ADDITIONAL POLICIES AND PROCEDURES GOVERNING THE NJ STARS PROGRAM

Student graduated in the top 15% of his/her class and student's name appear on the state's junior -year list

The letter must be written on letterhead, signed by an appropriate official and must state your class rank at the point of your graduation and must also include the total number of students in your graduating class. The transcript must include final class rank, final class size and graduation date. Please contact the financial aid office for additional information. If you were not in the top 15% at the point of graduation, but qualified based on your rank at end of your junior year, documentation of your junior rank will be required.

Academic progress appeals

If you encounter academic, personal, financial, family or other difficulties during the semester you must bear in mind that withdrawing from the college will cause you to become ineligible for the NJSTARS program for life. If you are on a college-approved medical or emergency leave due to the illness/emergency of the student, or a member of the student's immediate family you may appeal for continued eligibility.

Exceptions are handled as appeals, and must be accompanied by full medical documentation of the mitigating circumstance and must be submitted to the Office of Financial Aid at time of occurrence. If there is any change of enrollment please contact FAO.
