## Funding Year 2023 Special Request Grant Program Application

## CAMDEN COUNTY CULTURAL & HERITAGE COMMISSION At Camden County College

The Cultural & Heritage Commission maintains a limited portion of its budget for special requests. Special requests are for those situations in which a Camden County non-profit arts organization has never before applied to the grant program and/or due to extenuating circumstances was unable to meet the deadline or requirements. An organization can only receive a Special Request grant once, and future funding from the Commission must be sought through one of its other granting programs. The maximum amount that may be requested through a Special Request is \$1,000. Special Request grant funds are allocated on a first-come, first-served basis. Organizations are expected to provide a 1:1 match for Special Request Grant funds. Special Request Grant forms should be emailed to Miranda Powell: mpowell@camdencc.edu.
