or may not wish to become professional interpreters.
Prof. Martine Howard, Chair
(856) 227-7200, ext. 4744
mhoward@camdencc.edu
Prof. Sally Ann Emilus, Coordinator
semilus@camdencc.edu
Prof. Dianne Falvo
(856) 227-7200, ext. 4540

Homeland Security (HLS.CA)
This curriculum is designed to prepare students for entry-level positions in homeland security as well as a career path in related areas such as Transportation Security Administration (TSA), border security or emergency preparedness.
Prof. Thomas J. Riddle, Coordinator
(856) 227-7200, ext. 4779
triddle@camdencc.edu
The Personal Enrichment Center is dedicated to fulfilling the goals of the college's mission statement by offering continuing education courses and programs which will provide cultural, social, and recreational activities to the community. A selection of personal development courses in areas such as languages, arts and crafts, dancing, music and theater, health, sports and fitness, personal growth, and senior programs.

**The Stand Up Comedy Workshop**

Ever wonder how stand up comics can make a room of people laugh with only a microphone? Always wanted to give it a try, but it seemed too scary? Want to improve your confidence, spark your self-esteem, and gain the ability to speak in front of others? In this course, you will learn the secrets that will assist you in the process such as timing, structure, and pace. This workshop is excellent for actors looking to add another craft, people in the workplace who wish to gain public speaking skills, and those interested in starting a career in the art of stand up comedy.

Vince Valentine, Professional Comedian and Star of Broadway’s One Person Comedy, “Defending the Caveman” will show you how to write, perform and produce Stand Up Comedy. A book for the course will be recommended for purchase at an additional cost.

*Cost: $85  
BLK CE.ENR 004-51  
2/19/18 - 4/9/18  
8 sessions  
M, 7-9 p.m.*

**Floral Design**

This course will teach students to create actual floral designs. Students must be prepared to purchase flowers from the instructor each week to use for the floral creations (approximately $15-$20). In addition, students will need to bring a knife, wire cutters, and scissors to each class session.

*Cost: $65  
BLK CE.ENR 002-51  
2/20/18 - 4/24/18  OR 5/15/18 - 7/17/18

7 sessions  
M, 7:30-9:30 p.m.*

**Photography: Portraits and Lighting**

In this specialized photography class, you will learn how to use natural light, studio lights, small flash, and other equipment to create beautiful portraits. Learn how to use camera settings to create the images you have always imagined. In the class, you will discover how to pose and work with subjects, and we will also study the works of master photographers and discuss their techniques. Any images that class participants would like to have reviewed for a friendly critique of the techniques learned in class is encouraged. At the end of class, students will have gained the knowledge needed to create the type of portrait images they have always envisioned.

*Cost: $65  
BLK CE.ENR 215-51  
3/7/18 - 4/11/18  OR 7/18/18 - 8/22/18  
6 sessions  
W, 7:30-9:30 p.m.*

**iPhone Photography Class (For Android Users too)**

In this iphoneography class, students will learn how to make fantastic creative images using their always present mobile devices. We will cover the rules of basic photography, composition, and lighting. Students will discover the vast array or processing options that can be done on the mobile platform. We will discuss the differences and similarities between the iPhone and Android platforms, and learn about social networks and getting your work online. Students will need to have a tablet or smart phone with a camera, Android or iPhone. There will be weekly voluntary assignments to help students understand the concepts learned in class, and voluntary fun critiques.

*Cost: $65  
BLK CE.ENR 228-51  
3/22/18 - 4/26/18  OR 5/24/18 - 6/28/18  
6 sessions  
R, 7:30-9:30 p.m.*
Food Matters
This class is a hard hitting, fast paced look at our current state of health. Despite the billions of dollars of funding and research into health and nutrition, we continue to suffer from many chronic ills and everyday maladies. This class will show you how nutritional therapy can be more effective, more economical, and less harmful than many of the proposed medical treatments today.
Cost: $30
CE.HPE 053-51
1 session 3/14/18

Yoga Basics
This class provides the basics of Hatha Yoga, the yoga of physical fitness. It is for you whether you have done yoga before or not, as long as you are in generally good health. In each class, we will stretch, learn Asanas (yoga postures), Pranayamas (breath techniques), and experience deep relaxation meditations. As we move through the course, we will be building a program that addresses every aspect of your health and well-being. It is designed to enhance the quality of your life.
Cost: $139

Dance to Exer”CIZE”
The first step towards good health is to move your body! This is not aerobics but an intro to the new dance craze that makes exercising FUN! This is a safe, fun and easy way to get in an exercise program while learning a variety of different dance moves. The movements are simple enough for beginners, older adults and those who have never before taken a dance or exercise class. Each class includes a warm up, simple dance step instruction and then applying them to music. Class does not include jumping, running or strenuous movements, but it does include FUN!
