

Pre K-12 School Services Center at Camden County College

PROFESSIONAL DEVELOPMENT 2019-2020 COURSE CATALOG

A Letter from the Educational School Services Team

Dear Colleagues,

The goal of the Pre K-12 Educational School Services at Camden County College is to provide quality workshops, conferences, and other services to school districts in our regional area and across New Jersey. Through our service, your district or school will be able to access professional development at our locations or at your school district.

With the many State and Federal educational mandates and the desire to keep staff informed of the newest instructional strategies and research based programs, the need for professional development is paramount. As part of our services we can work side by side with district administration and staff in designing and offering effective programs.

Included in this packet is our list of workshops for the 2019-2020 school year. Additionally, if you are interested in a specific topic or category to be presented on your campus, please email us at **ssc@camdencc.edu** or call our office at **856-227-7200, ext. 4165**.

Thank you for your support. We look forward to working with you in the near future.

Sincerely,

Stephen E. Derkoski
Executive Director

Peg Boyd, Raymond Dinovi, Nancy Silver
Educational Specialists

Date.... Thursday, September 26, 2019

Presenter.... Sarah Renninger

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

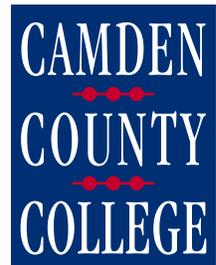

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

This workshop will engage participants in activities that focus on New Jersey Math Standards. Sarah will introduce teachers to a children's book, poem, or song, addressing a particular standard. Participants will receive an idea packet and a list of children's books.

SARAH RENNINGER has been an adjunct professor at Rowan University working with future teachers. Her career started in Pennsauken as an elementary teacher. She then earned her Master's Degree and became a Math Specialist. Sarah retired in 2014. She currently presents a variety of workshops for school districts focusing on Math and new teacher strategies.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Co-Teaching and Collaboration

**SAVE

DATE**

**SEP
27**

Date.... Friday, September 27, 2019

Presenter.... Ernie Brattstrom

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

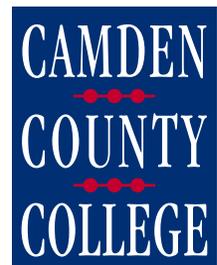

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

Co-Teaching is emerging as one of the strategies through which professionals hope to achieve student success. The purpose of this workshop is to offer those developing co-teaching programs and refining the quality of their programs, research-based information on how to (a) create effective programs; (b) integrate quality instruction; (c) address sustainability; (d) conduct program evaluation; (e) discuss other issues common in co-teaching atmospheres. Bring your teaching partner!

ERNIE BRATTSTROM has been a committed educator for many years serving in a variety of educational positions. He is certified as a teacher of auditory handicapped, teacher of the disabled, speech pathologist, supervisor, principal, and chief school administrator. He is known for his innovative strategies designed to improve delivery of services for the general student population, special needs children and children at risk.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Google Classroom and Sooo Much More

Date.... Friday, September 27, 2019

Presenters... Sue Kornicki, Ed.S.

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

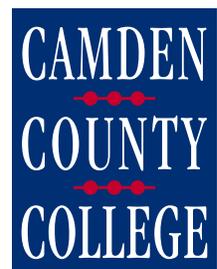

Cost.... \$149 (Registration fee includes a continental breakfast)

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Roosevelt Hall, Room 112

Google Classroom and other apps in the Google Suite for Education have changed the landscape of the digital workflow for students and teachers everywhere. In this hands-on workshop, participants will create their own Google Classroom and explore the many Google applications that will save time and energy while elevating instruction, including Google Docs, Slides and Forms. Participants will also discuss the SAMR Model, a framework for transforming teaching with technology, and how it relates to Google products.

PLEASE BRING A DIGITAL DEVICE TO USE IN THE WORKSHOP

SUE KORNICKI is a Philadelphia native with a B.A. in Elementary and Special Education. She has a Masters Degree in Reading Instruction and an Ed Specialist Masters in Education Supervision. She has worked in the Glassboro Public Schools as a classroom teacher for 26 years and a technology Coordinator for the last three years. Sue loves coaching teachers, traveling, and spending time with family.

**Registration information to follow. Registration is limited.

Presenter.... Brent C. Elder, Ph.D

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

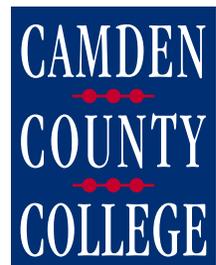

Location.....Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

In this participatory workshop, attendees will discuss facts and myths about autism, gain an overview of how to support students with autism inclusively, and learn about person-first perspectives concerning those with autism labels. Dr. Elder will discuss specific classroom strategies he has found effective with his own students, and facilitate small group discussions during which participants will review instructional content for students with autism labels. Participants will also create materials that can be immediately applied to their specific classroom settings.

DR. ELDER'S research focuses on the development of sustainable inclusive education practices in under-resourced schools. During the 2015-16 academic year, he conducted his doctoral research in Kenya as a Fulbright scholar. Dr. Elder has published in many journals including the Disability & Society, International Journal of Inclusive Education, and the Journal of International Special Needs Education to name a few. In the Fall, he will continue his work as a professor-in-residence at Bowe Elementary School in Glassboro and teach a PhD course on topics related to disability studies. When not teaching, he enjoys traveling, live music, and spending time with family.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Dealing with Difficult Students

**SAVE

OCT

2

Date.... Wednesday, October 2, 2019

Presenter.... Ernie Brattstrom

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

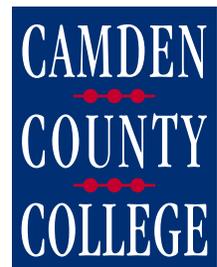

Location.... Eileen Abbott Central Admin Building
206-E Holly Ave.
Sewell, NJ 08080

This workshop will focus on designing and implementing individualized behavior improvement plans for helping students learn to behave independently and responsibly. The focus will be on identifying the factors that perpetuate any chronic misbehavior and then designing intervention strategies that “fit” the “function” of the problem. Participants will be presented with different techniques and strategies to use in the classroom to increase student motivation and decrease misbehavior.

ERNIE BRATTSTROM has been a committed educator for many years serving in a variety of educational positions. He is certified as a teacher of auditory handicapped, teacher of the disabled, speech pathologist, supervisor, principal, and chief school administrator. He is known for his innovative strategies designed to improve delivery of services for the general student population, special needs children and children at risk.

Date.... Friday, October 4, 2019

Presenter.... Cheryl Tartaglione

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

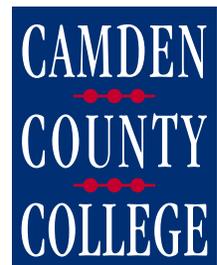

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

This workshop reviews the most recent legislation, the definition of dyslexia and the impact on the development of foundational reading. Participants will gain an understanding of the causes, prevalence and treatment for Dyslexia.

CHERYL TARTAGLIONE is a Reading Specialist with a master's degree in reading. She is an OrtonGillingham therapist who served for nine years as a practicum instructor for Fairleigh Dickinson University at the Children's Dyslexia Center in Northfield, NJ. A member of the International Dyslexia Association (IDA) and the International Multisensory Structured Language Education Council (IMSLEC), she is trained in several multisensory based reading programs including Wilson Language System, Language, Project Read (all strands) and LiPs. Cheryl Tartaglione has provided in-service training for ASAH, EIRC, NJAIS, NJIDA and the Foundation for Educational Administration, as well as numerous school districts throughout NJ. She is currently serving as a reading specialist and a response to intervention teacher for Glassboro Public Schools.

Connector Building, Room 353

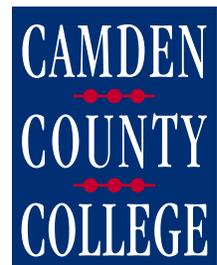

McRel Teacher Evaluation

Have you hired new teachers or do you have novice teachers in your district, or are you a new or novice teacher? This workshop is for you! Cal will explore the McRel framework and discuss the evaluation process. There will be examples and hands-on techniques as well as a question and answer session at the end of the workshop.

CALVIN CIZEK is the former Director of Special Services for Gateway Regional High School. He has consulted and trained extensively with districts across New Jersey in both McRel and Danielson evaluation models. In addition, he conducts workshops on a variety of topics at both the K-12 and college levels.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Be Ready, Set and All in to Engage Your Students in Three-Dimensional Science Learning

**SAVE
THE
DATE**

OCT

16

Date.....Wednesday, October 16, 2019

Presenter.....Barbara Mammen

Time.....Registration - 8:00 am to 8:30 am
Workshop - 8:30 am to 12:00 pm

Cost.....\$149 (Registration fee includes a continental breakfast)

Location.....Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

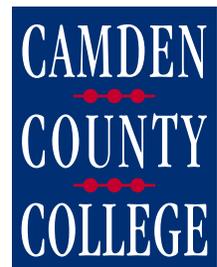

The NJ Student Learning Standards in Science call for a three-dimensional approach to science and engineering education in every K-12 classroom where science is all or part of the curriculum. This shift from previous standards requires both students and teachers to experience "science as both a body of interconnected knowledge and an evidence-based model building enterprise that continually extends, refines, and revises knowledge." Students asking questions to drive their own learning, constructing scientific explanations to promote understanding, and developing models to represent ideas are essential to this approach. Educators attending this interactive and engaging workshop will:

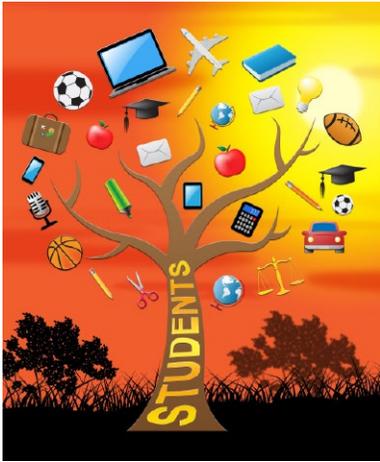

- realize how three-dimensional science teaching and learning is achieved
- actualize a strategy through which their students make claims, support claims with evidence, construct explanations and engage in argumentation
- recognize how and why students should develop, evaluate, and revise their own models
- facilitate an approach to deliberately teach the skill of asking questions

BARBARA MAMMEN has over 35 years' experience in education, including experience as Supervisor of Science and Technology. Barbara has held positions at Stevens Institute of Technology's Center for Innovation in Engineering and Science Education, and Rider University's Graduate School Of Education. She holds a Bachelor's Degree in Elementary Education from Pace University and a Master's Degree in Science and Environmental Education from Brooklyn College.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

NOV

14

Date.... Thursday, November 14, 2019

Presenter.... Jaime Doldan

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

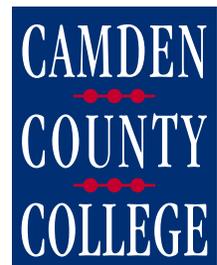

Cost.... \$149 (Registration fee includes a continental breakfast)

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

If your school or district is considering the transition from a traditional grading system to Standards Based or Aligned Grading, this is the workshop for you! This practical “how to” workshop, will cover the research behind the standards based movement, and tackle many of the major questions, challenges, and benefits to a standards based reporting system. This workshop will address:

- The steps to be taken prior to making the decision to move to a Standards Based System.
- The pit falls administrators, teachers, and parents face when moving to a Standards Based Reporting system
- A review of helpful text resources to assist administrators and teachers in understanding Standards Based Grading.
- A review of various formats districts can take for report cards and rubrics
- Provide guidance on “next steps” on how to pace, and plan to transition to Standards Based Grading.

JAIME DOLDAN has been in education for 20+ years. She began her teaching career in the Salem City School District and then the Franklin Township School District, where she has also served as Instructional Math Coach, Instructional Supervisor, and currently supervisor of Curriculum and Instruction.

**Registration information to follow. Registration is limited.

Cost.... \$149 (Registration fee includes a continental breakfast)

Location.... Camden County College

200 College Drive

Blackwood, NJ 08012

Connector Building, Room 353

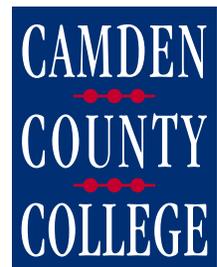

Participants will receive an overview of the specific mental health issues present in schools today. Discussions on how students display communication patterns and behaviors and how to distinguish from intentional disruptive behaviors will take place. Specific intervention techniques for communication with students who may be presenting mental health concerns will be discussed. Additionally, school-based strategies and interventions in reference to restorative discipline practices will be presented with ways to incorporate social emotional development to combat some mental health concerns and increase coping skills.

DR. KARA IEVA is an Associate Professor in the Counseling in Educational Settings program at Rowan University. She also serves as the Director of Academic and Student Services for the STEAM Academy pre-college programs. She is a former Spanish teacher and school counselor in both the middle and high school settings. Kara's areas of research interest include counseling students P-20 in college and career readiness, with expertise in group counseling and supervision, and implementing social-emotional development into classroom curricula to aid with coping skills. .

We know from research that there is a strong correlation between student engagement, and student achievement. What does it look like when a lesson is engaging the students? This workshop will not just define engagement but will also provide no less than a dozen examples of engaging lessons that can immediately be transformed into activities that can be used in your own classroom. All participants will have access to the presenter's e-mail address and the workshop slides, to ensure that coaching will be available long after the initial training has ended.

DR. JAY DUGAN has been an educator for over 40 years. He has been a public school teacher, curriculum supervisor, principal, and superintendent. Currently he serves as the Vice President of curriculum, instruction, and professional development for the charter school management company, CSMI. He also serves as an adjunct college professor at Rowan University. Dr. Dugan offers trainings, consultations, and keynote addresses across the state of New Jersey. He was inducted into the New Jersey Council of Education in 2015, and selected for the Rowan Alumni Board of Trustees in 2018.

Registration information to follow. Registration is limited.

Date.... Monday, December 2, 2019

Presenter.... Patty Skalka

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

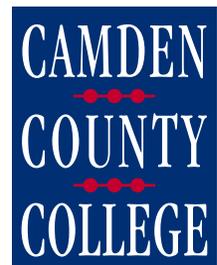

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

Participants will view student art projects on Pinterest, Artsonia and through image searches on the internet. Using an open mind, we will analyze and critique the work, as if it were a gallery piece, examining how the principles and elements of design are being used. We will examine the following questions: How can this project connect with the previous project you just taught? What standards can be used? How will I relate this lesson to the district observation system? We will look at how to engage students through YouTube. We will also discuss how to develop habits for students to continue doing art at home and not only in your classroom.

PATY SKALKA has been an Art Educator for 36 years in New Jersey public schools. She has earned Degrees from AFA Middlesex County College and a Bachelors in Art Education from Glassboro State College. While teaching, she was an active member of AENJ and a workshop presenter at conferences. She is experienced in teaching grades K to 12 and all areas of Special Education.

Update from the Division of Student Services. Presented by Kim Buxenbaum, Psy.D, Director of Office of Special Education from the NJDOE

SESSIONS

A. Dozens of Ways to Relate & Empower the Motivationally Challenged Student

presented by Ernie Brattstrom, Learning Tree Consultants, LLC

Key strategies to help your most challenging students learn and work up to their personal potential will be presented.

B. Mental Health Issues in Children *presented by Kara Ieva, Associate Professor of Counseling in Educational Settings at Rowan University*

Specific mental health issues in schools today and practical intervention techniques will be discussed.

C. Autism *presented by Dr. Brent Elder, Assistant Professor of Interdisciplinary & Inclusive Education at Rowan University*

Gain an overview of how to support students with Autism. Facts, myths, and labels related to autism will be addressed.

D. Managing Difficult Students *presented by Tony DeCaesar, BCBA, Esquire*

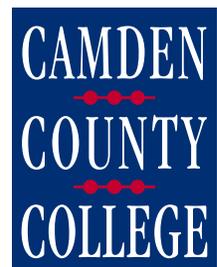

Information on assessing needs, services and programming for students with emotional and behavioral disabilities in school will be shared.

Please choose TWO sessions from above.

Identify your two choices by "Letter" on your registration page.

During this workshop participants will look at different activities that can be used in the Physical Education classroom to reinforce Language Arts content. Participants will leave with fresh ideas that incorporate movement and allow for an improved kinesthetic learning connection. This workshop is appropriate for elementary health and physical education teachers.

DR. STEVE WEHRLE, EdD is an elementary Health and Physical Education teacher in the state of New Jersey. He has served on several state and regional committees advocating for health and physical education curriculum reform and importance. Steve recently received the New Jersey elementary Physical Education Teacher of the Year award from NJAHPERD, as well as the SHAPE America MABEL award for commitment and service to the fields of health and physical education. His presentations have covered topics ranging from physical activity and its influence on behavior, cognitive benefits of physical activity, fitness instruction and testing, and integration of a comprehensive physical activity program in schools.

Connector Building, Room 353

In this participatory workshop, attendees will discuss Response to Intervention (RTI) as a multi-tier approach to the early identification and support of students with learning and behavior needs. The RTI process begins with high-quality scientifically based instruction and universal screening of all children in the general education classroom. Participants will look at interventions provided to struggling learners at increasing levels of intensity to accelerate their rate of learning. The multi-tiered approach, used to efficiently differentiate instruction for all students, and how instructional interventions should be used to match identified deficits, will be discussed.

CHERYL TARTAGLIONE, is a Reading Specialist with a master's degree in reading. She is an Orton-Gillingham therapist who served for nine years as a practicum instructor for Fairleigh Dickinson University at the Children's Dyslexia Center in Northfield, NJ. A member of the International Dyslexia Association (IDA) and the International Multisensory Structured Language Education Council (IMSLEC), she is trained in several multisensory based reading programs including Wilson Language System, Language, Project Read (all strands) and LiPs. Cheryl Tartaglione has provided in-service training for ASAH, EIRC, NJAIS, NJIDA and the Foundation for Educational Administration, as well as numerous school districts throughout NJ. She is currently serving as a reading specialist and a response to intervention teacher for Glassboro Public Schools.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Writing IEPs

**SAVE

DATE**

JAN

24

Date.... Friday, January 24, 2020

Presenter.... Calvin Cizek, New Road Educational Consulting

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

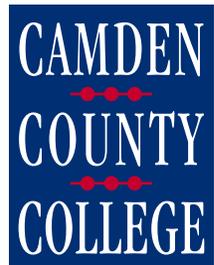

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

In this workshop, participants will review writing useful IEPs. They will focus on the “three-way match” between present levels, goals, and modifications. Participants will learn to strengthen the clarity and overall effectiveness of their IEPs. Writing useful PLAAFPs, goals, and modifications, as well as transition plans will be discussed and modeled. This workshop is for elementary and secondary special education teachers.

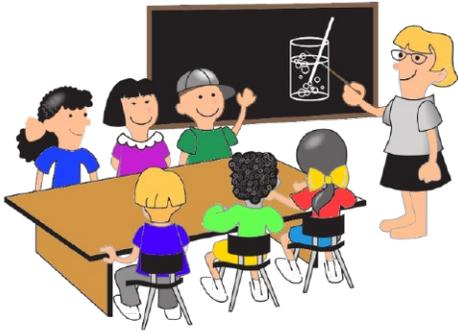

CALVIN CIZEK is the former Director of Special Services for Gateway Regional High School. He has consulted and trained extensively with districts across New Jersey in both McRel and Danielson evaluation models. In addition, he conducts workshops on a variety of topics at both the K-12 and college levels.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Pre K-12 Educational School Services at Camden County College Presents:

Best Practices for Paraprofessionals

**SAVE
THE
DATE**

**JAN
24**

Date.... Friday, January 24, 2020

Presenter.... Dr. Jay Dugan

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 12:00 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

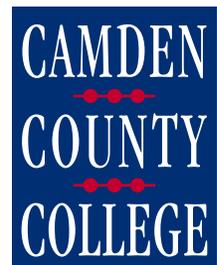

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Room TBD

The role of the teacher's aide has morphed into the role of the paraprofessional. This workshop examines how you can successfully work side-by-side with the classroom teacher. We will explore sub-topics that will enhance classroom and behavior management, the paraprofessional's teaching roles, and the methods that you can implement to help keep creativity alive in the classroom. All participants will have access to the presenter's e-mail address and the workshop slides, to ensure that coaching will be available long after the initial training has ended.

DR. JAY DUGAN has been an educator for over 40 years. He has been a public school teacher, curriculum supervisor, principal, and superintendent. Currently he serves as the Vice President of curriculum, instruction, and professional development for the charter school management company, CSMI. He also serves as an adjunct college professor at Rowan University. Dr. Dugan offers trainings, consultations, and keynote addresses across the state of New Jersey. He was inducted into the New Jersey Council of Education in 2015, and selected for the Rowan Alumni Board of Trustees in 2018.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Date.....Tuesday, January 28, 2020

Presenter.....Jennifer Grimaldi

Time.....Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.....\$149 (Registration fee includes a continental breakfast)

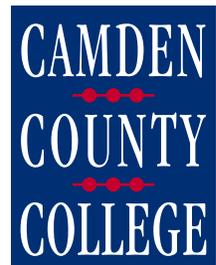

Location.....Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

Implementing the model is the best way to advocate for the profession and for your school counseling program – define what you do as a school counselor and how students are different as a result of what you do. This session is perfect for those ready to get started with a comprehensive school counseling program and is also a good refresher for those needing basic information. After attending the session, you will be able to: 1) Explain how implementing the model leads to stronger advocacy for your students and program, 2) Differentiate between direct and indirect services, and 3) Identify ways to share and use data with stakeholders.

JENNIFER GRIMALDI has over twenty years of school counseling experience in elementary, middle, and high school. She is the past president of New Jersey School Counselor Association (NJSCA) and has held various leadership roles in the field. Jennifer is currently the Director of District School Counseling at Washington Township Public Schools overseeing the PK-12 school counselors and student assistance coordinators, Section 504, Home Instruction, and School Climate.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Teaching the New Jersey Science Standards on a Shoe-String Budget

JAN

29

Date.....Wednesday, January 29, 2020

Presenter.....Harvey Gold

Time.....Registration - 8:00 am to 8:30 am
Workshop - 8:30 am to 12:00 pm

Cost.....\$149 (Registration fee includes a continental breakfast)

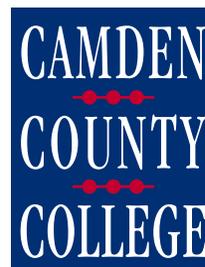

Location.....Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

Children are naturally curious, and often drive their parents to distractions by asking, "Why? Why? Why?" Curiosity is inherent in the scientific method. One challenge that teachers face is motivating students with demonstrations and lessons which address the New Jersey Student Learning Standards: Science in a way that is relevant, goal oriented, practical, and economical. Often the same demonstration (in terms of materials) can be presented to different grades by scaffolding the questions which the students must consider. A melting ice cube can be a curiosity in First Grade and a thoughtful exercise around both density and phase change in Fifth Grade. A selection of different brands of "white" copier paper transforms from a discussion about using descriptors correctly to an introduction to the electromagnetic spectrum. This course will address a wide range of curricula challenges using materials that can be purchased on a shoe-string budget at local discount stores. Attendees will have the opportunity to experience the lessons, to prepare classroom exercises for their own use, and to ask for assistance against challenges that they have or will face.

HARVEY GOLD, a native of Central New Jersey, obtained a BA in both History and Chemistry from Cornell University and a Ph.D. in Analytical Chemistry from the University of North Carolina at Chapel Hill. After graduate school, he was on the faculty at the University of Delaware for seven years before beginning a 30-year career at DuPont. While working at DuPont, he helped provide science training for teachers in Delaware as part of DuPont's support for the Next Generation Science Standards. Since retirement, Harvey has presented STEM and STEAM lessons to multiple groups in Delaware.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited. Professional Learning certificates will be distributed at the end of the session.

Workshop – 8:30 am to 1:30 pm

Cost.... \$149 (Registration fee includes a continental breakfast)

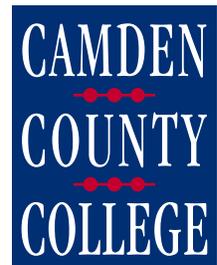

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

Want your students to lose interest quickly? Announce, "We will now review for the test." This workshop shows ways to add fun and interest to what many students see as boring instructor led monologue. I believe the less a teacher does – more student responsibility the better. That is the focus of this workshop. Some areas covered: numbered heads, games, yes/no answers only, quiz/no quiz, gallery walk, ambush and many more. Laugh and Learn!

ERNIE BRATTSTROM has been a committed educator for many years serving in a variety of educational positions. He is certified as a teacher of auditory handicapped, teacher of the disabled, speech pathologist, supervisor, principal, and chief school administrator. He is known for his innovative strategies designed to improve delivery of services for the general student population, special needs children and children at risk.

**Registration information to follow. Registration is limited.
For further details call 856-227-7200, ext. 4165.**

Professional Learning certificates will be distributed at the end of the session

An In-district Program to Support the Implementation of the Next Generation Science Standards

District Administrators, Directors, Principals, Supervisors

Are you confident that the teaching and learning of science and engineering in your school/district occur with optimal outcomes and reflect the instructional and conceptual shifts called for by the new science standards?

If your answer is *no* or *I'm not sure*, or *perhaps*, then consider partnering with Camden County College to ensure that your students, when developing their conceptual understanding of science and engineering:

- construct evidenced-based scientific explanations
- ask their own questions to drive their learning
- participate in scientific argumentation
- create models to explain scientific phenomena
- engage in the iterative process of engineering design
- actualize the nature of science inquiry, and much more!

When a school or district participates in this program a K-12 science educator with extensive experience and expertise in STEM education will work closely, during the 2018-19 school year, in-district, with teachers and administrators to ensure student success in science and engineering education.

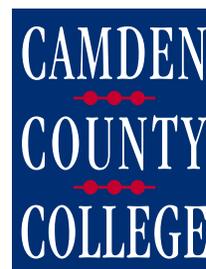

PROGRAM COMPONENTS: The following two components will be customized for your school/district.

- Professional learning workshops for teachers and administrators to enhance their understanding and actualization of the new science standards. **This component can be configured in a combination of various formats:**
 - Full day workshops (5 hour time frame)
 - Half day workshops (3 hour time frame)
 - After-school and/or PLC workshops (2 hour time frame)
- Class visitations to provide teacher support for the development and implementation of science lessons, with feedback for reflection and growth. This component can include 3, 6 or 9 class visits for each teacher during the school year.

PROGRAM COSTS

- Please contact the Educational School Services Center to discuss program costs based on your school/district needs.

For further details call 856-227-7200, ext. 4165 or email ssc@camdencc.edu.

In-District Programs for Language Arts, Literacy, and Science

No Professional Development Days? No Worries!

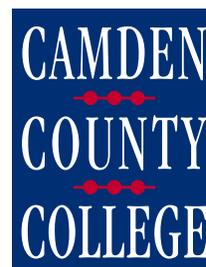

This ground breaking workshop can be brought right to the classroom with your students. You do not need a professional development day. Our presenter will demonstrate how to teach your students to write for any prompt. Teachers can be trained in their classrooms or in groups on the following:

- Core Curriculum Standards
- Close Reading Techniques
- Modeled & Guided Writing Strategies
- Unique Conferencing Strategies

These techniques and strategies will build student confidence and knowledge. Three 80 minute work sessions can be taught in grades 2 through 8 during a regular school day.

SPICE is a unique writing workshop that can easily be implemented in the classroom the next day.

**For additional information please contact us:
856-227-7200, ext. 4165 or
email ssc@camdencc.edu.**

2020 Live From Surgeries

From the first incision to the last suture, students can witness the excitement and drama of science in action. Through real-time interactive video conferencing with the hospital doctor and surgical team, students will have a front row seat to surgeries. We will offer Live From Surgery sessions on Kidney Transplants, Neurosurgery, and Robotic Surgery. We also have the option to offer Meet the Surgeon sessions, where students interact with individual surgeons who explore their surgeries and share their expertise.

LIVE FROM SURGERIES DATES TO BE ANNOUNCED

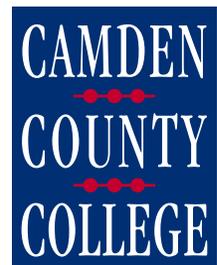

Cost \$40 per participant

Location Camden County College
200 College Drive
Blackwood, NJ 08012
Taft Hall, Presentation Room

It is our mission to provide accessible, affordable, and high quality educational opportunities to students. After your *Live from Surgery* event, Camden County College can provide students a tour of our extensive campus. If you would like to take advantage of this interesting and informative activity, please acknowledge it upon registering or contact us at ssc@camdencc.edu.

Use the attached registration form or for additional assistance, you may reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email one week prior to the workshop date.

Seating is limited.

Pre K-12 Educational School Services at Camden County College

REGISTRATION FORM

The goal of the Pre K-12 Educational School Services at Camden County College is to provide quality workshops, conferences, and other services to school districts in our regional area and across New Jersey. Through our service, your district or school will be able to access professional development at our locations or at your school district.

With the many State and Federal educational mandates and the desire to keep staff informed of the newest instructional strategies and research-based programs, the need for professional development is paramount. As part of our services, we can work side by side with district administration and staff in designing and offering effective programs.

In order to register, please complete the information below. Your registration will not be finalized until your school district supplies the appropriate purchase order or payment to accompany your registration material.

If you have any questions, please contact SSC@camdencc.edu or the School Services Center at 856-227-7200, ext. 4165.

Cost is \$149/attendee. Live from Surgery is \$40/participant.
