INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of **Camden County College** (the "College"), a component unit of the County of Camden, State of New Jersey, and its discretely presented component unit (Camden County College Foundation), as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the College and its discretely presented component unit, as of June 30, 2022, and the changes in its financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. The financial statements of the College's discretely presented component unit were audited in accordance with auditing standards generally accepted in the United States of America, but were not audited in accordance with *Government Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

Change in Accounting Principle

As described in note 1 to the financial statements, during the fiscal year ended June 30, 2022, the College adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Consistency of Financial Statements

Because of the implementation of GASB Statement No. 87, the lease receivable and lease liability as of July 1, 2021, in the notes to financial statements has been restated, as discussed in notes 4, 7 and 9. In addition, the disclosures of the related capital assets are now categorized as right-to-use leased assets within the reported balance of capital assets, as disclosed in note 3. Our opinion is not modified with respect to these matters.

Restatement of Prior Period Financial Statements

Because of the implementation of GASB Statement No. 87, net position as of July 1, 2021, on the statement of revenue expenses and changes in net position has been restated, as discussed in note 24 to the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the College's proportionate share of the net pension liability, schedule of the College's pension contributions, and schedule of changes in the College's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

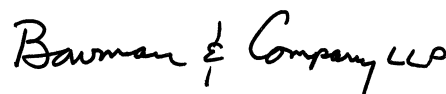

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2023 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Camden County College
Blackwood, New Jersey 08012

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of **Camden County College** (the "College"), a component unit of the County of Camden, State of New Jersey, and its discretely presented component unit (Camden County College Foundation), as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated March 13, 2023. The financial statements of the College's discretely presented component unit (Camden County College Foundation) were audited in accordance with auditing standards generally accepted in the United States of America, but were not audited in accordance with *Government Auditing Standards*. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle and an additional paragraph on the consistency of financial statements resulting from the new accounting principle. Also, our report on the financial statements included an additional emphasis of matter paragraph describing the restatement of the prior period financial statements resulting from the adoption of a new accounting principle.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

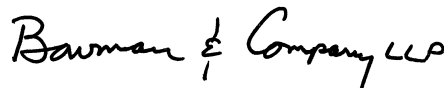

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, and federal and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2022 (Unaudited)

INTRODUCTION

The intent of the Management's Discussion and Analysis (MD&A) is to provide readers with an overview of Camden County College's financial activities for the fiscal years ended (FY) June 30, 2022, with fiscal year June 30, 2021, data presented for comparative purposes.

The Management's Discussion and Analysis is designed to focus on current activities, resulting changes, and currently known facts with respect to the College's financial position. It should be read in conjunction with the accompanying basic financial statements and note disclosures.

The following three financial statements are prescribed by the Governmental Accounting Standards Board (GASB) Statement No. 35 - *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*: The Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows.

In accordance with GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units-an Amendment of GASB Statement No. 14*, these statements also include the most recent audited financial statements of Camden County College Foundation, which per the above noted GASB Statements, is considered to be a discretely presented component unit of the College. The analysis below will focus on the College only.

FINANCIAL HIGHLIGHTS

- Approximately 15% of the College's revenue comes from tuition and fees. Total credit enrollments for the fiscal years ended June 30, 2022, and 2021 are as follows:

	<u>2022</u>	<u>2021</u>	<u>Change</u> <u>2022-2021</u>
Credit Hours	<u>182,974</u>	<u>193,182</u>	<u>(10,208)</u>

- The College's total operating revenue increased by 6.54% mainly due to an increase of \$884,000 in the Gateway and Transition to College programs.
- The College expensed \$14,435,451 in state and federal CARES funding in fiscal year 2022 that was provided for institutional use.
- The County in FY 2022 waived the debt service and interest payment for the transformation bond and Chapter 12 bonds.
- The College provided additional assistance to the students with the Student Aid Portion of the CARES funding that totaled \$7,754,441 in fiscal year 2022 for home expenses and to pay off students' tuition balances.
- During the fiscal year ended June 30, 2022, the College Implemented GASB 87, Leases.

- The College's Total Assets increased \$14.25 million from FY2021 to FY2022 due to an increase in Cash and Lease Receivable. The increase in cash of \$12.4 million was caused by the college receiving additional payments for the CARES funding. The implementation of GASB 87 caused the addition of \$1.9 million in the college's assets in which the college must record any Lease contracts for the length of the lease as a receivable which caused an increase in Lease Receivable current and non-current. The college also had a decrease in Accounts Receivable of \$669 thousand.
- The college's Total Liabilities increased from FY2021 to FY2022 of \$2.9 million due to many factors. The County Debt Service for Bonds floated by the county for Chapter 12 funding increased by \$9.0 million due to the fact that the college had to adjust the Payable amount to agree with an agreement with the county to pay back the debt service. The Accrued Salaries increased \$541 thousand due to expensing pending bargaining unit contracts that have not been settled as of June 30th. Accounts Payable increased \$934 thousand due to an increase in plant fund construction projects. The Unearned Revenue also increased by \$998 thousand. Finally, the college had a decrease in the allocation of Net Pension Liability of \$8.5 million.

CAMDEN COUNTY COLLEGE – MANAGEMENT’S DISCUSSION AND ANALYSIS

For the Fiscal Year Ended June 30, 2022

STATEMENTS OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

The purpose of the Statements of Revenues, Expenses, and Changes in Net Position is to present the revenues received by the College, both operating and non-operating, and the expenses paid by the College and any other revenues, expenses, gains and losses received or spent by the College.

Operating revenues are those for which goods and services are provided. Operating expenses are those expenses paid or acquired to produce those goods or services. Non-Operating revenue is that for which revenues are received for which goods and services are not provided. Examples of non-operating revenues are county and state appropriations, insurance claims and capital grants.

The Statements of Net Position and the Statements of Revenue, Expenses, and Changes in Net Position reviewed together show the impact of the current operating year activities on the institution as a whole. An increase in Net Position results when current year’s revenue and other supports exceed current year’s expenses. The relationship between revenues and expenses result in the College’s operating results.

Increases or decreases in Net Position are an indicator of the College’s financial health. Non-financial factors, such as student retention, building conditions, and campus safety are also very relevant in assessing the overall health of the College.

The major source of operating revenue is student tuition and fees. The major sources of non-operating revenue are state and county aid, and student financial aid. In addition to operating and non-operating revenues, there is a section entitled Capital Grants and Contributions; its major sources include county capital appropriations and capital grants.

The main sources of operating expenses are instructional, institutional support, student aid, academic support, student services and operation and maintenance of plant. With the implementation of GASB 35 the College is required to depreciate capital assets, therefore, depreciation expense is also a major component of operating expenses.

In FY 2022, the total operating revenue increased \$2.0 million. The cause of the revenue increase was due to two major factors. First, the college had an increase in state/local grants of \$473 thousand. Among the grants that increased were the NJCAP and the Local Arts Grants. Secondly, the fact that the college’s employees had returned to campus, caused an increase in other operating revenue within the college. Such as Continuing Ed miscellaneous revenue increased \$884 thousand, Parking Garage revenue increased \$120 thousand, and rental income increased \$119 thousand to name a few. The college also had a decrease to its Allowances for Sick/Vacation and Student Accounts Receivable \$205 thousand which is an additional revenue to the college that increases the operating revenue.

In FY2022, the total operating expenses increased \$3.3 million. This was caused by many factors. The college had an increase in Salaries \$3.6 million due to workers not being furloughed in FY2022 and part time employees returning to campus. The college also had increases in supplies, services and utilities of \$3.2 million since employees returned to campus. This was combined with a decrease in benefits of \$270 thousand for the benefit holiday the state gave employees in FY2022. In addition, the GASB 75 expenses decreased \$907 thousand and GASB 68 expenses decreased \$3.2 million in FY2022.

STATEMENTS OF CASH FLOWS

The primary purpose of Statements of Cash Flows is to provide relevant information about cash received and cash payments made during the year. Statement users can also assess the College’s ability to generate future net cash flows, meet its financial obligations when they come due, and its need for any external funding.

The Statements are separated into five sections. The first section deals with operating cash flows and shows the net cash used in operating activities. The second is cash flows from non-capital financing activities. This section reflects cash received and spent for non-operating, non-investing and non-capital financing purposes. The third section deals with cash flows from capital and related activities. This section reflects the cash used for acquisition and construction of capital and related items. The fourth section reflects cash from investing activities and includes interest income. The last section reconciles the net cash used to the operating income or loss shown on the Statements of Revenues, Expenses, and Changes in Net Position.

The following is financial information represented in the Statements of Cash Flows for the fiscal years ending June 30, 2022, and 2021:

	<u>2022</u>	<u>2021</u>	<u>Change 2022-2021</u>

ECONOMIC AND OTHER FACTORS THAT WILL AFFECT THE FUTURE

The College continues to take proactive steps to increase student enrollment and retention by providing students with accessible and affordable education opportunities to be successful. The College remains committed to providing the lowest cost of college education in the State through strong operational and financial management and a supportive partnership with the County.

Our strategic goals continue to be:

1. Build academic pathways to increase equitable outcomes in recruitment, retention, and credential/degree completion for transfer and employment opportunities.
2. Promote a culture of innovation, cooperation, and receptiveness to adapt quickly to the changing landscape in higher education.
3. Become a regional leader in workforce development and community engagement through strategic partnerships with business, industry, and premier institutions to deliver a career-ready education to students.
4. Position the College for long-term sustainability with a focus on financial stability, human capital, resource allocation, and succession planning.
5. Create and support a culture that demonstrates an ongoing commitment to Social Justice that strengthens our institution and community.

Key College initiatives supporting our strategic goals include:

- Implementation of the 4R’s:
 - Recruitment: Increasing the number of students who enroll in our credit and non-credit programs;
 - Retention: Increasing the number of students who STAY in our credit and non-credit programs;
 - Reclamation: Re-enrolling students who may have “some college, no degree” and/or who have not completed a program;
 - Realization: Guiding students to complete their degree, certificate or program.
- Active implementation of programs to recruit and retain students and to assist them with graduation and academic transfer.
- Investment in Guided Pathways to Success planning to support students from enrollment to completion, including redesign of student advising and increased tutoring services.
- Initiation and expansion of degree and certificate programs including Diversity and Social Justice, E-Sports, Cybersecurity, LPN-RN, Audio Programing, Surgical Technology and EMT.
- Responding to the needs of the surrounding community and employer pool by offering educations programs and preparation for high demand occupations. Interface with industry wide employers to identify skills training and hiring needs in order to provide relevant training programs.
- Upgrading of facilities infrastructure with improved energy management systems to drive down maintenance costs.
- Upgrading of facilities infrastructure and classrooms at the Camden Campus.
- Continuing to promote and encourage participation as it relates to diversity, inclusion and unconscious bias.
- Updating cost-effective strategies for renovation projects.
- Continuing to support energy saving initiatives in campus renovations.

The College is constantly looking for new ways to contain its expenditures, including the use of shared services and purchasing cooperatives.

CAMDEN COUNTY COLLEGE
Notes to Financial Statements
For the Fiscal Year Ended June 30, 2022

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Financial Reporting Entity - Camden County College (the "College") is a comprehensive, co-educational, community college, founded in 1967 by the Board of County Commissioners, the governing body of Camden County. The College is an instrumentality of the State of New Jersey, established to function as a two-year community college and is an accredited member of the Middle States Association of Colleges and Schools. The College operates one main campus in Blackwood, New Jersey approximately twelve miles east of the City of Philadelphia. In addition to the main campus, the College operates a campus in the City of Camden and a center in the Township of Cherry Hill. In addition to offering courses at several county high schools, the College has instituted a distance learning program that allows students to choose from internet courses, telecourses, and hybrid courses.

The Board of Trustees of Camden County College consists of the Executive County Superintendent of Schools and ten persons, eight of whom shall be appointed by the appointing authority of the County with the advice and consent of the Board of County Commissioners and two of whom shall be appointed by the Governor. The term of office of appointed members shall be for four years. The Board is responsible for the fiscal control of the College. A president is appointed by the Board and is responsible for the administrative control of the College. The College offers a wide range of academic programs, including associate degrees in arts, science and applied science.

Camden County College is a component unit of the County of Camden as described in Governmental Accounting Standards Board (GASB) Statement No. 61 – *The Financial Reporting Entity: Omnibus an amendment of GASB Statement No. 14 and 34*. The financial statements of the College would be either blended or discreetly presented as part of the County's financial statements if the County prepared its financial statements in accordance with GASB Statement No. 34 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. The County of Camden currently follows a basis of accounting and reporting model that is prescribed by the Department of Community Affairs, Division of Local Government Services, State of New Jersey. Therefore, the financial statements of the College are not presented with the County of Camden's.

Component Units - In evaluating how to define the College for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, *The Financial Reporting Entity*, as amended. Blended component units, although legally separate entities, would in-substance be part of the College's operations, however, each discretely presented component unit would be reported in a separate column in the College's financial statements to emphasize that it is legally separate from the College.

The basic-but not the only-criterion for including a potential component unit within the College is the College's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the College and / or its students.

A third criterion used to evaluate potential component units for inclusion or exclusion from the College is the existence of special financing relationships, regardless of whether the College is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the College could warrant its inclusion within the College's financial statements.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Component Units (Cont'd) - Based upon the application of these criteria, the College has determined that Camden County College Foundation (the "Foundation") meets the requirement for discrete presentation in the financial statements of the College. In accordance with GASB Statement 34 and 35, certain presentation adjustments to the financial statements of the Foundation were required to conform to the classification and display requirements in the aforementioned GASB Statements, as applicable to the College.

Camden County College Foundation is a New Jersey non-profit corporation. The Foundation was formed in 1992 to enhance the College's tradition of academic excellence. The Foundation receives and administers funds from private donations for the purpose of carrying out the educational goals of the College. The Foundation is governed by a board of directors. College employees and facilities are utilized for virtually all daily operating activities of the Foundation. The Foundation reports under Financial Accounting Standards Board (FASB) Standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features.

During the fiscal year ended June 30, 2022, the Foundation distributed \$338,074, to the College for both restricted and unrestricted purposes.

A separate report of audit for the Foundation for the fiscal year ended June 30, 2022, can be obtained at the Foundation's offices at the following address during normal business hours:

Camden County College Foundation
P. O. Box 200
Blackwood, New Jersey 08012

Basis of Presentation - The accompanying financial statements include all activities that are directly controlled by the College. In addition, the financial statements include the financial position and activities of the College's discretely presented component unit, Camden County College Foundation. The financial statements are presented in accordance with accounting principles generally accepted in the United States of America applicable to governmental colleges and universities engaged in business-type activities as adopted by the Governmental Accounting Standards Board (GASB) Statement No. 35 – *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. The financial statement presentation required by GASB No. 35 provides a comprehensive, entity-wide perspective of the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, expenses, changes in net position, cash flows and replaces the fund-group perspective previously required.

Basis of Accounting and Measurement Focus - For financial reporting purposes, the College is considered a special-purpose government engaged in only business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Cash and Cash Equivalents - For the purposes of the statement of cash flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash and cash equivalents. Funds invested through the State of New Jersey Cash Management Fund are also considered cash and cash equivalents.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Cash and Cash Equivalents (Cont'd) - Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The College has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act.

Accounts Receivable - Accounts receivable consists of tuition and fees charged to students and various other receivables. Accounts receivable are recorded net of estimated uncollectible amounts.

Inventory - Inventory consists primarily of Ophthalmic Clinic supplies and is carried on an average cost basis. The cost is recorded as expenses as the inventory is consumed.

Tuition - Each year the Board of Trustees sets tuition rates based on a per credit hour rate. Rates vary based upon residence within Camden County, out of county and international students. Tuition revenue is earned in the fiscal year the classes are taken.

State Aid - The New Jersey Department of Treasury, Office of Management and Budget (OMB) allocates the annual appropriation for community college operating aid according to credit hour enrollments as prescribed by N.J.S.A.18A:64A-22. Aid is based upon audited enrollments, which are made up of credit course categories.

County Aid - N.J.S.A. 18A:64A-22 States that each county which operates a county college shall continue to provide moneys for the support of the college in an amount no less than those moneys provided in the year in which this act is enacted or 25% of the operational expense in the base State fiscal year, whichever is greater.

Unearned Revenue - Unearned revenue represents tuition revenue that has been billed before June 30th for classes that are scheduled to begin the next fiscal year. It also includes cash, which has been received for grants, but not yet earned.

Prepaid Expenses - Prepaid expenses represent payments made to vendors for services that will benefit periods beyond June 30th.

Compensated Absences - Compensated absences are those absences for which employees will be paid for vacation and sick leave when used. A liability is accrued for compensated absences that are earned and unused in accordance with College policy at June 30th of each fiscal year. Eligible employees earn a right to vacation benefits and some sick leave benefits based on seniority.

Leases - The College is a party as lessor and lessee for various noncallable long-term leases of equipment, classroom space and buildings. The corresponding lease receivable or lease payable, are recorded in an amount equal to the present value of the expected future minimum lease receipts or lease payments. Discounted by an applicable interest rate.

Capital and Right-to-Use Lease Assets - Capital assets include land, construction in progress, improvements, buildings, infrastructure assets, such as roads and sidewalks, equipment, vehicles, assets acquired under financed purchases, capitalized software, library books and right-to-use leased equipment. Assets acquired or constructed during the year are recorded at actual historical cost. The College defines capital and right-to-use leased assets as assets with an initial unit cost of \$2,500 or more and an estimated useful life in excess of five years. An exception to the \$2,500 threshold is made for improvements to buildings and site improvements which are capitalized at an initial cost of \$50,000. In addition, an exception to the \$2,500 threshold is made for the purchase of library books in bulk. Purchases of this nature are categorized as a composite group of assets and recorded as such. Right-to-use leased assets include equipment and are recorded at the present value of payments expected to be made during the lease term, plus any upfront payments and ancillary charges paid to place the leased asset into service.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Capital and Right-to-Use Lease Assets (Cont'd) - Donated capital assets are valued at their estimated fair market value on the date of donation. Expenditures that enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the fixed asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized.

The property, plant and equipment of the College is depreciated using the straight-line method over the useful lives of the assets, generally 20 years for land improvements, 50 years for buildings, 5 to 20 years for vehicles and equipment, 25 to 50 years for infrastructure, 5 to 10 years for capitalized software, and 5 years for library books. Assets purchased under financed purchases are depreciated over the term of the agreement as opposed to the useful life of the asset. Construction in progress is depreciated when the asset is placed into service. Right-to-use leased assets are amortized on a straight-line basis over the life of the lease.

Allowance for Doubtful Accounts - The allowance for doubtful accounts represents the amount estimated to be uncollectible for student accounts receivable. The amount is adjusted annually based on past year's collection rates. It is the College policy to write off uncollectible accounts after one year of delinquency. The allowance for June 30, 2022, was \$555,340.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Scholarship Discounts and Allowances - Student tuition and fees revenue, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowance are the difference between the stated charge for goods and services provided by the College and the amount paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs are recorded as either operating or non-operating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance. The amount of scholarship discount and allowance for the fiscal year ended June 30, 2022, was \$10,050,680.

Non-Current Liabilities - Non-current liabilities include (1) principal amounts of mortgage notes and lease obligations with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year; and (3) other liabilities that, although payable within one year, are to be paid from funds that are classified as non-current assets.

Financial Dependency - Among the College's largest revenue sources include appropriations from the State of New Jersey and County of Camden, including contributions made by the State on behalf of the College for the Alternate Benefit Program. The College is economically dependent on these appropriations to carry out its operations.

State of New Jersey On-Behalf Payments for Fringe Benefits - The State of New Jersey, through separate appropriations, pays certain fringe benefits on-behalf of College employees. These benefits include Alternate Benefit Program pension contributions and certain retiree health benefits. These amounts are included in both the State of New Jersey appropriations revenues and operating expenses in the accompanying financial statements.

Income Taxes - The College is a political subdivision of the State of New Jersey and is excluded from Federal income taxes under Section 115 (1) of the Internal Revenue Code, as amended.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Classification of Revenues - The College has classified its revenues as either operating or non-operating revenues in accordance with GASB Statement No. 33 – *Accounting and Financial Reporting for Non-exchange Transactions*.

Operating Revenues - Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises and (3) most federal, state and local government grants and contracts as well as federal appropriations.

Non-Operating Revenues - Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 9 – Reporting Cash Flows of Proprietary and Non-expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting and GASB Statement No. 35, such as state appropriations, county appropriations, certain federal and state student financial aid, investment income, and amounts paid by the State of New Jersey on behalf of the College for the employer contribution to the Alternate Benefit Program (ABP) and other postemployment benefits (OPEB).

Deferred Outflows and Deferred Inflows of Resources - The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The College is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans, postemployment benefit plans and leases.

Net Position - The College's net position is classified as follows:

Net Investment in Capital and Right-to-Use Leased Assets - This represents the College's total investment in capital and right-to-use leased assets, net of outstanding debt obligations related to those assets. To the extent debt has been incurred but not yet expended for these assets, such amounts are not included as a component of Net Investment in Capital and Right-to-Use Leased Assets.

Restricted Net Position - Expendable - Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend resources in accordance with the restrictions imposed by external third parties.

Restricted Net Position - Non-Expendable - Restricted non-expendable is comprised of donor-restricted endowment funds. Endowments are subject to restrictions of gift instruments requiring that the principal be invested in perpetuity.

Unrestricted Net Position - Unrestricted net position represent resources derived from student tuition and fees, state and county appropriations and sales and services of educational departments and auxiliary enterprises. These resources are used for the transactions related to the educational and general operations of the College, and may be used at the discretion of the Board of Trustees to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

The College's policy is to first utilize available restricted expendable, and then unrestricted, resources in the conduct of its operations.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Impact of Recently Issued Accounting Principles****Recently Issued and Adopted Accounting Pronouncements**

The College implemented the following GASB Statement for the fiscal year ended June 30, 2022:

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements that will become effective for the College for fiscal years ending June 30, 2023 and 2025, respectively:

Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Statement is effective for the fiscal year ending June 30, 2023. The implementation of this statement will be similar to GASB Statement No. 87 for leases. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the College.

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement will become effective for the College in the fiscal year ending June 30, 2025. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the College.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits might not be recovered. Although the College does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the College in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, athletic and student activity funds, or funds that may pass to the College relative to the happening of a future condition.

As of June 30, 2022, the College's bank balances of \$31,140,389 were insured by FDIC or GUDPA.

New Jersey Cash Management Fund - During the fiscal year ended June 30, 2022, the College participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Fund's participants. Deposits with the New Jersey Cash Management Fund are not subject to categorization as defined above. At June 30, 2022, the College had \$4,175,035, invested in the Fund.

Note 3: CAPITAL AND RIGHT-TO-USE LEASED ASSETS

A summary of changes in the various capital and right-to-use leased asset categories for the fiscal year ended June 30, 2022, is presented as follows:

Total Capital and Right-to-Use Assets, Net	\$ 159,313,247	\$ 802,067	\$ -	\$ -	\$ 160,115,314

Depreciation/Amortization expense for the fiscal year ended June 30, 2022 was \$5,340,879.

Projects were completed during the fiscal year resulting in \$11,501,599, being reclassified from Construction in Progress.

During fiscal year 2022 the College sold a parcel of land for \$810,000. The land was not included in the College's capital asset inventory, and it was discovered that it was donated to the College in 1967. It was determined that the value of the donated land in 1967 was under \$20,000, therefore, a prior period adjustment for its value was not made and the entire proceeds is deemed to be gain on sale of capital assets.

Note 4: LEASE RECEIVABLE

Note 4: LEASE RECEIVABLE (CONT'D)

Deferred inflows of resources mirror the principal payment maturities as described above. Deferred inflows of resources related to leases receivable are amortized and recognized as revenue on a straight-line basis over the life of the lease.

Future lease revenues, in total, as of June 30, 2022 are as follow:

Fiscal Year Ended June 30,	Principal	Interest	Total
2023	\$ 924,167	\$ 58,958	\$ 983,125
2024	805,948	26,734	832,682

Note 8: COMPENSATED ABSENCES

Accrued vacation and sick leave represents Camden County College's liability for the cost of unused employee vacation and sick time payable in the event of employee termination. College employees are granted vacation and sick time in varying amounts under the college personnel policies and negotiated agreements. In the event of retirement or termination, an employee is reimbursed for unused vacation and vested sick time at various amounts. At June 30, 2022, the Compensated Absences Liability was \$2,919,093.

Note 9: LEASE PAYABLE

Lease agreements are summarized as follows:

<u>Description</u>	<u>Monthly Payment Amount</u>	<u>Total Lease Liability</u>	(Restated) Balance <u>July 1, 2021</u>	<u>Additions</u>	<u>Deductions</u>	Balance <u>June 30, 2022</u>	Current <u>Portion</u>

			<u>\$ 152,838</u>	<u>\$ 78,714</u>	<u>\$ (78,654)</u>	<u>\$ 152,898</u>	<u>\$ 87,802</u>

On January 1, 2020, the College entered into a 48-month lease agreement for 70 Ricoh copiers, with payments due the beginning of each month. The end of the lease term is December 31, 2024. The implied interest rate is based on the College's estimated incremental borrowing rate of 2.415%. It is estimated that the lease will not be renewed beyond December 31, 2024, and a new lease will be entered into for new copiers.

On July 1, 2021, the College entered into a 48-month lease agreement for mail weighing system, with payments due the beginning of each month. The end of the lease term is June 30, 2025. The implied interest rate is based on the College's estimated incremental borrowing rate of 1.675%. It is estimated that the lease will not be renewed beyond June 30, 2025, and a new lease will be entered into for new a new system.

On January 1, 2022, the College entered into a 26-month lease agreement for a Ricoh copier, with payments due the beginning of each month. The end of the lease term is February 1, 2024. The implied interest rate is based on the College's estimated incremental borrowing rate of 4.704%. It is estimated that the lease will not be renewed beyond February 1, 2024, and a new lease will be entered into for new a copier.

Note 9: LEASE PAYABLE (CONT'D)

Annual requirements to amortize the lease obligations and related interest are as follows:

Fiscal Year Ended June 30,	Principal	Interest	Total

During the fiscal year ended June 30, 2022, the College recognized \$78,654 and \$4,216, in amortization of lease liability principal and interest on leases, respectively.

Note 10: COUNTY DEBT SERVICE AGREEMENT PAYABLE

The College has an agreement in place with the County of Camden to reimburse them principal and interest for debt service related to bond issues relating to capital construction and other related capital items. The County issues the serial bonds and holds the proceeds until the College disburses the funds and bills the County for reimbursement. Some of the serial bonds are issued in connection with the State of New Jersey Chapter 12 Debt Service program. In 1971, the State enacted the Chapter 12 program in which the State pays for one-half the debt service on bonds issued by county governments on behalf of County Colleges. In these circumstances, the College would only reimburse the County one-half of the debt service, as the State of New Jersey is reimbursing the County the other one-half.

During the fiscal year ended June 30, 2022, the County of Camden re-negotiated its Debt Service Agreement Payable with the College and as a result the College has incurred an additional \$10,023,137 in related County Debt Service Agreement Payable.

The following represents information on the various issues and outstanding balances at June 30, 2022:

	<u>\$ 20,983,000</u>	<u>\$ 3,372,913</u>	<u>\$ 24,355,913</u>

During the fiscal year ended, the County of Camden forgave \$1,023,409 and \$628,239, in principal and interest, respectively.

Note 11: REIMBURSEMENT AGREEMENT/MORTGAGE PAYABLE

On July 15, 2002, the Camden County Improvement Authority (the Authority) issued \$12,500,000 of County-Guaranteed Lease Revenue Bonds (Camden County College Project), Series 2002. A substantial portion of the 2002 Bonds, in the aggregate principal amount of \$12,233,000, are entitled to the benefits of the provisions of the County College Bond Act, P.L. 1971, c. 12 (N.J.S.A. 18A:64-22.1 et. seq). Proceeds from the bonds were used to finance the Camden Technology Center (CTC); an approximate 279,000 square foot eight-story multi-purpose structure containing approximately 640 parking spaces, a 13,800 square foot college bookstore as well as 39,400 square feet of classroom and office space; and the acquisition and installation of capital equipment. Construction of this facility was completed during fiscal year 2005.

The College entered into an agreement dated July 1, 2002 with the Authority, where the College will pay the Authority amounts and at times sufficient to pay the principal and interest on the 2002 bonds. In addition to the agreement, a mortgage was entered into between the College, as mortgagor, and the County, as mortgagee. The mortgage requires the College to pay from the proceeds of the garage parking fees amounts equal to the debt service on \$6,383,500. In the event the College does not have sufficient parking fee income to pay the garage's operating expenses as well as the debt service, the obligation carries forward to subsequent periods.

At the end of fifteen years, if an amount remains unpaid, the County of Camden retains the right to foreclose and assume ownership of the property. For the fiscal year ended June 30, 2022, the County of Camden made a basic lease principal payment in the amount of \$12,750, net of interest earned on the investments held by the bond trustee. Under the terms of the Agreement, the College is obligated to repay the County for these payments. Any payment obligation due and payable by the College under the Agreement that remains outstanding continues to remain an obligation until paid in full by the College. This payment is included in the College's liabilities at June 30, 2022. This amount as well as prior and subsequent payments made by the County will be repaid to the County once revenues from the Parking Garage are sufficient to cover the payments in accordance with terms contained in the Agreement. During the fiscal year ended June 30, 2022, the College did not reimburse the County for principal or interest paid.

Note 12: PENSION PLANS

A substantial number of the College's employees participate in one of the following pension plans: the Public Employees' Retirement System ("PERS"), and the New Jersey Alternate Benefit Program (ABP), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several College employees participate in the Defined Contribution Retirement Program (DCRP). The DCRP is administered by Empower (formerly Prudential Financial).

PERS is a cost-sharing, multiple-employer defined benefit retirement plan, while ABP and DCRP are defined contribution retirement plans. Generally, all employees, except certain part-time employees, participate in one of these plans.

Each of the aforementioned plans have a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information, and detailed information about the PERS plan's fiduciary net position that can be obtained by writing to or at the following website:

General Information About the Pension Plans**Plan Descriptions**

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan that was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability, and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the College, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Alternate Benefit Program - The ABP is a tax-sheltered, defined contribution retirement program for certain higher education faculty, instructors and administrators which was established pursuant to P.L.1969, c. 242 (N.J.S.A. 52:18A-107 et seq., specifically, 18A:66-192). The ABP is an agency fund overseen by the State of New Jersey Division of Pensions and Benefits.

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007, under the provisions of P.L. 2007, c. 92 and P.L. 2007, c. 103, and expanded under the provisions of P.L. 2008, c. 89 and P.L. 2010, c. 1. The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq. and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Note 12: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Vesting and Benefits Provisions**

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service.

The following represents the membership tiers for PERS:

Tier Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Alternate Benefit Program - ABP provides retirement benefits, life insurance and disability coverage to qualified members. Benefits are determined by the amount of individual accumulations and the retirement income option selected. All benefits vest after the completion of one year of service.

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The College's contractually required contribution rate was 16.62% of the College's covered payroll for the fiscal year ended June 30, 2022. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Note 12: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

Public Employees' Retirement System (Cont'd) - Based on the most recent PERS measurement date of June 30, 2021, the College's contractually required contribution to the pension plan for the fiscal year ended June 30, 2022, was \$2,050,854 and was paid by April 1, 2022. College employee contributions to the pension plan during the fiscal year ended June 30, 2022, was \$916,112.

Alternate Benefit Program - The contributions requirements of plan members are determined by State statute. In accordance with N.J.S.A. 18A:66-173, required contributions, calculated on the employee's base pay, are 5% for plan members, and 8% for employers. Plan members may make additional voluntary contributions subject to section 403(b) of the internal revenue code.

Under N.J.S.A 18A:66-174, most employer contributions are made by the State of New Jersey on-behalf of the College. The College is responsible for the employer contributions for non-academic employees.

Plan members direct the investment of contributions to insurance companies and mutual fund companies selected by the New Jersey Division of Pensions' Pension Provider Selector Board. These companies administer plan funds based on alternate benefit contracts with the New Jersey Division of Pensions.

Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. The plan carriers are as follows:

AXA Financial (Equitable)
MassMutual Retirement Services
VOYA Financial Services
MetLife
Prudential
Teacher's Insurance and Annuity Association/TIAA
VALIC

During the fiscal year end June 30, 2022, the College's share of the employer contributions for participants not eligible for State reimbursement was \$389,459 employee contributions to the plan were \$891,658, and the State of New Jersey made on-behalf payments for the College contributions of \$1,193,367.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with P.L. 2007, C. 92, and P.L. 2007, C. 103, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the College contributes 3% of the employees' base salary, for each pay period.

For the fiscal year ended June 30, 2022, employee contributions totaled \$92,432 the College recognized pension expense of \$50,414. There were no forfeitures during the fiscal year.

Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The following information relates only to the Public Employees' Retirement System ("PERS"), which is a cost-sharing multiple-employer defined benefit pension plan.

The College reported a liability of \$20,745,541 for its proportionate share of the net pension liability for the fiscal year ended June 30, 2022.

Note 12: PENSION PLANS (CONT'D)**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)**

The net pension liability reported at June 30, 2022 was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The College's proportion of the net pension liability was based on a projection of the College's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

For the June 30, 2021, measurement date, the College's proportion was .1751195958% which was a decrease of .0042257841% from its proportion measured as of June 30, 2020.

The College recognized (\$4,807,394) in its financial statements for pension (benefit) expense for PERS, for the fiscal year ended June 30, 2022. This amount was based on the Plans June 30, 2021, measurement date.

At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to PERS for the June 30, 2021 Measurement Date from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources

Actuarial Assumptions

The net pension liability at June 30, 2022 was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021.

Note 12: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

These actuarial valuations used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00% - 6.00%
	Based on Years of Service
Thereafter	3.00% - 7.00%
	Based on Years of Service
Investment Rate of Return	7.00%
Period of Actuarial Experience	
Study upon which Actuarial	
Assumptions were Based	July 1, 2014 - June 30, 2018

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% for the June 30, 2021, measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in target asset allocation for the June 30, 2021, measurement date is summarized in the following table:

Note 12: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Markets Equity	13.50%	8.71%
Emerging Markets Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Estate	8.00%	9.15%
Real Assets	3.00%	7.40%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%
	<u>100.00%</u>	

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021, measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments in determining the total pension liability.

Note 12: PENSION PLANS (CONT'D)**Sensitivity of College's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

The following presents the College's proportionate share of the net pension liability at the June 30, 2021, measurement date. This amount was calculated using a discount rate of 7.00% for June 30, 2021, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
College's Proportionate Share of the Net Pension Liability	<u>\$ 28,251,221</u>	<u>\$ 20,745,541</u>	<u>\$ 14,375,909</u>

Pension Plan Fiduciary Net Position

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 13: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

Plan Description and Benefits Provided - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publicly available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

Note 13: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)(CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****General Information about the OPEB Plan (Cont'd)**

Contributions - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Employees Covered by Benefit Terms - At June 30, 2021, the OPEB Plan's measurement date, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	213,901
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	150,427
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-
	<u>364,328</u>

Total Non-Employer OPEB Liability

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP pension participants. The College's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the College did not recognize any portion of the collective net OPEB liability on the statement of net position.

The State's proportionate share of the net OPEB liability associated with the College as of June 30, 2022, was \$105,049,766. Since the OPEB liability associated with the College is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

The total non-employer OPEB liability reported at June 30, 2022 was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. For the June 30, 2021, measurement date, the State's proportionate share of the non-employer OPEB liability associated with the College was .1750606203%, which was a decrease of .0063968563% from its proportion measured as of June 30, 2020.

Actuarial Assumptions and Other Inputs - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2020, which was rolled forward to June 30, 2021, used the following actuarial assumptions, applied to all periods in the measurement:

Note 13: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)(CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)****Salary Increases**

Thereafter	1.55 - 5.65%	3.00 - 7.00%	Not Applicable

* based on service years

Inflation Rate - 2.50%.

Mortality Rates - Current and future retiree healthy mortality rates were based on the PUB-2010 "General" classification and PUB-2010 Health "Teachers" classification headcount-weighted mortality tables with fully generational mortality improvement projections from the central year using Scale MP-2021.

Disabled mortality was based on the PUB-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Experience Studies - The actuarial assumptions used in the June 30, 2020, valuation, which was rolled forward to June 30, 2021, were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS, and PFRS, respectively.

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

Discount Rate - The discount rate for the June 30, 2021, measurement date was 2.16%. This represents the municipal bond return rates as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Note 13: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)(CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Changes in the Total Non-Employer OPEB Liability**

The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the College:

Balance at June 30, 2021		\$	123,046,247
Changes for the Year:			
Service Cost	\$	4,774,756	
Interest Cost		2,725,102	
Changes in Benefit Terms		(111,813)	
Difference between Expected and Actual Experience		(23,411,216)	
Changes in Assumptions		103,640	
Member Contributions		69,667	
Gross Benefit Payments		(2,146,617)	
Net Changes			(17,996,481)
Balance at June 30, 2022		\$	105,049,766

Benefit changes: the change in liability for the measurement period from June 30, 2020 to June 30, 2021 is due to employers adopting Chapter 44 provisions.

Differences between expected and actual experience reflect a decrease in liability for the measurement period from June 30, 2020 to June 30, 2021 due to changes in the census.

Changes in assumptions reflect an increase in the liability for the measurement period from June 30, 2020 to June 30, 2021 is due to the combined effect of the decrease in the assumed discount rate from 2.21% as of June 30, 2020 to 2.16% as of June 30, 2021; and changes in the trend, salary scale, and updated mortality projection scale.

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Discount Rate - The State's proportionate share of the total non-employer OPEB liability, associated with the College, as of the June 30, 2021, measurement dates, using a discount rate of 2.16%, as well as using a discount rate that is 1% lower or 1% higher than the current rate used are as follows:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the College	\$ 125,833,128	\$ 105,049,766	\$ 88,684,116

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability

OPEB Expense - For the fiscal years ended June 30, 2022, the College recognized \$5,098,078 in OPEB expense and revenue, for the State's proportionate share of the OPEB Plan's OPEB expense, associated with the College. These expenses and revenues were based on the OPEB Plan's June 30, 2021, measurement date.

Deferred Outflows and Inflows of Resources - In accordance with GASBS No. 75, the College's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources by the College; however, at June 30, 2021, the State's proportionate share of the total non-employer OPEB liability's deferred outflows of resources and deferred inflows of resources, associated with College, from the following sources are as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between Expected and Actual Experience	\$ 15,835,786	\$ 31,527,303

Note 19: AUXILIARY OPERATIONS - BOOKSTORE

The College has an agreement with Barnes & Noble, Inc., for the operation of the official *Campus Store* (Bookstore) at the Blackwood Campus and Rohrer Center. The agreement commenced on August 1, 2017 and continues through June 30, 2025.

In addition, the College has a separate agreement with Barnes & Noble, Inc. for the operation of the *University District Bookstore* (Joint Bookstore) at the Camden County College's Technology Center in Camden, New Jersey. This bookstore serves Camden County College, Rutgers University-Camden Campus, and Rowan University. These institutions have jointly subcontracted for the provision of bookstore services at this facility. The agreement is in effect until June 30, 2025.

Net commissions paid to the College for the fiscal years ended June 30, 2022, was \$406,184.

Note 20: COMMITMENTS**Joint Health Sciences Center**

The College has entered into an agreement with the Rowan University/Rutgers-Camden Board of Governors (Board of Governors), to be part of a Joint Health Sciences Center (the building) to be located in Camden, New Jersey. The building will be shared by Camden County College, Rowan University and Rutgers-Camden University. Once the building is completed, each of the three College's will own a share of the building and contribute to its maintenance. In total, Camden County College has committed \$10,000,000 towards the building (\$7,500,000 grant from the State of New Jersey – Building Our Future Bond Act Grant and \$2,500,000 from the County of Camden). To date the College has expended \$7,420,270 against the project and is committed to pay \$2,579,730 in future fiscal years.

Note 21: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the College expects such amount, if any, to be immaterial.

Litigation - The College is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the College, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Note 22: CONCENTRATIONS

The College depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the College is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 25: DISCRETELY PRESENTED COMPONENT UNIT DISCLOSURES

The significant disclosures of the discretely presented component unit, Camden County College Foundation, are as follows:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities - Camden County College Foundation (the "Foundation") exists to enhance Camden County College's (the "College") tradition of academic excellence. Its purpose is to provide additional resources to support the comprehensive mission of the College. Specifically, additional resources provided by the Foundation support four areas critical to College excellence and to ensure student access to college-level study: student scholarships for those with financial need and special talents; academic equipment to ensure that students and faculty are applying skills using state-of-the-art technologies; faculty and staff development to ensure that the College's investment in its human resources is equivalent to its investment in physical and technological resources; and innovation to support strategic initiatives that are related to the continuing development and excellence of the College.

Although the Foundation is a legally separate, non-for-profit organization, because of the significance of its operational and financial relationships with the College it is considered a component unit of the College.

The Foundation is governed by an independent, twenty-five member volunteer board of trustees, with additional honorary trustees, as approved.

Basis of Accounting - The financial statements of the Foundation are prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Note 25: DISCRETELY PRESENTED COMPONENT UNIT DISCLOSURES (CONT'D)**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Financial Statement Presentation - The Foundation's financial statements are prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Foundation to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions – net assets that are not subject to donor-imposed stipulations. This includes funds that are designated for discretionary use by the Foundation.

Net assets with donor restrictions – net assets subject to stipulations imposed by donors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increased in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Cash and Cash Equivalents - The Foundation considers all highly liquid investments with an initial maturity of three months or less to be cash and cash equivalents. The Foundation places its cash and cash equivalents on deposit with financial institutions in the United States and include checking, savings and money market accounts.

Investments - The Foundation reports all investments in marketable securities with readily determinable fair values and all investments in debt securities at fair value in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Alternative investments are stated at fair value based on valuations provided by the general partner. Individual investment holdings within the alternative investment may include investments in both nonmarketable and market-traded securities. The Foundation has adopted the provisions provided for in the Financial Accounting Standards Board ("FASB") Accounting Standards Update number 2009-12 – "Fair Value Measurements and Disclosures", in which the FASB developed a practical expedient, allowing the Foundation to record certain alternative investments at net asset value ("NAV"), without adjustment for restrictions, if any. Investment valuations may be based on estimates that require varying degrees of judgment where readily available fair values do not exist. Generally, fair value reflects net contributions to the investee and an ownership share of realized and unrealized investment income and expenses.

Income Taxes - The Foundation claims exemption from federal and state income taxes under section 501(c) (3) of the Internal Revenue Code and, accordingly, does not record a provision for income taxes on related income. The Foundation is eligible to receive a charitable contribution deduction under Section 170(b)(1)(A) and is classified as an organization other than a private foundation under Section 509(a)(2). The Foundation regularly reviews and evaluates its tax positions taken in previously filed information returns and as reflected in its financial statements, with regard to issues affecting its tax-exempt status, unrelated business income, and related matters. The Foundation believes that in the event of an examination by taxing authorities, the Foundation's positions would prevail based upon the technical merits of such positions. Therefore, the Foundation has concluded that no tax benefits or liabilities are required to be recognized in accordance with the new requirements.

Fair Value Measurement - The Foundation follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements.

Note 25: DISCRETELY PRESENTED COMPONENT UNIT DISCLOSURES (CONT'D)**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions - Unconditional cash contributions and other assets, including securities, to the Foundation are reported at fair value on the date they are received. Conditional contributions and indications of intentions to give are reported at fair value on the date the gift becomes unconditional. Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restriction if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Contributions Receivable - The Foundation records contributions receivable that are expected to be collected within one year at net realizable value. An allowance for uncollectable contributions receivable is determined based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Management has determined that no allowance for uncollectable contributions was required at June 30, 2022.

B. INVESTMENTS

Investments, stated at fair value, are composed of the following as of June 30, 2022:

	<u>2022</u>
Marketable Securities:	
Corporate Stocks	\$ 1,188,501
Corporate Bonds and Notes	551,245
Exchange Traded & Close End Funds	561,785
Government Securities	190,812
Nonmarketable Securities:	
Alternative Investments	135,902
	<u>\$ 2,628,245</u>

Investment returns as of June 30, 2022, were \$(274,797).

C. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", established a hierarchy for inputs used in measuring fair value that maximized the use of observable inputs and minimized the use of unobservable inputs, requiring that inputs that are most observable be used when available. Observable inputs are inputs that market participants operating within the same marketplace as the Foundation would use in pricing the Foundation's assets or liability based on independently derived and observable market data. Unobservable inputs are inputs that cannot be sourced from a broad active market in which assets or liabilities identical or similar to those of the Foundation are traded.

Note 25: DISCRETELY PRESENTED COMPONENT UNIT DISCLOSURES (CONT'D)**C. FAIR VALUE MEASUREMENTS (CONT'D)**

The Foundation estimates the price of any assets for which there are only unobservable inputs by using assumptions that market participants that have investments in the same or similar assets would use as determined by the money managers for each investment based on best information available in the circumstances. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable as follows:

Level 1 - Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.

Level 3 - Valuation based on inputs that are unobservable and reflect management's best estimate of what market participants would use as fair value.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Any transfer between fair value hierarchy levels is recognized by the Foundation at the end of each reporting period.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

- **Corporate Stocks** - Valued at quoted market prices in active markets on which individual securities are traded.
- **Corporate Bonds and Notes** - Valued based upon quotes from independent pricing vendors based upon independent pricing models or other model-based valuation techniques such as present value of the stream of expected cash flows adjusted for the security's credit rating and other factors such as credit loss assumptions.
- **Preferred Securities** - Valued at quoted market prices in active markets on which individual securities are traded.
- **Exchange Traded & Close End Funds** - Valued at quoted market prices in active markets on which individual securities are traded.
- **Government Securities** - Valued at quoted market prices in active markets on which individual securities are traded.
- **Alternative investments** - include hedge funds estimated by using the NAV provided by the fund's managers. The Foundation generally records alternative investment at NAV provided by the fund's managers, as the managers have the greatest insight into their investments of their funds and related industry. The Foundation's determination of fair value is based upon the best available information provided by the investment manager and may incorporate management assumptions and best estimates after considered a variety of internal and external factors.

D. NET ASSETS WITH DONOR RESTRICTIONS

The Foundation follows the policy of maintaining funds when grants and gifts are received for specific projects. Such grants and gifts are reported as net assets with donor restrictions – purpose restrictions until the donor-imposed restrictions are satisfied. Net assets with donor restrictions – purpose restrictions include monies raised specifically for scholarships and other programs.

Investment income derived from net assets with donor restrictions – perpetual in nature, which is restricted by the donor for a specific purpose, is included as net assets with donor restrictions – purpose restrictions.

As of June 30, 2022, net assets with purpose restrictions, consisted of the following:

Changes of Benefit Terms

The actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021, included changes due to employers adopting Chapter 44 provisions.

Changes of Assumptions

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2021	2.16%	2018	3.87%
2020	2.21%	2017	3.58%
2019	3.50%		

In addition to changes in the discount rate, other factors that affected the valuation of the net OPEB liability included changes in trend update, mortality projection scale update, and salary scale.

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

SINGLE AUDIT SECTION

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Camden County College
Blackwood, New Jersey 08012

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited **Camden County College's** (the "College"), compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the College's major federal and state programs for the fiscal year ended June 30, 2022. The College's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, **Camden County College's** complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2022.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the audit requirements of State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; Uniform Guidance; and State of New Jersey Circular 15-08-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

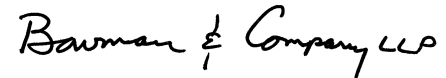

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Report on Internal Control Over Compliance (Cont'd)

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

CAMDEN COUNTY COLLEGE

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance For the Fiscal Year Ended June 30, 2022

Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance ("the schedules") include federal and state award activity of Camden County College (hereafter referred to as the "College"). The College is defined in note 1 to the College's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the College, it is not intended to and does not present the financial position and changes in operations of the College. Accordingly, some amounts presented in the respective schedules may differ from amounts presented in, or used in the preparation of, the College's June 30, 2022 financial statements.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedules are presented using the accrual basis of accounting as described in note 1 to the College's basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3: INDIRECT COST RATE

The College has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note 4: OTHER STUDENT LOAN PROGRAMS

The College is responsible only for the performance of certain administrative duties with respect to Federal Direct Student Loans and New Jersey Class Loans; accordingly, these loans balances are not included in the College's basic financial statements. It is not practical to determine the balance of loans outstanding to students of the College under these programs as of June 30, 2022.

Note 5: DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE)

The College has not received any donations of Personal Protective Equipment (PPE) related to COVID-19.

Note 6: MAJOR PROGRAMS

Major programs are identified in the *Summary of Auditor's Results* section of the *Schedule of Findings and Questioned Costs*.

SUMMARY OF DISCUSSION ONLY ITEMS

DRAFT, ADVISORY AND CONSULTATIVE INFORMATION FOR REVIEW

Client: Camden County College

Year: June 30, 2022

Finding
No. Brief Description of Finding

Enrollment Tuition Projection

D.O. 1 The original analysis that the College provided for the enrollment tuition projection did not have the correct tuition rates for some semesters. Greater care should be taken to report the correct amounts in this projection as certain data is reported to the New Jersey Council of Community Colleges.

Utilization of Remaining COVID-19 Federal Awards

D.O. 2 As of the June 30, 2022 audit report date, the College has approximately \$5.2 Million in COVID-19 Awards remaining, \$2.1 mil HEERF II - Institutional, \$1.5 HEERF III - Student Aid and \$1.0 mil HEERF III - Institutional Aid. If not already fully expended, the College should develop a plan on spending all of the awards prior to their applicable spending expiration date.

Other Testing

D.O. 3 We performed a multitude of other testing, both financial statement substantive testing and grant compliance testing. This testing yielded no exceptions.

Appreciation

D.O. 4 We received the complete cooperation for all departments within the College and greatly appreciate the professionalism and courtesies' extended to us during our audit.

Note: Each of the items above were discussed at the exit conference held on March 13, 2023. The individuals present at the exit conference are indicated in Exhibit I of the Exit Conference Report.

A. SCOPE OF SERVICES AND SIGNIFICANT AUDIT MATTERS

Scope of Services

We have audited the financial statements of Camden County College for the fiscal year ended June 30, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, the *Uniform Guidance*, and State of New Jersey Circular 15-08-OMB, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 1, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Significant Accounting Policies

Management is responsible for the selection and use of the appropriate accounting policies. The significant accounting policies used by the College are described in Note 1 to the financial statements.

As described in Note 1 to the financial statements, the College changed accounting policies related to leases by adopting Statement of Governmental Accounting Standards No. 87, *Leases* in the fiscal year ended June 30, 2022.

Our *Independent Auditor's Report* will include an "Emphasis of Matter" paragraph, which will read as follows:

As described in note 1 to the financial statements, during the fiscal year ended June 30, 2022, the College adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

The "Emphasis of Matter" also included references to the consistency of financial statements resulting from the implementation of GASB Statement No. 87, *Leases*.

Because of the implementation of GASB Statement No. 87, the College has restated net position as of July 1, 2021 on the statement of revenue, expenses and changes in net position see note 24 to the financial statements. As a result of this restatement, our *Independent Auditor's Report* will include an "Emphasis of Matter" paragraph, which will read similarly to the preceding paragraph and will indicate that our opinion is not modified with respect to this matter.

We noted no transactions entered into by the College during the fiscal year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Unusual Accounting Transactions

The College did not have any unusual accounting transactions during the fiscal year ended June 30, 2022.

A. SCOPE OF SERVICES AND SIGNIFICANT AUDIT MATTERS (CONT'D)

Significant Audit Matters (Cont'd)

Management's Judgements and Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates and financial statement disclosures are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates and disclosures affecting the College's financial statements were:

- allowances for uncollectible accounts receivable
- useful lives and depreciation related to capital assets
- other postemployment benefits (OPEB) plan related to the State of New Jersey and pension plans
- leases receivable and leases payable

Management's estimates of the allowance for uncollectible accounts receivable is based on historical revenues, historical loss levels, and an analysis of the collectability of individual accounts.

Management's estimates of the useful lives of capital assets are based on the type of capital asset purchased and the College's historical past use of like capital assets.

Management's estimate of the other postemployment benefits (OPEB) plan and pension plans is based on plan information and assumptions provided by the State of New Jersey Division of Pensions and Benefits.

Management's estimates of leases receivable and leases payable are based on the College's incremental borrowing rate.

We evaluated the key factors and assumptions used to develop the necessary financial statement amounts and disclosures for the aforementioned judgments and estimates in determining that they are reasonable in relation to the financial statements taken as a whole and the financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We are pleased to report that we encountered no difficulties in dealing with management in performing and completing our audit.

A. SCOPE OF SERVICES AND SIGNIFICANT AUDIT MATTERS (CONT'D)

Significant Audit Matters (Cont'd)

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Exhibit I of this exit conference report summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgement, such uncorrected misstatements are immaterial to the financial statements under audit.

In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this communication, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 13, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the College's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all of the relevant facts. To our knowledge, there were no such consultations with other accountants.

Major Issues Discussed with Management Prior to Our Retention

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the College's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

A. SCOPE OF SERVICES AND SIGNIFICANT AUDIT MATTERS (CONT'D)

Significant Audit Matters (Cont'd)

Risk of Fraud

Auditing standards generally accepted in the United States of America require that we plan and perform the audit to detect material misstatements in the financial statements whether caused by error or fraud. During the conduct of our audit, we identified and assessed fraud risk factors and subsequently designed our audit tests in compliance with the standards. It is important to note that fraud risk factors do not necessarily indicate the existence of fraud; however, they are often present where fraud exists. While auditing standards related to the detection of material misstatements in the financial statements as a result of fraud have significantly changed, it is vital that management of the College understand, and take seriously, its role in fraud prevention and detection by establishing programs and controls to help prevent, deter and detect fraud, by monitoring those programs and controls for compliance, and by setting the proper “tone at the top” that fraudulent activity will not be tolerated.

The results of our audit did not disclose the existence of any material misstatements in the financial statements caused by error or fraud.

Audit Findings Reported in Accordance with Applicable Audit Standards

Significant deficiencies and material weaknesses related to internal control deficiencies and matters of noncompliance with applicable laws and regulations are required, by all applicable audit standards, to be communicated to those charged with governance and management. Based upon the results of our audit, no material weaknesses related to internal control, or matters of noncompliance with applicable laws and regulations, were identified that would require formal corrective action by the governing body.

B. OTHER MATTERS

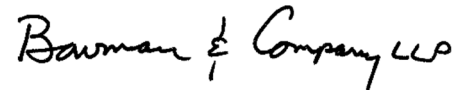

We applied certain limited procedures to the required supplementary information (RSI) that supplements the basic financial statements (i.e. management discussion and analysis, schedule of the College's proportionate share of the net pension liability, schedule of the College's pension contributions, schedule of changes in the College's total OPEB liability, etc.). Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the schedules of expenditures of federal awards and state financial assistance, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

C. USE OF THIS REPORT AND APPRECIATION

This report is intended solely for the information and use of those charged with governance and management of Camden County College, and is not intended to be, and should not be distributed to, or used by, anyone other than these specified parties. It is not to be distributed, copied, used, circulated, quoted, or excerpted for any other purpose. We appreciate this opportunity to serve the College.

ALG-CX-12.2: Audit Difference Evaluation Form

Index 01-07

Governmental Unit: Camden County College

Financial Statement Date: 6/30/2022

Instructions: This form may be used to accumulate audit differences (AD) that are not considered trivial in amount, nature, or circumstances (documented at Step 5 of ALG-CX-2.1). This form should *not* include normal closing entries. At the end of the audit, evaluate all uncorrected audit differences, individually and in the aggregate, in the context of individual opinion units and conclude on whether they materially misstate the financial statements of an opinion unit taken as a whole. This form also provides a space to document any misstatements of disclosures (including quantitative and qualitative misstatements) that are considered when evaluating misstatements in the aggregate. Before evaluating the effect of uncorrected misstatements, reassess whether materiality is still appropriate based on the entity's actual financial results. The notes following the table provide explanations and a listing of qualitative considerations in evaluating materiality. The form allows for quantifying the effect of misstatements, using both the rollover and iron curtain methods, as appropriate. You need to be familiar with the guidance in section 1010 before completing this form.

Description (Nature) of Audit Difference (AD)	Factual (F), Judgmental (J), or Projected (P)	Cause	W/P Ref.	Financial Statement Effect—Amount of Over- (Under-) statement of:						Change in Fund Balance/ Net Position
				Total Assets	Total Liabilities	Working Cap.	Fund Balance/Net Position	Revenues	Expen.	
GASB 75 OPEB Exp	F	Variance with recalculation of OPEB Expense	{01-16}					-185,522	-185,522	
Total				0	0	0	0	-185,522	-185,522	0
Less audit adjustments subsequently booked										
Net unadjusted AD—current year (iron curtain method)				0	0	0	0	-185,522	-185,522	0
Effect of unadjusted AD—prior years										
Combined current year and prior year AD (rollover method)				0	0	0	0	-185,522	-185,522	0
Financial statement caption totals								110,182,849	92,382,323	
Current year AD as % of F/S captions (iron curtain method)				0.00%	0.00%	0.00%	0.00%	-0.17%	-0.20%	0.00%
Current and prior year AD as % of F/S captions (rollover method)				0.00%	0.00%	0.00%	0.00%	-0.17%	-0.20%	0.00%

Qualitative Factors: Describe qualitative factors that entered into your evaluation of whether uncorrected accumulated misstatements are material, individually or in the aggregate, in relation to specific accounts and disclosures and to the opinion unit financial statements as a whole, and the reasons why.

n/a; amounts above individually and as a whole are not material.

Misstatements of Disclosures: Accumulate and describe any misstatements of disclosures, including qualitative and quantitative disclosures, that entered into your evaluation of whether uncorrected accumulated misstatements are material, individually or in the aggregate, in relation to specific accounts and disclosures and to the opinion unit financial statements as a whole.

The State's proportionate share of the OPEB liability disclosed in the notes to financial statements is understated by \$76,917 in relation to the interest cost. The difference in the amount disclosed is not material. Such liability is not recorded on the College's financial statements, therefore footnote disclosure effect only. {1-31}

Conclusion: Based on the results of the evaluation performed above, as well as the consideration of qualitative factors and misstatements by nature or circumstances, uncorrected audit differences, individually and in the aggregate, ☒ do cause the financial statements of opinion unit taken as a whole to be materially misstated.
