

Pre K-12 School Services Center at Camden County College

PROFESSIONAL DEVELOPMENT FALL 2022 COURSE CATALOG

Dear Colleagues:

The 2022-2023 school year is here! The School Services Center at Camden County College has been busy preparing to help you achieve success in your goals.

We have expanded the quality and number of presenters and workshops for the Fall Semester. There are currently 28 workshops being presented at the college between September 19 and December 8. In addition to this brochure, be on the lookout for our email flyers, especially one regarding our September 30 Primary Level Teaching Symposium.

Additionally, we have taken steps to expand in-district services. We are available, free of charge, to help you design your professional development plans for the entire school year and we can provide any customized training in your district at your specified dates and times. For districts seeking long term, sustained training, we provide a 10% discount for workshop “bundles” amounting to \$10,000 or more.

As you face state and federal mandates, new research and strategies, and the need to recover from two pandemic years, we understand your paramount need for high quality professional development. Always feel free to email us (ssc@camdencc.edu) or call our office (856-227-7200, ext. 4165) for assistance.

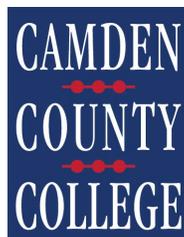

Thank you for your support and partnership. We look forward to working with you this school year.

Sincerely,

**Jay Dugan, Ed.D.
Executive Director**

**Peg Boyd & Nancy Silver

Teaching Math and Word Problems to ELLs in the General Education Classroom

**SAVE
THE
DATE**

SEP

22

Date.....Thursday, September 22, 2022

Presenter.....Dr. Darlyne deHaan

Time.....Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost.....\$149 (Registration fee includes a continental breakfast)

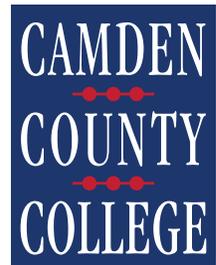

Location.....Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

Participants will learn how to create differentiated lessons based on cognitive demand and contextual support that will increase the potential for ELLs to acquire academic literacy in math, and reduce the linguistic difficulties associated with mathematical discourse while managing to avoid the many pitfalls that can occur during instruction.

DR. DARLYNE DeHAAN, International Keynote and presenter specializing in teaching English Language Learners in STEM content fields, founded Brain Based Science, a platform that helps educators & parents understand the brain's impact on social emotional development, instruction, and other learning.

**Registration information to follow. Registration is limited.
For further details call 856-227-7200, ext. 4165.**

Professional Learning certificates will be distributed at the end of the session.

Getting Off to a Good Start: Writing Useful IEP's

**SAVE
THE
DATE**

**SEP
23**

Date..... Friday, September 23, 2022

Presenter..... Calvin Cizek

Time..... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

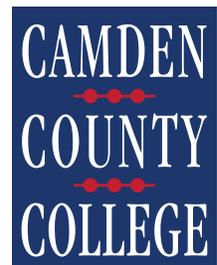

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Madison Hall, Room 101

In this workshop, participants will review writing useful IEPs. They will focus on the “three-way match” between present levels, goals, and modifications. Participants will learn to strengthen the clarity and overall effectiveness of their IEPs. Writing useful PLAAFPs, goals, and modifications, as well as transition plans will be discussed and modeled. This workshop is for elementary and secondary special education teachers.

CALVIN CIZEK has trained both teachers and administrators in several evaluation models across school districts for the last nine years. He has led numerous workshops on various teacher evaluation topics. Mr. Cizek served as a school administrator for 25 years and is currently an academic advisor and coordinator at Salem Community College.

Registration information to follow. Registration is limited.
For further details call 856-227-7200, ext. 4165.

Professional Learning certificates will be distributed at the end of the session.

Reading for Meaning - Grades 6-12

**SAVE
THE
DATE**

SEP

26

Date..... Monday, September 26, 2022

Presenter..... Terri Griffin

Time..... Registration - 8:00 am to 8:30 am
Workshop - 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

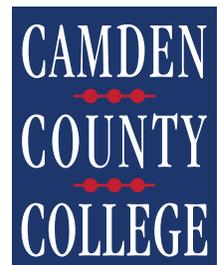

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Madison Hall, Room 210

Reading for meaning and thinking critically are essential skills for students to be successful when reading and in life! Participants in this workshop will learn strategies for teaching comprehension in literature and in content area readings. Some of the strategies from Beers and Probst, authors of *Reading Nonfiction*, will be utilized, modeled and practiced.

TERRI GRIFFIN is a reading specialist who spent 35 years teaching at all grade levels. She is an energetic presenter who now provides professional development in all areas of literacy. Terri is also a professor at Rowan University, working in the Education Department with undergraduate and graduate students. She has a passion for helping other teachers to grow in their profession in order to incorporate best practices in their classrooms.

27**

Date..... Tuesday, September 27, 2022

Presenter..... Dr. Jay Dugan

Time..... Registration - 8:00 am to 8:30 am
Workshop - 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

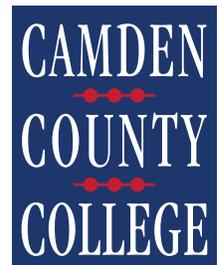

Following an entire year and a half of learning loss due to the pandemic, this workshop is geared towards reflection on how things are going at the halfway point of the 2021-2022 school year. Participants will have time to share what is working so far, and they will collaboratively work to solve what is not. The workshop will then focus on the best online and face to face teaching strategies and tools for regaining pre-pandemic achievement levels.

Audience: Great for all teachers, but essential for ESL, Special Education. Kindergarten, Grade 1, and /or all K-12 teachers who entered the teaching profession after 2019.

DR. JAY DUGAN has been an educator for 47 years. He has been a public-school teacher, curriculum supervisor, principal, and superintendent. Since 2004, he has served as an adjunct college professor and developed several courses for the College of Education at Rowan University. As the director of professional and curriculum development for New Jersey's Educational Information and Resource Center (EIRC), Dr. Dugan offered trainings, consultations, and keynote addresses throughout the state of New Jersey from 2004 to 2017. Dr. Dugan received the Leadership and Support Award from the National Board of Professional Teaching Standards in 2013. He was a founding member of the New Jersey Cooperative Educational Team (NJ CET), created in 2014. Dr. Dugan was inducted into the New Jersey Council of Education in 2015. From 2017 to 2021, he served as the Vice President of curriculum, instruction, and professional development for the charter school management company, CSMI. He was selected for the Rowan Alumni Board of Trustees in 2018.

As a teacher, you may know that “transfer of knowledge” refers to taking knowledge learned in one context and applying it to another. My books, *The WIN-WIN Book* and *The School-Sports Connection* are examples regarding the transfer of knowledge from team sports to school life and life in general. This workshop will cover: Influencer Excellence, and the four qualities of Commitment, Compassion, Confidence, and Composure. 12 Key Areas of Entrepreneurship: Goal-Setting, Planning, Organization, Time-Management, Skill-Development, Problem-Solving, Communication, Self-Presentation, Synergy, Leadership, Positive Systems Thinking, and the Spirit of Helping Others. Gamification, and its value in Education and Business.

TONY RUBBO has consulted to teachers from grades K-12, taught at the college level, and served on school boards. Tony has worked with youth and adults in sports, the performing arts, and the creative arts. He has brought the practice of meditation to thousands of people, and is the founder of Keyholder Meditation. Tony started professionally teaching meditation in schools to teachers and students, then businesses and sports teams. He continued with the performing arts, particularly acting and dance. Presenters..... Beth Godett

Time..... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

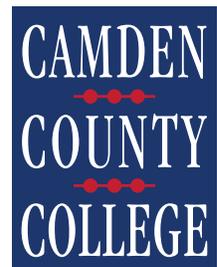

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Madison Hall, Room 213

Looking back at history through the lens of education law and policy, this seminar will engage participants in thinking about how they can instill equity as the lifeblood of their classroom and school culture. We will explore what equity means and how equity is different from equality. Using some of the most significant and timely court decisions, we will discuss the evolution of public attitudes towards education, as well as possible explanations for where the courts and the classrooms are today. Participants will share ideas and create a plan for activating their own agency and that of their students in creating learning environments where all are valued and challenged to grow.

DR. BETH GODETT, ED.D., J.D. is a former school teacher and administrator, having served districts in Pennsylvania, Massachusetts, and New Jersey. She is currently an adjunct professor of education law and policy. Her research, which has been shared internationally, includes studies of equity and access to education. Dr. Godett sees great value in making connections between the past and the present, believing that the best way to understand people is to share in their stories. Having been a teacher for many years, a principal, and, ultimately, a superintendent, she is well-versed in the foundations of public education and deeply committed to its continued importance as well as its evolution in response to the challenges posed by today's world.

Blackwood, NJ 08012
Connector Building, Room 353

Thanks to current research, we know what causes the greatest achievement levels in all students, regardless of grade level, subject area, or demographics. It is very likely, however, that these techniques were never taught to you while you were preparing to enter the teaching profession. This workshop will give you the nine most effective teaching strategies plus twelve checklist points that you can use, regardless of your teaching style. We will also explore the powerful impact that teacher-to-student relationships has on achievement, plus the effectiveness of both active and passive learning and when to use each one. Recent findings for culturally responsive teaching will also be helpful for those working with minority, urban, and at-risk students.

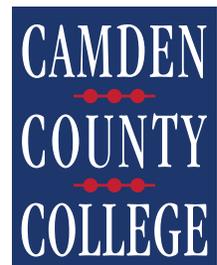

Audience: All K-12 teachers

The successful development of literacy skills has a direct impact on student learning and growth in reading and writing. This workshop will present teachers with best practices that will lead to student growth during whole group and small group instruction. The value of guided reading and how the teacher can effectively support each reader's development as well as the use of running record analysis to drive instruction will also be areas of focus in this session.

Students come to us with many experiences and identities that shape their engagement in schools. With the longstanding mental health effects of COVID-19 and racial injustice, this can potentially leave students behind academically and social-emotionally. This workshop will support educators in forming foundational knowledge about academic, behavioral, and emotional needs that are present in schools along with strategies for building an inclusive school/classroom culture that supports all learners.

DR. KARA IEVA is an Associate Professor in the Counseling in Educational Settings program at Rowan University. She also serves as the Director of Academic and Student Services for the STEAM Academy pre-college programs. She is a former Spanish teacher and school counselor in both the middle and high school settings. Kara's areas of research interest include counseling students P-20 in college and career readiness, with expertise in group counseling and supervision, and implementing social-emotional development into classroom curricula to aid with coping skills

Presenter..... Brent C. Elder, Ph.D.

Time..... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

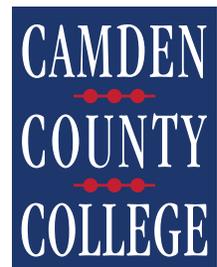

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Room: TBD

In this workshop, participation will be presented with best practices related to inclusive education, disability Studies in Education (DSE), and how to practically apply those concepts to create strength-based IEPs. Topics include Strength-Based Language; Person-Centered Planning; PLAAFPs and Benchmarked IEP goals; Action Plan meeting; IEP matrices; and In-class checklists and strategies. Participants are encouraged to bring laptops so they can work on such topics related to their teaching assignment.

DR. ELDER'S research focuses on the development of sustainable inclusive education practices in under-resourced schools. During the 2015-16 academic year, he conducted his doctoral research in Kenya as a Fulbright scholar. Dr. Elder has published in many journals including the *Disability & Society*, *International Journal of Inclusive Education*, and the *Journal of International Special Needs Education* to name a few. In the Fall, he will continue his work as a professor-in-residence at Bowe Elementary School in Glassboro and teach a PhD course on topics related to disability studies. When not teaching, he enjoys traveling, live music, and spending time with family.

This popular workshop will provide SPICE training demonstrating how to identify and apply skills needed to teach and enhance writing abilities at the elementary and middle school level. Language arts teachers, special education teachers and ELL teachers will learn a variety of techniques designed through years of practical use.

After a review of numerous compositional risks, participants will learn and practice unique assessment tools, skill application strategies for all prompts, test timing awareness and encouragement tips. The focus will be on teaching students to simply "Learn how to write" for any type of assignment or prompt. Writing with Spice builds life-long student skills, makes both the teaching and learning of writing skills less stressful and can be implemented immediately in the classroom.

MIKE DEVONO is a former teacher and an author of the book *Teaching Writing With Spice*, the definitive text to identify and apply the skill needed to track and enhance writing abilities.

I've brought the practice of meditation to thousands of people in education, business, sports, and the performing arts. Here are a few comments from people in one of my workshops for a leading global advisory firm regarding the value of the workshop and using meditation in their work life:

"Meditation would be helpful to get through the day and deal with all of the stress throughout the day."

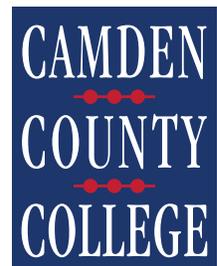

"Managing various personalities, challenges related to cultures, and characters."

"Multitasking and managing a family at a full-time job. Staying focused."

TONY RUBBO has consulted to teachers from grades K-12, taught at the college level, and served on school boards. Tony has worked with youth and adults in sports, the performing arts, and the creative arts. He has brought the practice of meditation to thousands of people, and is the founder of Keyholder Meditation. Tony started professionally teaching meditation in schools to teachers and students, then businesses and sports teams. He continued with the performing arts, particularly acting and dance. Implementing the model is the best way to advocate for the profession and for your school counseling program - define what you do as a school counselor and how students are different as a result of what you do. This session is perfect for those ready to get started with a comprehensive school counseling program and is also a good refresher for those needing basic information. After attending the session, you will be able to: 1) Explain how implementing the model leads to stronger advocacy for your students and program, 2) Differentiate between direct and indirect services, and 3) Identify ways to share and use data with stakeholders.

JENNIFER GRIMALDI has over twenty years of school counseling experience in elementary, middle, and high school. She is the past president of New Jersey School Counselor Association (NJSCA) and has held various leadership roles in the field. Jennifer is currently the Director of District School Counseling at Washington Township Public Schools overseeing the PK-12 school counselors and student assistance coordinators, Section 504, Home Instruction, and School Climate.

Blackwood, NJ 08012
Connector Building, Room 353

Many in the field of education feel that students in the lower elementary grade are "learning to read" and the upper elementary students are "reading to learn." While that has much truth as teachers are focusing on phonics more heavily in grades K-2, we cannot forget that "reading is meaning." The focus of this workshop will be on direct teaching of comprehension strategies and the gradual release model while using mentor texts. Students are never too young to learn to be active, engaged readers. Debbie Miller's *Reading With Meaning* book will be referenced.

TERRI GRIFFIN is a reading specialist who spent 35 years teaching at all grade levels. She is an energetic presenter who now provides professional development in all areas of literacy. DATE**

NOV

4

Date.... Friday, November 4, 2022

Presenter.... Calvin Cizek

Time.... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 11:30 am

Cost.... \$149 **(Registration fee is for two participants)**

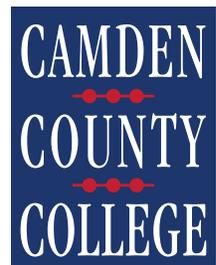

Location.... Camden County College
200 College Drive
Blackwood, NJ 08012
Madison Hall, Room 101

Transition plans should be one of the drivers of an effective and meaningful IEP starting at age 14 and older, but many times may not receive the attention they deserve. What their child is going to do after high school or after they age out remains one of the great sources of stress and anxiety among parents. Learn how to write meaningful, efficient, and useful transition plans and how to effectively integrate them into each child's IEP.

CALVIN CIZEK has trained both teachers and administrators in several evaluation models across school districts for the last nine years. He has led numerous workshops on various teacher evaluation topics. Mr. Cizek served as a school administrator for 25 years and is currently an academic advisor and coordinator at Salem Community College.

**Registration information to follow. Registration is limited.

8

Date..... Tuesday, November 8, 2022

Presenter..... Chinwe Osundu

Time..... Registration - 8:00 am to 8:30 am
Workshop - 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

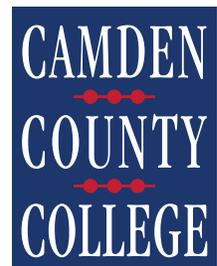

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Connector Building, Room 353

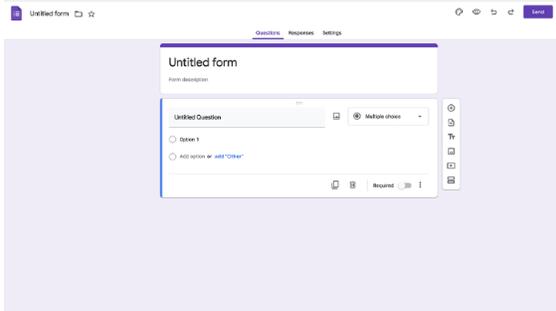

Children need to feel comfortable and confident in their dealings with fractions because it is the building block for other math skills. Participants will not only gain a deeper understanding of fractions, but they will also explore several physical and virtual manipulatives that increase engagement and a love of math. They will also leave with resources that can be implemented the next day.

CHINWE OSUNDU works as a Special Education Consultant at the New Jersey Department of Education. She is a seasoned, technically skilled, and award-winning educational professional with a proven record of accomplishment as an educator and educator leader. This session will equip educators with the tools they need to include, support, and engage all students in any mathematics classroom. These tools include strategies that boost understanding and reduce barriers to learning. Participants will get the opportunity to explore activities that provide access to all students irrespective of ability or disability.

The role of the teacher's aide has morphed into the role of the paraprofessional. This workshop examines how you can successfully work side by side with the classroom teacher. We will explore subtopics that will enhance classroom and behavior management, the paraprofessional's teaching roles and the methods that can be implemented to help keep creativity alive in the classroom. All participants will have access to the presenter's email address and the workshop slides, to ensure that coaching will be available long after the initial training has ended.

DR. JAY DUGAN has been an educator for 47 years. He has been a public-school teacher, curriculum supervisor, principal, and superintendent. Since 2004, he has served as an adjunct college professor and developed several courses for the College of Education at Rowan University. As the director of professional and curriculum development for New Jersey's Educational Information and Resource Center (EIRC), Dr. Dugan offered trainings, consultations, and keynote addresses throughout the state of New Jersey from 2004 to 2017. Dr. Dugan received the Leadership and Support Award from the National Board of Professional Teaching Standards in 2013. He was a founding member of the New Jersey Cooperative Educational Team (NJCET), created in 2014. Dr. Dugan was inducted into the New Jersey Council of Education in 2015. From 2017 to 2021, he served as the Vice President of curriculum, instruction, and professional development for the charter school management company, CSMI. He was selected for the Rowan Alumni Board of Trustees in 2018.

Date..... Friday, December 2, 2022

Presenter..... Jennifer Grimaldi

Time..... Registration – 8:00 am to 8:30 am
Workshop – 8:30 am to 1:30 pm

Cost..... \$149 (Registration fee includes a continental breakfast)

Location..... Camden County College
200 College Drive
Blackwood, NJ 08012
Madison Hall, Room 201

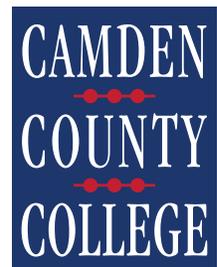

Align your comprehensive school counseling program with Multi-Tiered Systems of Support (MTSS) to work in tandem by providing a systemic, school climate-focused and equity-focused framework to support all students' academic, career, and social-emotional functioning. After attending this session, you will be able to: 1) Identify key components of the alignment between comprehensive school counseling and MTSS, 2) Explore school counseling practices to use at each tier to improve school climate, 3) Describe strategies for data collection and analysis.

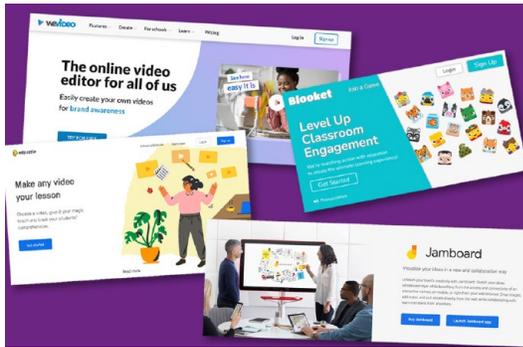

JENNIFER GRIMALDI has over 25 years of school counseling experience in elementary, middle, and high school. She is the past president of New Jersey School Counselor Association (NJSCA) and has held various leadership roles in the field. Jennifer is currently the Director of District School Counseling at Washington Township Public Schools overseeing the P-12 school counselors and student assistance coordinators, Section 504, Home Instruction, and School Climate/Social Emotional Learning.

Are you looking for new ways to provide meaningful participation and feedback for students in your classroom? This workshop will introduce resources such as Flip-Grid, We-Video, KAHOOT, Blookey, JAMBoard and Ed-Puzzle as ways to motivate student learning. Each technology tool will be modeled and participants will have an opportunity to ask questions as they explore these free online applications. Remember to bring a device to the training and learn new ways to incorporate technology into your classroom lessons.

BENJAMIN JOSEPH has been teaching in NJ Public Schools for 15 years. Recognized as a GOOGLE educator, a Project-Lead the Way Instructor, and a recipient of the Outstanding Teacher of the Year in 2018, Ben was featured on NJ Classroom Close-up "Books and Beyond". His experience as a Classroom Teacher, Media Specialist, Robotics Instructor, and STEAM Educator has given him opportunities to practice and explore creative ways to integrate technology in both virtual and in-person classroom settings. He values Collaboration, Communication, Critical Thinking, Creativity, and Good Citizenship as foundational skills in the 21st Century Classroom.

We know from research that there is a strong correlation between student engagement, and student achievement. What does it look like when a lesson is engaging the students? This workshop will not just define engagement, but will also provide no less than a dozen examples of engaging lessons that can immediately be transformed into activities that can be used in your own classroom. All participants will have access to the presenter's email address and the workshop slides to ensure that coaching will be available long after the initial training has ended.

Pre K-12 Educational School Services at Camden County College Presents:

2022-2023 Live From Surgeries

From the first incision to the last suture, students can witness the excitement and drama of science in action. Through real-time interactive video conferencing with the hospital doctor and surgical team, students will have a front row seat to surgeries. We will offer *Live From Surgery* sessions on Kidney Transplants, Neurosurgery, and Robotic Surgery. We also have the option to offer Meet the Surgeon sessions, where students interact with individual surgeons who explore their surgeries and share their expertise.

Live from "Kidney Transplant Surgery" Tuesdays or Fridays

Live from "Cardiac Classroom" Wednesdays or Fridays

Live from "Robotic Surgery" Mondays

Live from "Neurosurgery" Thursdays

PLEASE CONTACT US AT (856) 227-7200, ext. 4165 FOR SPECIFIC DATES

All surgeries are 2.5 hours long.

Cost \$40 per participant

Location Camden County College
200 College Drive
Blackwood, NJ 08012

It is our mission to provide accessible, affordable, and high quality educational opportunities to students. After your *Live from Surgery* event, Camden County College can provide students a tour of our extensive campus. If you would like to take advantage of this interesting and informative activity, please acknowledge it upon registering or contact us at ssc@camdencc.edu.

Register at: www.camdencc.edu/prek-12. For additional assistance, you can reach us at (856) 227-7200, ext. 4165. Confirmation, directions, and parking information will be sent via email prior to the workshop date.

Seating is limited.
